SOME OF THE SPECIAL PRIZES

FAIR COMMITTEE "ON THE JOB" WITH A VIM AND MANY RESPOND.

That the fair committee is strictly "on the job," and that practically the whole county is responding to the hard work and excellent soliciting that is being done, is patent to any one who will call at A. C. Miller's office and hear the people talk fair. The special cash premiums that are being offered by many will open the eyes of the contestants wide. Just to mention one or two at this time, the following will be of interest:

Jay Dobbin and neighbors will give a cash prize of \$35.00 to the contestant who harnesses and hitches to a wagon a four-horse team the quickest and with the neatest hitch. Everything by way of neatness will enter into the winning of the premium. That is, the buckles must be all properly buckled, the lines and various straps untwisted, and everything about the act complete and neat.

W. C. Dorrance will offer a cash prize of \$25.00 to the girl under 18 years who will bake the best pan of biscuits, and do it the quickest. The mixing of the dough and putting the biscuits in the pan and the baking of them, must be done on the ground, in full view of the spectators. This is an excellent prize and the fact that it will be competed for on the fairgrounds before all who care to see it, adds to the general interest. Moreover it gives the girls of Wallowa county under 18 years an opportunity to win \$25.00 cash.

Our up-to-date creamery man, J. W. Bickford, will give a cash prize of \$25.00 for the best milk cow on the ground. The cow is to be milked on the fair grounds and the milk tested there, and the percentage of butter fat there obtained. This will interest every dairyman in the county.

Scores of other special prizes will be given for scores of other attractions. These special prizes will be given to the readers of this paper from time to time. Watch for them. Every one will be an opportunity for some one in the county to win a big handful of money.

K. OF P. INSTALLATION LAST FRIDAY NIGHT.

The Enterprise K. P. lodge installed officers last Friday night as follows: W. E. Taggart, G. M. Gaffey and C. M. Lockwood holding over; C. C.—G. W. Franklin, V. C.—H. L. Browning, Prelate—Henry A. Thomas, K. of R. and S.—W. E. Taggart, M. of F.—G. M. Gaffey, M. of E.—C. M. Lockwood, M. of W.—T. M. Dill, M. at A.—S. F. Pace, I. G.—Geo. Law, O. G.—Fred Zumwalt.

The installation was held in Fraternal hall.

New Town Plat Is Now Accepted

Lostine Townsite Struggle Culminates in Plat That is Recorded.

The struggle over the new townsite at Lostine has resulted in the platting of a new town, to be known as Evans, near the O. R. & N. station there. The plat was presented to the county clerk, and accepted. The county clerk was ordered to record the plat.

Considerable effort has been expended, pro and con, over the matter by Lostine residents. Just what effect, if any, the new town of Evans will have upon the city of Lostine remains to be seen, although to the casual observer the most logical outcome will be the growing together of the two places. Anything that aids in the settlement of the one will aid in the settlement of the other.

G. I. Ratcliff is closing out his entire stock of musical instruments, consisting of organs, violins, guitars, banjos, accordians, etc., at cost.

ROAD MATTERS ARE HEARD

JOHN ANTHONY ROAD STILL HEDGED BY CONTENDING INTERESTS.

The most important matters up before the county court this week, at least so far as many of the ranchers are concerned, were those pertaining to the several new roadways that have been projected. Among these the O. F. Mays road at Lostine was ordered opened. The E. H. Tutley road near Wallowa was ordered opened. The G. F. Lindley road at Flora was ordered opened.

John Anthony Road.

The John Anthony road is still in the throes of its struggle. The gist of the matter is that the ranchers wish the road opened while the Palmer Lumber company make the claim that opening the road will injure their lumber property to the extent of some \$5,000. Up for hearing before the county court, the lumber company's interests were represented by Attorney Jno. S. Hodgkin of La Grande and the ranchers' interests were maintained by Attorney D. W. Sheahan of this city. The viewers' report was accepted and the final order relating to the road was continued.

The John McDonald road near Wallowa was also heard. The viewers' report was accepted and the final order continued.

ORATORS OF THE DAY IN WALLOWA COUNTY.

Circuit Judge Knowles was orator of the day at Joseph, the Fourth of July, and delivered one of the strongest addresses on the theme of national liberty that ever has been delivered in the county. The judge's pleasing manner as well as his natural eloquence and ready speech is well known, but in his Fourth of July discourse he was at his best and did himself proud.

Hon. J. P. Rusk, accompanied by Mrs. Rusk, attended the celebration

SHOOTING SCRAPE HAS HEARING

BOTH PARTICIPANTS BOUND OVER—ONE MAN AS PROSECUTING WITNESS.

The shooting scrape between Henry Aldrich and Jesse Halley, July 3, at the lake, resulted in a preliminary hearing Wednesday, after which Henry Aldrich was bound over in the sum of \$1200 to await the action of the grand jury, and Jesse Halley was placed under \$500 bonds as a prosecuting witness. Both men were brought to Enterprise.

Two Games at Joseph Played

Rain Interferes With One Game—Enterprise Wins the Other Hands Down.

Two games of ball, one last Monday and one last Wednesday, were played between the Enterprise and Joseph league teams, at Joseph. Monday's game was stopped by rain in the fifth inning, when the score stood 3 to 2 in Joseph's favor. The end of the game, of course, would have found the score turned about, and with ease, as was verified by the second game, played Wednesday.

In Wednesday's game the Enterprise team arrived there in an auto, and although it was late when the game was called, the Enterprise team came forth victors to the extent of 15 to 2. The score merely prophesies what the score would have been in Monday's game, had it been played to the finish. But, of course, Joseph was not responsible for the rain, while she was strictly responsible for the fifth inning score of 3 to 2 in her favor—and we can all be happy over it.

Sunday the Enterprise team meets La Grande at La Grande. That we will win the game, every Enterprise fan believes. That we won't is said to be sort of suspicioned by all the La Grande fans. Well, we'll win, any way.

RANCHERS TAP SILVER CREEK FOR WATER.

W. C. Murray has just returned from a trip over the mountains where he and some of his neighboring ranchers on the Slope have surveyed a water way from Silver Creek, through a canyon to this side of the range. The object will be to tap Silver Creek and put the water on this side for irrigating purposes. Mr. Murray found that the matter could readily be effected, and work was begun, as stated, the survey having been made.

BURNED OVER TIMBER MAY BE MADE USEFUL.

Portland, July 5—The outcome of an experiment to be tried with burned over timber in Coos County by the Santa Fe railroad will be watched with interest throughout the Pacific Northwest. If successful, it will mean that large areas of forest, formerly considered useless, will become valuable for the burned-over timber yet remaining. The Santa Fe has contracted for 1200 cedar piling from such a tract in Coos county. If the charred piling proves a success much more of the same material will be bought by the Santa Fe and a wide market will be found for this now apparently worthless timber.
