

By Our Formula

We produce in Hood's Sarsaparilla a medicine that has an unapproached record of cures of Scrofula, eczema, eruptions, catarrh, rheumatism, anemia, nervousness, that tired feeling, loss of appetite, etc. The combination and proportions of the more than twenty different remedial agents contained in Hood's Sarsaparilla are known only to ourselves, so there can be no substitute.

This medicine makes healthy and strong the "Little Soldiers" in your blood,—those corpuscles that fight the disease germs constantly attacking you.

Reform.

"What will you do, Rivers," asked Brooks, "when they do away with the smoking cars?"

"I shall circulate a petition," answered Rivers, savagely, "demanding that the sewing gum cars be abolished!"

DETECTIVE ON STAND

Says He Was Employed to Watch Heney and His Men.

LAWYERS ENGAGE IN HOT ROW

Evidence Involves Names of Several Identified With San Francisco Graft Defense.

San Francisco, May 20.—Into the trial of Patrick Calhoun, president of the United Railroads, there was injected late yesterday an extraordinary chapter dealing with the uses and methods of detectives. John Helms, at one time the head of a private detective bureau in this city, narrated in detail, as a witness for the prosecution, the secrets he claims to have learned during his term of employment as an agent of the United Railroads. His testimony, which relates to an early period in the history of the graft prosecution, already involves the names of several persons more or less prominently identified with the defense, and there is a promise of more revelations when he resumes the stand today.

Helms had scarcely started his narration when there ensued, a legal wrangle that has had no parallel in the five months that have elapsed since the trial was commenced. Five of the defendant's attorneys protested against the admission of Helms' testimony and counsel on both sides, with flushed faces and voices raised to an angry pitch, were engaged in a legal battle that was waged for nearly an hour. Judge William P. Lawlor finally admitted the evidence.

Helms testified that he had come to this city in response to a request by Attorney Louis Hoefler early in May, 1907, at which time the first trial of Tiley L. Ford, counsel for the United Railroads, had been commenced. Mr. Hoefler, he said, instructed him to watch everything done by the prosecution and report the information so gathered. Assistant District Attorney Francis J. Heney attempted to learn what persons were shadowed by Helms, but the court sustained an objection.

H. H. ROGERS DEAD.

Was Active Lieutenant of Rockefeller in Standard Oil.

New York, May 20.—Henry H. Rogers, vice president of the Standard Oil company, moving spirit in the organization of the Amalgamated Copper company, builder of railroads and philanthropist, died at his home here yesterday, of apoplexy.

Death came a little more than an hour after Mr. Rogers had risen for the day, mentioning to his wife that he was feeling ill. Mr. Rogers was 69 years old.

Mr. Rogers had been in poor health since he suffered an apoplectic stroke in 1907, and was almost constantly under a physician's care. His death, however, was a great shock to his family and business associates, as Tuesday and Tuesday evening he was cheerful and apparently normal.

MAY OUST MEHEMME.

Young Turks Plan to Alter Succession Rule to Throne.

Constantinople, May 20.—If legislation favored by the Young Turks meets the approval of the parliament, the time honored Turkish law of succession to the throne may be annulled.

According to the present law, on the death of the monarch the crown goes to the senior descendant of the founder of the dynasty. This procedure almost invariably results in the raising to power of an elderly or failing man. The Young Turks want young, energetic and virile rulers. They want adopted the general European law of succession that provides for the coronation of the senior son of the former monarch.

Heavy Cherry Shipments.

Stockton, Cal., May 20.—Immense quantities of black tartarian cherries are being shipped to the East from Northern San Joaquin county orchards and growers throughout the valley are reaping large profits. The fruit this year is of excellent quality and the crop is unusually heavy. The tartarian crop probably will be exhausted within 10 days, but at the end of that time the Royal Anns will be ready for shipment. The present fancy prices are expected to hold for at least a week.

To Prevent Tuberculosis.

Hamilton, Ont., May 20.—With an attendance of medical men, health officers and other representatives of the chief cities of the dominion, the ninth annual meeting of the Canadian association for the prevention of consumption assembled in this city today for a two day session. At the afternoon session the principal feature was an address by Dr. White, of Pittsburg, on "The Duty of Municipalities in Reference to Tuberculosis."

Fall 350 Feet. Still Live.

Reno, Nev., May 20.—One man suffered a fracture of a leg, while two companions were only slightly bruised and shaken when a lift in the shaft of the Quartette mine broke today about 10 feet from the opening, precipitating the three miners to the bottom, 350 feet below. Twelve feet of water in the bottom of the mine prevented all three from being killed.

CZAR PARDONS TWO.

Sentences on Admiral Nebogotoff and General Stoessel Revoked.

St. Petersburg, May 19.—The czar today ordered the release of Admiral Nebogotoff and General Stoessel, who were confined at the fortress of St. Peter and St. Paul, under sentences of life imprisonment. Nebogotoff surrendered his fleet to Admiral Togo and Stoessel surrendered Port Arthur during the war with Japan. They were tried for cowardice, and imprisoned for life after the close of the war. Stoessel is believed to be dying and Nebogotoff is very sick. While the illness of the pair was given as the reason for the czar's pardon, it is known that popular agitation along other lines had a certain bearing upon the case.

There has been an unusually strong undercurrent of unrest for some time, and the imprisonment of the officers was used as a shield by certain agitators.

Another line of attack made on the government is criticism over the recent appropriation of 80,841,000 roubles for improvement of the army, while no steps have been taken for the relief of the thousands of persons who are starving to death in the Kieff district. Dispatches are received every day telling of frightful famine conditions in that district, but as yet no action has been taken by the government.

GENERAL STRIKE IS CALLED.

Appeal of French Revolutionists Fails to Aid Postmen.

Paris, May 19.—The efforts of the revolutionary labor leaders to bring about a general strike of affiliated unions in support of the postal employees was without result up to midnight. An appeal to the workers of France to come to the aid of their comrades in the postal service with a general strike was issued by the federal committee of the postal employees and plaudered throughout Paris during the night.

A sensation was caused by the discovery at the central postoffice of a mysterious package resembling an infernal machine. It was carried to the municipal laboratory and opened under water. The package contained a decayed lobster.

The committee of the General Federation of Labor today decided to ask the postmen to return to work, but with the assurance that the General Federation of Labor would begin the organization of a series of manifestations in different branches of industry, to emphasize the general claims of the working class.

UNCLE SAM AS AUCTIONEER.

Smuggled Finery to Be Sold Under Hammer in June.

New York, May 19.—The government's much heralded sale of costly smuggled gowns will start June 1, when the contents of one trunk, containing 67 shirtwaists, will be offered at auction. These waists, appraised at from \$50 to \$300 each, are said to be among the finest produced in Paris in many years.

Trunk No. 2, the contents of which will be offered for sale on June 4, contains 30 magnificent lace waists, each one described as a "dream," and not one appraised at less than \$200. In trunk No. 3 there are 49 princess gowns, the minimum appraisal being \$250. They will be offered at auction on June 8. Forty-three princess costumes in trunk No. 4 will be offered at auction on June 10. Among these are several dinner gowns, appraised at \$1,000 and more. On June 12 the shirtwaists in trunk No. 5 will be offered at auction. The total appraisal of the smuggled gowns was \$520,000.

Wireless Phones for Harriman.

Omaha, Neb., May 19.—Dr. Miller, the electrical wizard of the Union Pacific, is working upon a wireless telephone system that he hopes to have installed upon all the lines of the Harriman system west from Omaha. He has been given carte blanche and has the preliminaries well in hand. Copper wire will be laid along the track and in the baggage car will be a high frequency machine with power furnished by the engine. This will agitate the sound waves, and instruments in the general offices will gather them.

One Man Can Sink Fleet.

New Orleans, May 19.—If the device for the destruction of protected magazines aboard battleships and in forts, devised by H. A. Folk of this city, is practical, modern warfare will be revolutionized. Folk claims to have discovered a way by which magazines in vessels miles distant can be exploded by a wireless spark set off by an operator in a tower on the shore. He claims that one man can destroy an entire fleet within a very few minutes.

Czar 41 Years of Age.

St. Petersburg, May 19.—In the seclusion of the imperial palace at Peterhof Emperor Nicholas passed his forty-first birthday yesterday. The customary official observances of the anniversary were held, but owing to the tendency of the authorities to suppress any public gatherings or demonstrations of whatever character, there was no popular celebration of the day.

Japanese Strike Broken.

Honolulu, May 19.—The strike of the Japanese plantation laborers is apparently losing ground. More strike breakers than could be used at the plantations offered themselves today and the employers have decided to order the strikers either to return to work or leave the Honolulu and Oahu plantations.

RAILROADS ACCEPT

Will Reduce Rates to Conform to Spokane Decision.

AVERAGE CUT OF 15 PER CENT

Decide Not to Appeal Spokane Ruling, but Will Stand Loss to Save Trouble.

Chicago, May 18.—The Record-Herald says:

A new freight rate schedule from all the territory east of the Missouri river to all the Western cities not located on the Pacific coast will go into effect on the transcontinental lines July 1.

The new rates will be based upon the rates which the Interstate Commerce commission ordered the railroads to put in from St. Paul and Chicago to Spokane and will be an average reduction under the present rates of about 15 per cent.

The railroads decided to do this instead of fighting the order of the commission in the courts.

One of the officials who are attending said:

"The railroads have decided to try to carry out the principle announced by the commission in the Spokane rate decision, instead of appealing to the courts to prevent such a reduction in our revenue."

REWARDS TOTAL \$68,000.

Sleuths Flock to Spokane in Search of Train Robbers.

Spokane, May 18.—Responding to the offer of rewards aggregating \$66,000, offered by the Federal authorities and the railroad company for the capture and conviction of the robbers who held up and plundered a Great Northern train near Spokane, detectives are gathering here from many places. Several arrived from Denver, and the Pinkerton force here has been increased to 25.

Spokane police believe the robbers made their way into Spokane and a close watch is kept on the saloons and lodging houses. A number of detectives are working on the theory that the desperadoes are hiding in the mountains back of Colbert.

Police and railway men say they do not believe that Charles McDonald, the notorious train robber who broke jail in Helena, Mont., while awaiting trial for holding up a Great Northern train at Rondo, Mont., shared in last Saturday's crime. They say McDonald would not be likely to again invade territory in which he is known to so many persons.

GROWL AGAINST KAISER.

Extravagance of His Welcome Angers Austrian Taxpayers.

Vienna, May 18.—This city is echoing with gossip and comment in connection with the visit of Emperor William. It is agreed that the welcome of the august visitor was outwardly hearty and that the decorations were on a scale quite disproportionate to the brief and incidental character of the visit. Indeed, the extravagance of the municipal authorities has aroused the indignation of the already overburdened taxpayers.

As to the real inward welcome of the kaiser, there is less certainty. Despite glowing panegyrics of the Viennese newspapers and their asseverations of gratitude for Germany's support in the dark days of the Balkan crisis, coupled with declarations that the future interests of the two empires will be still more closely united, politicians are afraid that Austria has given Germany a heavy mortgage on her future. Austria may be forced to join Germany in any foreign policy the latter chooses to adopt.

Prosperity at Pittsburg.

Pittsburg, May 18.—Announcement was made here tonight that 35,000 employees of iron and steel companies having headquarters in this vicinity will receive an advance in wages averaging 10 per cent the first of June or the first of July. The United States Steel corporation has made no announcement of an increase, but it is said the Jones & Laughlin Steel company, the Republic Iron & Steel company and other independent concerns could restore the wages paid prior to the first of last April.

Prohibit Public Drinking.

Colorado Springs, Colo., May 18.—An additional precaution to insure the carrying out of the wishes of the "dry" element of Colorado Springs, victorious in the recent local option election was supplied tonight in an ordinance presented to the city council by City Attorney C. W. Dolph. By its provisions drinking liquor in any public place, including the hotels and restaurants of the city, is a misdemeanor, punishable by a fine of \$100 to \$300.

Railway Travel Growing Safe.

Chicago, May 18.—According to a report made public by the Pennsylvania lines, the system carried 141,659,543 passengers over 23,000 miles of rails without the loss of life to a single passenger train from train accidents during 1908. The number of passengers injured throughout the year was 102, a decrease of 81.6 per cent from the casualty list of 1907.
