OBJECTION RAISED TO ROOSEVELT SPEAKING

Invitation to Address Cornell Students Protested by Democrats in Faculty.

New York.—Some idea of the bitterness of the political fight in this state may be gained from the fact that a tentative invitation to Colonel Roosevelt to address the students at Cornell University at Ithaca Monday aroused protest among the Democratic members of the board of trustees and faculty of that university.

The invitation was extended by Dr. Andrew D. Waite, ex-Ambassador to Germany and first president of Cornell. When it was announced that the Colonel would visit Ithaca on his tour of the abandoned farm region, Dr. Waite conceived the idea of having him speak to the students. Democrats on the board of trustees and the faculty immediately protested. They were joined if not originally inspired, by the members of the Democratic county central committee.

The Democrats of the Congressional District are making a hard fight to defeat Representative Dwight, Republican "whip" in the last House, for reelection. They are extremely "touchy" upon any subject involved in the political situation.

Dr. Waite is an old friend of Mr. Roosevelt. He has always been very close to the Colonel, both as President and private citizen, but it is not thought that he had anything of the nature of a political address in mind when he asked Mr. Roosevelt to speak. The invitation merely suggested a 10-minute talk to the students.

Japanese varnish stains, removed at Burnham & Mayfield.

WELLMAN IS UNDAUNTED.

Aeronaut Ready to Try Flight of Atlantic Ocean.

Atlantic City.—Walter Wellman and the five men who attempted to cross the Atlantic in a dirigible balloon were given an enthusiastic welcome on their arrival here. While he made no definite announcement concerning

WALTER WELLMAN.

his acceptance of the offer of the hotel men who backed the American enterprise, Wellman, as well as the other men who made the trip, declared they were ready to try the hazardous voyage again in a specially constructed dirigible.

Big Aviation Meet.

New York.—The greatest aviation meet ever held opened at Belmont Park, Long Island, Saturday, and will continue for eight days. Thirty aviators and about 40 aeroplanes were on hand. The most important event will be the 100-kilometer race for the Gordon Bennett international aviation cup, which carries with it a cash prize of \$5,000.

FEDERAL TAXES ARE EVADED BY INTERESTS

Income Compared With Earnings Indicates Profits Are Concealed.

New York.—A nationwide scandal may result from the manner in which the corporation tax law has worked out. With the official announcement by the treasury department at Washington that the total amount paid in as a result of the tax is only a trifle more than \$27,000,000, Wall street financiers are convinced that an extremely clever job in hiding profits has been carried out by somebody.

This Federal tax is 1 per cent of the net yearly incomes of all corporations from all sources over and above \$5,000, exclusive of all amounts received as dividends on the stock of other corporations subject to the tax.

The two biggest concerns in the country, the Standard Oil company and the United States Steel corporation, have paid into the government more than \$2,000, or about one-thirtieth of the entire tax.

The big railroads alone should have paid in as much as the total tax receipts amounted to, in the opinion of financial experts, and there is wonderment as to why the receipts from this source should be so small. The general belief is that the "big fry" corporations have so formulated their earnings as to show an apparent deficit for tax purposes.

PHILADELPHIA WINS WORLD'S SERIES

Chicago.—The baseball championship of the world belongs to the Philadelphia Club of the American League. Five games were played and the East erners took four of them by outbating, outfielding and outstriving the veteran Chicagoans. They got the "jump" at the start, and although Chicago punctured their progress with a defeat, it really did not change the situation a bit.

The Philadelphians won the American League banner in 1902, but there was no world's series that year. Five years ago, the New York Nationals were too strong for them. So in this year of grace, it was put on the boards that they were to be denied.

While the series was not the most profitable ever played, the players' share of the money amounted to \$73,071.93. Of this, 60 per cent, or \$47,446.15 goes to the winners and \$25,628.77 to the losers. As there are 23 players on each team eligible to participate, each of the Philadelphians is entitled in round numbers to \$2062 and each Chicagoan to \$1375.

CUBAN GENERAL IS SHOT.

Member of Secret Police Wounded Guerra in Leg; is Captured.

Havana.—An attempt was made to assassinate Major-General Pino Guerra commander of the Cuban army.

General Guerra was leaving the presidential palace, when he was shot in the leg and seriously wounded. A sentry on guard at the palace gate also was shot, the bullet striking him in the breast. The assailant, who was captured, proved to be a member of the national secret police.

Darrow May Defend Dietz.

Portland.—Clarence Darrow, the Chicago attorney who defended Meyer, Haywood and Perlman, will take charge of the defense of John Dietz, the defender of Cameron Jam, who is charged with murder in the first degree. Shortly after his arrival in Portland, Darrow told a friend that he had been asked to take charge of the case and had accepted by tele graph.

TO TRY POSTAL BANKS

Washington.—The board of trustees of the Postal Savings Bank system has approved a list of 48 second class post offices at which the plan will receive first trial. Owing to the smallness of this appropriation, it has been impossible to establish postal saving banks the first year in the large cities. The offices designated include Coeur d'Alene, Idaho, Klamath Falls, Oregon, and Olympia, Washington.

WILLIAM L. CUNDIFF.

Speaker Cannon's Opponent in Illinois Election.

NEWS OF NOTED PERSONS

David Bennett Hill, the noted New York democratic politician, recently died at the age of 67.

Former Senator Foraker, in opening the republican campaign at Louisville, Ky., denounced the New Nationalism of Theodore Roosevelt as "treasonable as secession itself."

Sarah Bernhardt sailed on the steamer Provence from Havre to tour America.

Marvin Hughitt, for nearly 24 years president of the Chicago & Northwestern railway, gave up that position to become chairman of the board of directors.

Edgar Allen Poe is at last in the Hall of Fame. Years of effort on the part of staunch supporters to have his name added to the list have been rewarded.

A gift from J. P. Morgan of \$100,000 to the campaign fund for the world's conference on church unity served as a fitting climax to the greatest convention in the history of the Protestant Episcopal church at Cincinnati.

Mrs. Frances Folsom Cleveland, widow of President Cleveland, has been named by Governor Fort of New Jersey, as one of the commissioners to manage the Women's Reformatory in that state.

Rates in May.

Washington.—Coincidentally with the announcement that the order made in the Reno freight cases will be made effective December 1, it was announced also by the interstate commerce commission that the orders to be issued in the Spokane case, the Seattle, Tacoma and Portland haul cases, and the Phoenix case will be made effective May 1 next.

ITEMS OF INTEREST THROUGHOUT OREGON

Chronicle of Important Events of Interest to Our Readers.

Surveying Harney County Lands.

Burns.—The government parties surveying the townships in the southern part of the county are making fine progress and several new townships have been surveyed, which will open up a new territory for 320-acre homesteads. Camp No. 2, under Roy T. Campbell of The Dalles, has the most difficult to do, as the party is surveying Steins Mountains, 20 miles up the Blitzen river, where there are no roads to speak of, and their supplies are brought to camp on pack horses from the P ranch. The territory covered by this party is the most difficult to survey in Oregon, as it is all mountains and canyons. No one lives in that section but stockmen, and there is found the best summer range in the state for horses, sheep and cattle.

Dam to Cost \$150,000.

Lakeview.—During the year the Oregon Valley Land Company has expended \$300,000 on irrigation works in the Goose Lake valley during the last summer. Aside from the flume work practically the whole 35 miles of canal from the Drews creek dam to Thomas creek is completed. The Henston Construction company has a few hundred yards of canal to complete and several other small sections are still unfinished, but all told there remains probably less than a quarter of a mile of canal to finish. As to the flume considerable of the piling is in place, and in Drews Canyon the lumber is on the ground for a considerable distance and a force of men is engaged building it. It is 12 feet wide and 6 feet in depth in the clear.

Salmon Industry Looks Bright.

Salem.—Though the season had fairly opened September 30, when the last report of Master Fish Warden R. E. Clanton was closed, in that report filed with the governor, the master fish warden says that more licenses had been issued for the different kinds of gear, cold storage plants and canneries than ever before in the history of the fisheries department in this state, and the prospects for the coming season are very bright for the salmon fishing industry.

BIG BALLOTS PRINTED

The Enterprise Press has completed the printing of the election ballots for the 20 precincts of Wallowa county. The ballot is 16 inches wide and 23 inches long and nearly 7500 are required to comply with the law requiring two for each vote cast at the last general election.

The ballot will be printed entire in next week's News-Record and Chief-Tain.

Mr. and Mrs. Robert W. Reist and daughter Edythe of Portland were over Sunday guests of Mr. and Mrs. Charles Hug.

Sat. Special, Oct. 29, 6 pkgs. Schillings Soda 25c.
