St. Mark's Women Donate \$100
The Women's Auxiliary of St. Mark's Episcopal church is the first of the eastern Oregon diocese to make a contribution to the National Episcopal campaign. The local women made their appropriation as a result of the recent visit here of Rt. Rev. W. P. Reulington, newly elected bishop of the diocese.

Members of the force of the Pacific Telephone Company had charge of a community Christmas tree at Astoria. The phone employees telephoned to Frank R. Howard, local superintendent of the company, seeking a giant fir tree. Gilbert Edington and Frank Clemmons secured a tree from the homestead place of F. R. Absten on the Columbia River Highway, forwarding it Thursday.

BUICK REGISTRATION SETS NEW RECORD

According to Earl Franz, of the Hood River Garage, all previous records for monthly registrations were shattered in November by the Buick in California, as the official registration of automobiles shows that 1,202 Buick cars were registered by owners, placing the Buick third in the list, the Ford and Chevrolet being the only automobiles which showed a larger registration. This year has been a banner one for the Buick throughout the entire nation, as sales have been such that the immense factory at Flint, Mich., has been unable to keep pace with the steadily increasing demand for Buick cars, according to C. S. Howard, president of the Howard Automobile Co., who has just returned from an extended visit in the automotive district as well as the Atlantic seaboard.

"The phenomenal success and popularity of the Buick in California is not purely local," said Mr. Howard. "The same condition exists everywhere. The new 1923 line of Buick cars virtually took the country by storm and since August 1, when the first models were shown to the public, there has been the keenest demand for both open and closed Buicks. The sport models originally made a most favorable impression and when the sport touring and other attractive sedans, coupes and open cars which grace the line of 14 cars manufactured this season by the Buick Motor Company were introduced, the motoring public everywhere fell in love with them. The result has been that the capacity of the Buick plant has been inadequate to turn out cars fast enough to supply the demand, especially closed car models.

"Since November 1, when we were able to get sufficient freight cars in which to transport the cars from the factory to the Pacific coast, twelve solid trainloads of Buicks have been shipped to the distributing centers of the Howard Automobile Company. In this way we have in a measure been able to satisfy the desire of the people who have placed their orders for cars."

Many Apples Go to Charity
Hood River orchardists aided the Salvation Army in brightening Christmas in needy Portland homes. A hundred boxes of apples were forwarded to the Army through the Apple Growers Association Friday. The Hood River Traffic Association forwarded large quantities of apples to the Portland Welfare committee and to Astoria for Christmas distribution.

Fred Lykman's Brother Dead
City Marshal Hart searched in vain Saturday for Fred Lykman, whose brother dropped dead at Kelso, Wash. Mr. Hart was notified by an undertaker in Kelso. While the missing man has recently received mail at the local postoffice, nobody in the city knew him.

When You Are Constipated
To insure a healthy action of the bowels and correct disorders of the liver, take two of Chamberlain's Tablets immediately after supper. They will not only cause gentle movement of the bowels, without unpleasant effects, but banish that dull, stupid feeling, that often accompanies constipation.

Before you buy an automobile you should see the new Studebakers at the Cameron Motor Co. m4f

HAPPY NEW YEAR FROM RADIO SHOP

It is our wish that all of our good friends of Hood River may attain their desires and aspirations next year. It is our hope to be able to aid you in gaining the most of interest and pleasure from life. And that is why we suggest that you take time to give a little study to radio.

Any evening of the year, if you wish, you may be entertained or instructed by concerts, addresses from any point of the county by way of the air.

Come in any time and listen in at our plant. You are always welcome.

WHITE SALMON

(from the Enterprise)
Very few apples were frozen in the Lyle district according to a report of C. E. Arthur, who has been shipping a large quantity of fruit from that section this year. Most of the fruit had been well cared for in frostproof warehouses, warmed by heaters, and the loss from the extreme zero weather, reduced to a minimum.

L. W. Wood has the contract for logging for the Laurel Box and Lumber Company at Laurel and will get out 2,000,000 feet of logs by the first of March. He will also continue logging for that company all of next year. Mr. Wood has also received the contract for hauling the lumber from the mill to the railroad.

At a meeting of the game commission of the state of Washington attended last week by local commissioner, D. H. Sorter, at Bellingham, Wash., the following changes were recommended:

First—A tag law for killing deer, which provides that each deer be tagged with a license tag when killed.

Second—The maintenance of public shooting grounds for ducks, and restriction of the number of private shooting grounds.

The state fish hatcheries have been enlarged to twice their original capacity and Klickitat county has the promise of not less than seven hundred and fifty thousand fish for this season consisting of silverside, mountain brook, rainbow and cutthroat trout, also a liberal supply of China pleasant eggs.

While Wenatchee, Yakima and Hood River enjoy a rate on shipment of apples to Seattle destined for exportation to the Orient of 28 1/2 cents per hundred pounds, while White Salmon and Underwood are being discriminated against by being forced to pay a rate of 40 cents.

This is a matter of importance to every grower in these districts, for we need an even break with Hood River and other districts if we are to ship into the markets of the day, says Paul McKecher, Sgobel & Day representative.

C. W. McCullough, of the Portland office of Sgobel & Day, recently sold a large block of Newtown apples for the Star Fruit Company in the Philippine Islands. Such sales are of much importance to this district, particularly in a year of dull markets like this, when it is desirable to secure as wide a distribution as possible. But unless growers and shippers join with the strenuous efforts Sgobel & Day are making to secure a rate for this territory on a par with competing districts, we will be unable to sell our fruit in Oriental markets in the future, because buyers will not pay the higher freight imposed upon us by the carriers.

Growers and shippers should write to the S. P. and S. and also to the North Pacific Coast Freight Bureau requesting that White Salmon, Underwood and Lyle be permitted to enjoy the same rate as apples from Hood River and other competing territory and do so without delay.

Chamberlain's Cough Remedy

The soothing and healing properties of Chamberlain's Cough Remedy, its pleasant taste and prompt and effective cures have made it a favorite with people everywhere. It is especially prized by mothers of young children for colds, croup and whooping cough, as it always affords quick relief and is free from opium and other harmful drugs.

Notice by Publication

In the Circuit Court of Hood River County, Oregon.

In the matter of the petition of the Board of Directors of Dees Irrigation District for the judicial examination and judgment of the Circuit Court as to the regularity and legality of certain proceedings relating to the organization of said District, and to the issuance of its bonds.

To the Dees Irrigation District, to all Freeholders, Legal Voters and Assessment Payers within said District, and to all other persons interested in said District:

In the Name of the State of Oregon: You are hereby notified that the Board of Directors of Dees Irrigation District has, by its petition filed with the Clerk of this Court, commenced proceedings in said Court praying for the judicial examination and judgment of said Court as to the regularity and legality of each and every of the acts and proceedings of the original petitioners for said District, of the County Court of Hood River County, Oregon, and of the Board of Directors of said District, taken and had in connection with the organization and issuance of its bonds in the maximum amount of \$5,000.00, and any other matter or proceeding affecting the legality or validity of said District or of its said bonds, that all of the same may be approved and confirmed and that said District and its said bonds may be adjudged and decreed to be legal and valid.

You are required to appear and answer said petition, or otherwise plead to the same, and contest the validity of said proceeding or of any of the acts or things therein enumerated before the expiration of ten days after the full publication of this notice, to-wit, on or before January 21, 1923; and if you fail so to do, for want thereof, said petitioners will apply to the Court for the relief prayed for in said petition.

This Notice is served upon you by publication thereof once a week for three successive weeks, pursuant to the Order of the Judge of this Circuit Court, dated December 20, 1922; and the first publication hereof is on December 21, 1922.

Given under my hand and the seal of the Circuit Court this December 21, 1922.
(Seal) Kent Shoemaker,
Clerk of Circuit Court.

For Winter Driving use QUICK STARTING 100% POWER

"Gas"

You don't have to ask a tow from your neighbor, or abuse the starter to get off in the mornings—not with "Red Crown" in your tank.

"Red Crown" vaporizes rapidly and uniformly, even in zero weather. It starts with the first turn of the motor—yields 100% power instantly on the coldest days.

Fill at the Red Crown sign, at service stations, garages and other dealers.

RED CROWN GASOLINE

STANDARD OIL COMPANY (California)

Zerolene good cold-test oils flow freely and lubricate perfectly in zero weather—protect the bearings—increase the power and flexibility of your engine.
