

Judge of the Supreme Court.

Congressman Powers Enthusiastic Over Paine's Celery Compound
the Great Spring Remedy.

Judge Powers, who today represents Vermont in congress, entered the national house with a magnificent record as lawyer and judge of the supreme court of Vermont.

He is a fine type of the careful, learned New England lawyer. Though but 56 years of age, he was a member of the Vermont legislature a third of a century ago, and again in 1874, when he was speaker of the house. He has been state senator, a member of the constitutional convention and of the state senate. In 1874 he became judge of the supreme court of Vermont, and remained on the bench until 1890, when he took his seat in congress. Judge Powers presided at many of the most notable trials in the history of the state, and is the author of many of the most important opinions to be found in Vermont reports.

No judge on the supreme bench in any of our states has a reputation for more clearly and unmistakably expressing his opinions. His unqualified indorsement of Paine's celery compound in the following letter is a straightforward and concise as any one of his thoughtful charge to a jury:

House of Representatives, U. S. Washington, D. C., Feb. 19, 1896.
I have for several years been acquainted with the medicinal qualities of Paine's celery compound, and can enthusiastically indorse it as a specific in many cases for which its use is recommended by its proprietors.

H. Henry Powers,
1st Dist. Vt.
By far the best use that any tired or ailing person can make of these precious spring days is to purify their blood and regulate their nerves with Paine's celery compound. It is plain to any observant person that the best remedy for neuralgia, persistent headaches and such like indications of low nervous vigor, is the one that most rapidly and completely nourishes the worn out parts. It is not in the power of any other remedy to do the vigorous work of Paine's celery compound in strengthening the jaded system, and in bringing it back to an energetic, healthy condition.

The real danger that stares sick people in the face is in putting off attending to sickness and disease, letting slip these health-inviting spring days, when everything so strongly favors

getting well. This greatest of all spring remedies is doing an astonishing amount of good these days among sick people and those semi-invalids who are "run down" by the long, trying winter, or worn out and afflicted by disease.

The soul and life of sound health is a well-nourished nervous system. Paine's celery compound repairs the worn, nervous system as nothing else can do. It is the one certain and permanent cure for sleeplessness, hysteria, nervous debility and exhaustion, rheumatism, neuralgia and the various manifestations of an unhealthy bodily condition, such as languor, nervousness, heart palpitation, loss of flesh and mental depression.

With Paine's celery compound, returning strength and cheerfulness soon show that one is undoubtedly on the right road to health.

Paine's celery compound is the one real spring remedy known today that never fails to benefit. Get Paine's celery compound if you wish to be well.

THE YOUTH'S DEPARTMENT.

Appreciated by Parents, School Teachers and School Children.

No feature ever added to this paper has attracted so much attention as "THE YOUTH'S DEPARTMENT" which appeared in our DAILY and WEEKLY editions.

It has brought out the universal comment that literature for the young people has been too much neglected by the general newspapers. We have left the generation of American citizens who are in knickerbockers and short dresses entirely to the flimsy publications sold by the newsdealers, or the other extreme of books and papers of the Sunday schools.

Such a department as the one referred to, published as a regular feature for our daily and weekly readers cannot but prove profitable and interesting to all our readers. We believe in elevating and educating the youth of our country through the public press.

A PLEASANT EVENT.
A hearty reception was last evening accorded their recently returned pastor, Rev. J. Bowersox, by the members and friends of the First United Evangelical church of this city. A goodly number were present, and supper was served in the lecture room of the church. The floral decorations, which were arranged by the young ladies of the church, were in excellent taste. Was taken with La Grippe and tried all the physicians for miles about, but of no avail and was given up and told I could not live. Having Dr. King's New Discovery in my store I sent for a bottle and began its use and after using three bottles was up and about again. It is worth its weight in gold. We won't keep stores or houses without it." Get a free trial at Fred A. Legg's Drug Store.
