GENERAL MILES TALKS

Advocates the Disarmament of the Great Nations.

Says War is Abhorrent to Human Intelligence and Standing Armies Disastereous

Chicago, Aug. 10.—General Miles passed through here today, en route to San Francisco to attend the Grand Army encampment. He discussed his plan for the disarmament of the powers. He said war was abhorrent to human intelligence, and the retention of big standing armies was a useless taxation on the people. He advocates a congress of the powers, and the adoption of a rule of one soldier to each 1000 inhabitants. Let the soldiers become artisans and farmers, and relieve the world of millions of parasites, whose sole business is war. The armies of the world are artificial, and if maintained will eventually plunge it into disaster. Accompanying Miles Westward is a considerable party of veterans, including Black and Maus, who is going to Fort Reno to assume command.

Must Punish the Sentry

St. Petersburg, Aug. 10.—The minister of foreign affairs has telegraphed the Russian ambassador at Constantinople, demanding the immediate punishment of the Turkish sentry, who killed the Russian consul at Monastir, Saturday.

Killed in a Runaway

Boise, Ida., Aug. 10.—B. S. Bennett, a prominent broker of Wall street, was killed in a runaway accident at Sweet, on the way to Thunder Mountain. Dr. Cramer had two ribs broken. The brake broke while they were going down a steep hill.

Cub Bear's Wild Ride

Canyon City, Or., Aug. 10.—Henry Fisk, a boy of Prairie City, is the loser of a good horse and a \$40 saddle, as the result of his trying to give a live bear a ride. Fisk and some companions were at

the Warm Springs, a place in the Blue Mountains, not far from Prairie City, when they came upon an old bear and her young one. After shooting the old bear they lassoed the cub, and concluded to take it into captivity. Accordingly they tied it across Fisk's saddle, and started for this place with it. The horse was a gentle animal, and but little trouble was had in putting the bear aboard of him, but in a little while he exhibited some fear of his burden.

When they had proceeded about a half mile the horse suddenly snorted, and, breaking away from those leading him, ran madly across the country. When he came in contact with a pasture fence he did not stop, but broke through it, and, speeding across the pasture, broke through the fence on the opposite side, and made for the higher mountains.

When he was last seen he was 15 miles from the starting place, and was still running. This happened a few days ago, but nothing has since been heard of the horse or his strange burden.

POPE WEARS TIARA

Coronation Ceremonies a Scene of Wonderful Splendor

Seventy Thousand People Witness the Placing of the Crown and Brilliant Pageant

Pope Pius X was duly crowned in the basilica of St. Peter's Sunday, in the presence of the princes, and an audience of 70,000 people. Cardinal Macchi placed the triple crown on the pontiff's head, which was the signal for unrestrained acclamations. Throughout, the coronation ceremonies were conducted with great splendor.

Before leaving the Vatican the Pope went to the Sistine Chapel to worship before the sacrament exposed therein, then he passed through the sala regia and the Constantinian staircase into the portico of the Basilica. He there seated himself on a throne erected directly before the holy door and with seats around for the members of the sacred college, the chapter of St. Peter and the papal court. At the right of the throne stood Prince Orsini, the assistant to the papal throne, who withdrew his recent resignation of the post in order to participate in the function. Immediately beside the Pope was the major Domo, Monsignore Bisleti; the master of ceremonies, Monsignore Rigli and Dr. Lapponi. The pontiff was very pale, but composed.

The low ceiling sent back an exquisite echo of the "Teus Petrus," sung by the Sistine choir, whose voices were heard outside in the piazza of St. Peter's. Cardinal Rampolla, advancing with dignity, knelt at the foot of the Pope. He then said:

"I offer an act of obedience to your holiness and wish you a prosperous and glorious pontificate." The cardinal recalled that the bodies of the first Pope and of St. Paul rested in the basilica, which fact, he said, was of good augury for the work of the new head of the Catholic church. The pontiff was visibly touched and answering in a trembling voice, warmly thanked the cardinals for their well wishes.

New York, Aug. 10.—Following last night's violence along the lines of the New York and Queen county railroad, in the strike of the motormen and conductors, there is complete order today, mounted police patrolling the line, and the power houses are surrounded by officers and guards. The strikers and employers will hold a conference this afternoon, when a settlement is expected.

Drowned in the Willamette. Cottage Grove, Or., Aug. 10.—Guy

Salt Lake, Aug. 10.—The Utah Construction Company has been awarded the contract for the construction of 85 miles of track, running from Callientes, Nevada, south for the San Pedro, Los Angeles & Salt Lake railroad. It has 12 months in which to complete the work, which represents \$2,000,000.

After The Clubs

Chicago, Aug. 10.—Warrants have been issued against the officers of more than 100 clubs, charging them with keeping unlicensed saloons. The contention is that clubs having bars should pay license. Included in the list are the Hamilton County Democracy, Union League and Chicago Athletic, Steam Engineers, Columbia Yacht, Marquette, Illinois Swedish and Glee. Mayor Harrison ordered the police to make the arrests, and if resistance is shown to haul the men in wagons.
