FOR CONGRESSMAN.

The Battle Is Now On Up in Linn County. FROM OTHER COUNTIES.

Mr. Hermann Seems to Be Still in the Lead.

IN LINN COUNTY. The Republican county convention is held today (Mar. 2) and will be one of the most exciting in history.

THE REPUBLICAN COUNTY CONVENTION. A big medicine man fresh from the Alaska Indians, wants to be dictator of the republican party in Linn county.

HERMANN'S MANAGERS FEEL SURE OF PART OF THE VOTE OF LINN COUNTY, BUT DO NOT KNOW HOW MUCH.

Whereas, Owing to the general depression in the finances of the state, and the low price of commodities sold to pay taxes and the unjust principle of taxing the whole for the education of the few.

Resolved, That no more money be paid to state normal or high schools of any description from the treasury of the state, and be it further

Resolved, That no more money be paid to any benevolent or sectarian school within the state. These resolutions are not intended to effect appropriations to common schools of the state.

BETWEEN APRIL SHOWERS. [BY A BYSTANDER.] If Mr. Geer were a rich man, he'd be treated more respectfully.

T. T. Geer is at least valuable to the party as an object lesson. The effort to draw Senator McBride into the fight on Hermann will not work.

THOS. TONGUE, ALASKA TRINITY AND BANKER VAWTER will each make a strong pull for congress. Harry Miller, of Grass Pans, is the "sound money" candidate for congress and will have a big following in the Albany convention.

THE STATESMAN'S USUAL GAME OF jumping up a dark horse candidate at the last moment will not work in the congressional contest. Governor Fletcher is not going to Boise. He is putting in all his spare time exercising a rooster that so far has given very unsatisfactory results.

THE MARION COUNTY AND STATE Populist conventions sat down hard on the "for revenue only" fellows in their party. It is a hopeful sign for the people.

IT IS THOUGHT BY SOME, JUDGING from his method of getting his fee out of the Oregon Pacific taxes, that Lawyer Bingham is one of the old Hogg receivership crowd.

JUDGE HUBBARD had no business to treat public business from the standpoint of the taxpayer. He might have known he would incur the displeasure of the Statesman and its managers.

UP TO THIS WRITING Mr. Reed has exactly 48 votes to Mr. Morton's 64 and Mr. McKinley's 154, out of 345 delegates. This shows a falling off in the leading candidate who had a clear majority a few days back.

THERE WILL BE SOME MORE OREGON Pacific delinquent taxes paid over to Marion county soon. Will they be paid the Sheriff Knight as tax collector, or will they first be "milked" for fifteen percent through some good financier's private bank account?

Governor Lord, Secretary Kincaid and Treasurer Metschan did well in fixing wages at \$1.80 on the state sewer and hiring all free labor. Now let laboring men who need the job be given a first chance at the work.

A correspondent at Eugene writes: "A number of persons are laboring under the impression that the defeat of Senator Dolph and the defeat of the Portland charter bill were accomplished by the same means, and possibly by the same sack."

Mr. Reed has written a letter to a friend in Pittsburg, declaring that he would not think of seeking support for his candidacy in a state which had a candidate of its own for the presidency.

Indications are that the primaries are for Hermann first, Ford on second choice. The following resolution was passed by the Republican primary of Soap creek precinct and voted to send a copy to each of the county papers:

WEATHER FORECAST.—Fair Thursday night and Friday.

PORTLAND PRIMARIES

Hottest Fight Ever Known in Multnomah County.

SIMON MEN IN CONTROL

A Terrible Struggle to Defeat Senator John H. Mitchell.

PORTLAND APRIL 2.—Republican primaries today give promise of being the most hotly contested in the history of the county. There are two tickets in the field, Simon and Mitchell.

Should any underhanded work be attempted serious trouble is threatened. A noticeable thing is the presence of a large number of strange men in the city, who it is charged have been brought here for the sole purpose of voting, early and often.

THE BATTLE BEGINS. PORTLAND, April 2.—Among the placards on the many hacks at the polling places, "Taxpayers Against Taxators," is the most conspicuous.

At 2 o'clock an attempt was made by the police to arrest Larry Sullivan, a sailor boarding house keeper, who was intimidating voters in the second ward. The polling place is located in the Sullivan boarding house, and when the officers approached Sullivan he retreated to the upper story of his "Castle," and securing his shot gun, announced that the first man who attempted to arrest him would be killed.

DISGRACEFUL PROCEEDINGS. At 2 o'clock an attempt was made by the police to arrest Larry Sullivan, a sailor boarding house keeper, who was intimidating voters in the second ward.

VOTING SLOWLY. Principal points of interest on the west side of the river are at the second and third wards. Here voters are lined up for about two blocks, waiting their chance.

AT ALBINA. Voting was suspended in eleventh ward (Albina) late this afternoon by arresting one of the judges.

Rumor of Gomez' Death. HAYANA, April 2.—The rumor of the death of General Gomez is still current here and is being added to by alleged details of his alleged demise.

Private news of a reliable character received here through other than official channels states that Maximo Gomez passed six days since by Cruces and Santa Clara, going toward Puerto Principe.

A Heavy Fire Loss. BRUNSWICK, Ga., April 2.—Brunswick and Western Wharf caught fire about 1:30 p. m. and within forty minutes the entire dock property including two warehouses, was almost completely destroyed.

WASHINGTON, April 2.—The Executive Committee of the Illinois Afro-American League will hold a meeting here today to decide the time for the state convention, which is to be held here in June.

WASHINGTON, April 2.—The steamer Yaquina left here for Alaska this morning with 108 tons of giant powder and six yoke of work oxen which are taken as an experiment in freighting.

WASHINGTON, April 2.—Today's meeting of the house committee on territories was devoted to a discussion of the Arizona and New Mexico statehood bills.

DOZIER MAY BE ARRESTED.

Talk of Lynching at Butteville—No Foundation For It. WOODBURN, O., April 2.—Word was brought here last night that there was much excitement and bitter feeling in Butteville over the killing of Frank Kelley Monday by Jas. Dozier.

At the funeral of Kelly Dozier was denounced as a cold-blooded murderer by the speaker. The feeling on the part of the Catholics against the A. P. A.'s in Butteville is very bitter, and many fear that more blood will be shed before the trouble is ended.

DOCTRINE OF AMERICA. President Diaz Upholds Us in the Venezuela Matter. MEXICO, April 2.—The most important part of President Diaz' message, delivered today, is an allusion to the Anglo-Venezuela controversy, and President Cleveland's message to congress.
