WHY THE LEGISLATURE?

We have received the legislative calendars dated January 26. Up to that date there had been 216 bills introduced into the House, 52 resolutions, 19 concurrent resolutions, 7 joint resolutions, 4 joint memorials, and in the Senate, 166 bills, 32 resolutions, 14 concurrent resolutions, 7 joint resolutions and 4 memorials, a total of 521 separate propositions for the consideration of that body. And probably many more before the close of the session. Out of all that mess, except the regular appropriation bills, and possibly two or three others, there is not enough of importance to warrant the salary of one member.

A glance at their titles show the majority of them to be digs at the state treasury, and most of the remainder amendments to the code.

Probably to increase the number and importance of technicalities in the administration of law, in the interest of delay and costs of suits. The more one examines these calendars, the more insistent becomes the question—Why the legislature?

LEGISLATORS FINED.

Speaker Jerry Rusk is stirring up the animals at Salem. It was the custom of politician stripe of legislators to adjourn Friday to Monday, and go down to Portland to see the bosses who sent them to Salem, get approval for the past week's work and orders for the coming week. No serious legislative work was done on Fridays or Mondays, leaving but three days work a week.

Under the new order of legislators being responsible to the people for their nomination and election there is no need of that long adjournment, and Speaker Rusk is trying to stop it. The peanut politicians tried it last week, and the motion falling they ran off just the same but on Saturday they were ordered arrested and fined \$5 for absence without leave.

Rusk has the funny idea that legislators are sent to Salem to work, and peanut politicians who have always looked upon a session as only a junket or chance to hold something or somebody up, are nearly beside themselves with mingled rage and apprehension.

SHERIFF'S EXPENSE MONEY.

The bill introduced by Senator Oliver in regard to the expenses of the sheriffs of Wallowa and Union counties, provides for the payment of only the actual expenses of the sheriff and his deputies incurred in the service of process within the counties, not to exceed \$600 in any one year, the same to be audited and allowed by the county court.

At present the sheriff of this county must pay all his own expenses in the service of process within the county. The other way will no doubt make for efficiency of service, though this county just now happens to have a sheriff who would serve the papers, and make the arrests if it took every dollar of his salary.

A word of encouragement at the right time is of more real worth than an ounce of gold. It is more nourishing to the soul than meat and drink to the hungry. It is better stimulant than the richest wine, and the strongest lever to lift from the ruts of despondency. Many a poor overworked wife is pining for a word of sympathy from her husband. Just one word, one look, to show that the toil of weary hours are appreciated, and the light reflected more than recompense he gives.—Puyallup Republican.

Work is a moral and physical uplifter; it is a panacea for sorrow; idleness brings moral decay and furnishes an incentive to crime. The avalanche of crime that is sweeping over our land is largely due to the fact that too many would rather steal than work. The life of duty, not the life of mere ease or mere pleasure, is the end of life which makes the great men and women. The best prize that life offers is the chance to work at work worth doing.—Asotin Sentinel.

Millions of dollars worth of cold storage products dumped on Eastern markets is playing havoc with high prices, butter especially. But it is likely to be lower during the next few months than for many years at this season.

Senator Oliver's bill fixing the times of holding circuit court in his district, changes the terms in his county to the second Monday of May and the third Monday of November of each year.

President Taft is in earnest about the Canadian reciprocity treaty and the standpatters are astounded at his firmness. Taft had better watch out or he will be getting himself popular with the people.

ATTACK LIKE TIGERS.

In fighting to keep the blood pure the white corpuscles attack disease germs like tigers. But often germs multiply so fast the little fighters are overcome. Then see pimples, boils, eczema, salt-rheum and sores multiply and strength and appetite fall. This condition demands Electric Bitters to regulate stomach, liver and kidneys and to expel poisons from the blood. "They are the best blood purifier," writes C. T. Budahn, of Tracy, Calif., "I have ever found." They make rich, red blood, strong nerves and build up your health. Try them. 50c at all druggists.
