THE INDIANAPOLIS CONVENTION

President Cleveland Visits Li Hung Chang.

A Good Silver Talk. Special to JOURNAL.

WOODBURN, Aug. 29.—Bishop Dillon spoke here to an enthusiastic crowd last evening, and his arguments for silver are indisputable. They cannot be contradicted, and he speaks from the heart.

Go to See McKinley.

CANTON, Aug. 29.—Of the five delegations scheduled to visit McKinley today, the first to arrive was the commercial men's McKinley club, No. 1 of Chicago, 300 strong. The visitors were under command of Chief Marshal, George Green. In the party were all the members of the national executive committee of commercial men of the United States.

Li Hung Chang Received.

NEW YORK, Aug. 29.—Li Hung Chang and Secretary Olney exchanged visits today, after which they proceeded together, to the Whitney residence, escorted by a troop of the Sixth cavalry, where Li will formally be received by President Cleveland. The reception by the president was quite simple, and lasted only 25 minutes. Among those present were Secretary of State Olney, Secretary of the Treasury Carlisle, Secretary of War Lamont, Assistant Secretary of State Rockhill. After the reception Li returned to Waldorf.

Indianapolis Convention.

WATERTOWN, N. Y., Aug. 29.—Ex-Governor Roswell P. Flower has accepted an invitation to act as temporary chairman of the convention at Indianapolis.

The Bryan Party.

BUFFALO, Aug. 29.—W. J. Bryan and party arose early this morning, enjoyed a drive about the state reservation in the cool dawn. At 8 o'clock they were aboard a train to take them to Hornellsville, where the chief speech of the day would be made. In this city the populace crowded about the car eager to see the candidate.

Constantinople Rioting.

PARIS, Aug. 29.—Temps this afternoon publishes a dispatch from Constantinople filed Friday evening which says: At the present moment sanguinary fighting is taking place in the chief streets of Constantinople. Troops are firing on unarmed Armenians. The victims of the outbreak exceed 200.

Scores of dead have been thrown into the sea in order to save the trouble of burying the dead bodies. British charge d'affaires has refused the request of the sultan to withdraw the guards of the British marines.

OUR SIDEWALKS.—While any effort to induce Salemites to build new sidewalks about their property is most commendable, yet we would advise those whose sidewalks are somewhat dilapidated, to use a hammer quite vigorously and drive all nails that protrude an inch or two above the surface of the plank, again into their places, that no one may fall and be severely injured, thus bringing about a suit for damages against the city, which always involves considerable expense.

OFF FOR SILVER CREEK FALLS.—The following persons left today at 2 p. m., for a short outing at the Falls, expecting to return Sunday eve: Mr. & Mrs. A. N. Gilbert, Mr. & Mrs. R. D. Gilbert, Mrs. M. J. Creighton, Miss Julia Gilbert, of Dudley, Ill., Misses Mollie, Jessie & Rose Creighton, Miss Edie Vanderpool, of Sodaville and Miss Agnes Gilbert.

DAVIS FOR SILVER.

A Christian Minister Well Known at Salem.

OAKLAND, August 29.—The Rev. Edwards Davis spoke last week at the Central He espoused the cause of silver.

The maintenance of gold or the establishment of silver, he said, can affect only the poor, indirectly, and calamity will result only in case that the impetuous rich force the issue to starvation's surrender. The poor are dependent on the rich, but capital can never be independent of labor.

The real issue is the indorsement of gold as single standard or the establishment of gold and silver on a parity as coin. All metals used as coin have a commercial as well as a legal value. One is affected by the natural law of supply and demand; the other by a statutory enactment. No more coin should be coined than is necessary to the transactions of commerce. If a continent of gold were discovered it would be ridiculous to cast the same in coin.

The single standard will make our nation a monstrous gambling den. The experience of commerce throughout the history of the world cannot be reversed by legislative act. The gold and silver output seems to indicate that the very hand of the Creator of the earth has filled the veins of the mountains with a respective proportion of both metals. The capitalist must remember that he is nothing more than the banker of the poor.

At Gates.

A Bryan and Watson club of fifty has been organized at Gates. They expect to have 150 to 200 names to the roll in a short time. There are only five or six McKinley men in the whole country.

They held an open meeting of the club last Monday addressed by T. J. McClary and J. P. Robertson.

Arrangements are being made for a mass meeting the 6th or 7th of September at the residence of J. K. Weatherford will be the principal speaker.

Great enthusiasm is shown for Bryan and free silver in the Santiam country.

Walter L. Tooze is to speak at Gates September 1, at 8 o'clock.

HAS TENDERED HIS SERVICES.—S. A. Clark, the sound money man, went to Southern Oregon this morning to dispose of a copper mine. As a young man he was educated in Wall street. Mr. Clark has tendered his services to the state central committee, and will take the stump for McKinley and Hobart. He will probably tell the people how to successfully conduct a large fruit farm, under the gold standard.

TO MEMBERS OF G. A. R.—It is desired that as many members of Sedgwick Post No. 10 G. A. R. that can conveniently do so, attend the funeral of Comrade Hall to be held at his late residence, 2 miles northwest of the Reform school at 1:30 o'clock Sunday afternoon.

CROWDED CARS.—The two passenger coaches, on the 2:20 local, this afternoon were taxed to their utmost capacity, standing room being at almost a premium. People are returning from the seaside by the hundreds, almost a hundred having left Newport each day this week.

The dealer who says, "I have no Hoe Cake soap," practically admit that he does not sell first quality goods. If he says he has something "just as good" you will know at once that he is trying to sell you an inferior article. There is more clothing destroyed by poor soap than by actual wear, as the free alkali rots the cloth. Hoe Cake contains neither free alkali nor worthless filling.

THE JOURNAL silver supplements at \$1 a hundred are going off rapidly. Raise a little fund of dimes and quarters and supply all your neighbors with campaign literature up to date.

If you can't have a Bryan speaker in your town to tell you about Independent American bimetalism, you can circulate literature.

FIERCE FOREST FIRES

The Citizens are Fleeing for Their Lives.

MANY CATTLE HAVE PERISHED.

Men at Benson's Camp Have Probably Been Roasted.

PORTLAND, Aug. 29.—Advisers from Oak Point, this morning, say the forest fire is still raging between that point and Eagle Cliff, on the Washington side of the Columbia river. It is impossible to get full particulars, but it is known that no lives have been lost. The fire covers an area of ten square miles and is within three hundred yards of Oak Point. There is thought to be no danger here unless northwest winds spring up. It is estimated that over 200 head of cattle have perished. The fire has assumed such proportions that nothing but a heavy rain will conquer it. The amount of timber already destroyed runs way up into the millions.

ASTORIA, Aug. 29.—A special to the Astorian from Oak Point says: The fire is now within three hundred yards of Oak Point and lots to feed it. If the wind should change to northwest it will make a wide sweep over Oak Point. Just learned that Leroy Davidson's place is cleaned out completely. He had a nice ranch up in the timber. In case the wind changes to east it will put the Hume and Eureka canneries in great danger.

If it should switch to the north from the northwest, it will sweep Oak Point, including the saw mills and the building. Nothing had been heard of the men who stayed to fight the fire at Benson's camp last night. The few people who reached Oak Point, saved only the clothing on their backs. The locomotives and donkey engines belonging to the Benson camp here, have been placed out on some beaverdam land, but there is now every probability that they will be lost. The fire is raging as fiercely as ever.

Better Than Gold.

W. J. Bryan's law partner and personal friend, A. R. Talbot, one of the prominent Republicans of Nebraska and a candidate for the state senate, entertains a high opinion of Bryan personally, but he does not hesitate to condemn his political views. He said: "Bryan is an upright, conscientious man. I have never known a finer character. I am positive that he went into politics with no selfish motives. He is thoroughly convinced that the country is beset with conditions that call for the highest patriotism, and he regards it his duty to help right what he says are the wrongs of the people. I could give you many instances of his disinterestedness. Two years ago a man from New York sat in Bryan's office trying to get him to make a contract to deliver fifty lectures at \$100 a lecture. Bryan was poor then, as he is poor now, and I urged him to accept the offer, but he would hardly listen to the man. He said he would not speak for money. He was not in politics for himself, but for the people, and he did not expect to make anything for himself. He did not sign the contract. When he was in congress he was offered \$10,000 a year to become the counsel of a large corporation, but he told the officers he would not act as their attorney for the profits of the concern. He has been repeatedly urged to make his home in a Democratic state, with the assurance that he would be elected to the U. S. Senate and kept there the rest of his life, but he said he preferred to remain in Lincoln, and he will continue to keep his residence in this city."

THE BRYAN ELECTORS.

While we regard the demand of the Populists as unfair, yet we do not censure the Democratic executive committee for accepting the terms. It was the only thing the committee could do. Every Democrat knows his duty in the present emergency. They must look to the head of the ticket for deliverance. This fusion will carry Oregon for Bryan and Democrats will give their loyal support to the action of their committee. Under the conditions of the fusion, the Democrats get one elector, the free silver Republicans one and the Populists two. They are pledged to Bryan and Watson. The electors heretofore nominated by the Democrats and Populists all resigned, and the following ticket nominated in its place: N. L. Butler, of Polk, Democrat; L. M. Olmstead, of Baker, Harry Watkins, of Yamhill, Populists; E. Hofer, of Salem, free silver Republican. The ticket is strong and one that can make an able canvass of the state.

COLLEGE OF MUSIC

Prof. Heritage Closes a Ten Year Contract.

ENTIRE BUILDING NEEDED.

Woman's College to Be Remodeled for a Conservatory.

A contract has at last been signed between the executive committee of Willamette university and Prof. R. A. Heritage. There has been some little legal difficulty in making a contract for ten years, and the professor did not feel warranted in advertising and building up the College of Music for a shorter time. The executive committee has been very anxious all the time to secure his services, but the charter of the school was given in such a way that it was difficult to make a contract longer than one year.

Prof. Heritage will now take full charge of the building formerly known as the "Womans' College" and remodel it for a College of Music. He will also have charge of the rooming and boarding department. Although the time is short until the opening of the university, the work of remodeling will be commenced early Monday morning and will be vigorously continued until completed.

Besides full work in the college of music Prof. Heritage expects to reorganize about the middle of September the Choral Society, sight reading class, two Saturday children's classes, and a general voice culture class on Saturday mornings. Pupils can begin at any time to register and select time for lessons. The regular term begins September 14.

The musical people of Salem will undoubtedly be delighted to learn that the efficient services of Prof. Heritage and Winkler will thus be retained in our city. These gentlemen have done much to raise the standard of musical culture in our midst, and wonderful predictions that with the Heritage Salem will soon be the musical centre of the Pacific northwest. This move on the part of Willamette University means a great deal to that institution and to our city. Hundreds of students will be drawn by it who would otherwise have gone elsewhere for their music and higher education and Salem is to be congratulated upon this happy consummation.

RIGDON'S MEETING.

On the platform tonight, during the undertaking of the undertaker, we may expect to see Bro. Barkley and W. J. D'Arcy, Colonels Jeff Myers and E. Hofer, R. R. Ryan, D. J. Fry, Bud Chapman and A. L. Wagner.—Statesman.

Who did the "workingmen" have on the platform, last night? The gentlemen of the pie counter. The Hon. "Bill" Cherington and the Hon. Chief Fugler Fones will not be at the armory tonight, at least not on the platform, nor Nephew Willis Scott Dunningway. Prest! Race, "Workingman" C. B. Irvine, or the Statesman "sawed-off Foo Bah," Rev. G. M. Irwin and other foes of nepotism and friends of "sound money," for salaries.

The Statesman has said editorially that crime of '73 was "revolutionary" and passed with "insidious quiet." Willis Dunningway says its a lie. Who cares which is the liar?

Rig up and gear up and come out to the armory tonight and hear for yourself—Rigdon vs Geer.
