## AT FREDRICKSBURG.

He Speaks in Patrick Henry's Old County.

MEETINGS ARE ENTHUSIASTIC

All Over the Eastern States—Strength Growing.

FREDRICKSBURG, Va., Sept. 18.—In the ordinary day coach of the Richmond, Fredericksburg & Potomac railway, Bryan left Richmond at 7 o'clock, enroute for Washington. A speech of thirty minutes, was made at Fredericksburg, and short addresses at the smaller towns. At Fredericksburg Bryan was driven to the Exchange hotel, where he held an informal reception, till 11 o'clock. Then he was taken to Washington monument, where he made an address to a large crowd. He was then driven to the residence of Mayor W. I. White, where he dined.

At 1:50 he took the train for Washington. His first address today was at Ashland, where the train stopped two minutes, he said: "Henry Clay, a mill boy of Slashes, was born in this county, also Patrick Henry. I believe in the policy for which I stand in this campaign and in some respects revives my memories of both men. Henry Clay, in 1845, described the effect of contracting the currency and Patrick Henry was in favor of the American policy." (Applause.)

At Canton, Sept. 19.—In spite of bad weather, the people began pouring in to Canton this morning at a lively rate. With a single exception of yesterday, today furnished the largest crowd of the campaign. The first arrivals were railroad men. There were eleven train loads of these. Besides the railroad men the delegates scheduled for the day are: Republicans of Fulton, Pa., two train loads from the Carnegie steel works, Homestead.

People from stations between Jamestown, N. Y., and Newcastle, Penna., from points in Western New York and along the Pennsylvania railroad. Commercial travellers of Cincinnati and Pittsburg and a number of trains from Northern Ohio, Hulton, Pa., delegations of several thousands arrived at 11 o'clock. The rain was pouring down and they were received at the Grand opera house. The good wishes of the visitors were extended by Gen. A. C. Litchfield and Dr. C. M. C. Campbell. Major McKinley responded.

Bynum's Home. INDIANAPOLIS, Sept. 19.—W. D. Bynum, chairman of the national committee of Democrats has returned from New York he said: "I found the sentiment in the east strongly against Bryan. The lowest estimate I heard of as majorly against him in New York was 2,000. Tammany hall, he said, will not give Bryan her support, although it is pretending to do so."

Estimate on Missouri. ST. LOUIS, Sept. 19.—Chairman Cook of the Democratic state central committee estimates that Bryan will carry Missouri by 55,000. All but two of the Democratic congressmen will be elected.

## New Flying Machine.

CHICAGO, Sept. 18.—The first free test of Octave Chanute's albatross soaring machine, invented and constructed by William Paul, was made at Miller, Ind., last evening under unfavorable conditions, while the machine was heavily loaded with ballast, so as to prevent it from flying any great distance, and was anchored by four ropes, each 200 feet long. The three points which the trial was to decide, first, as to whether it would right itself in the air; third, whether, when it commenced to descend, it would move downward slowly and alight easily, were all determined in a manner gratifying both to inventor and owner.

The flight was less than 100 feet, but the descent and final alighting on the sand were as graceful and even as that of the bird from which the machine was patterned.

The trial proved the machine perfectly safe, a proof which was more acceptable, inasmuch as it has been asserted that the machine is dangerous, and an attempt to fly it would be sure to result in the death of the operator. Another test will be made today if the wind favors.

## Ship Contract.

WASHINGTON, Sept. 19.—Acting Secretary McAdoo yesterday afternoon received a cablegram from Secretary Herbert, of Breslau, France, in answer to his message respecting the bids for building three battle-ships, opened Tuesday. In the indictment Corbett and Fitzsimmons are accused of having violated the law so far as it relates to the furtherance of a prizefight."

## Cotton Operatives Strike.

DALLAS, Sept. 11.—A strike of operatives in the Dallas cotton mills has been determined on, to take place next Monday. The hop crop of R. F. Myers, (12 acres), three miles northwest of this place, also F. M. Miller, (twelve acres) is a total loss. After picking a few days, the mold struck in, and the pickers were layed off today.
