

Newbro's Herpicide

The Hunters Came Too Late

Their Faithful Dog has pointed out the True Remedy to Prevent Baldness, but the Hunters come too late—Chronic Baldness is incurable.

HERPICIDE A "HAIR SAVER."

Newbro's Herpicide saves the hair by destroying the germ or microbe that is now known to be the cause of dandruff, falling hair and baldness. In chronic baldness the hair follicles are completely atrophied, causing the scalp to shrink and shine; little can be done in such cases except to save the remaining "fringe," and this is well worth saving, for it offers some protection against the cold.

The "Hair Grower" is a fallacy. It requires but a slight knowledge of Anatomy and Physiology to know that the hair gets its life and strength from the hair-papilla at the bottom of the hair follicle, and the papilla, in turn gets its nourishment direct from the blood; therefore nature is the only true hair grower. There are enemies of hair growth that cause hair loss and baldness. Invisible microbe growths enter the sebaceous glands situated at the top of the hair follicles (Dr. Sabouraud, of Paris, says the microbe usually enters the scalp in youth), where one colony after another is established, until finally, after months and sometimes years, there is dandruff, itching scalp and falling hair. The Sebun also solidifies, causing dry, lustreless and brittle hair. Destroy this microbe growth and protect the hair against re-infection, and the hair is bound to grow as nature intended.

Newbro's Herpicide is a Twentieth Century Remedy. Its mission is to teach new rules for scalp cleanliness, new rules for hair preservation and to supply a germ-destroying solution that will enable any one to save their natural head covering, providing they take the least bit of interest in this direction. As a hair dressing Newbro's Herpicide is truly exquisite, on account of its dainty and refreshing odor, which is characteristic. Chemically pure, it contains no oil, grease or sedimentary substances, neither does it stain or dye the hair. It stops itching of the scalp almost instantly.

A Healthy Hair

After using one bottle of Herpicide, I can say that my hair has stopped falling out, and my scalp is entirely free from dandruff. (Signed) MISS GRACE DODGE, 195 Sixth Street, Portland, Oregon.

RECOMMENDED BY PROMINENT BUSINESS PEOPLE.

Since taking hold of Herpicide, we are selling it to the exclusion of all other hair preparations. Our sales on the coast and the N. W. states, including Alaska, have been phenomenal. Once used we find it is given the preference. We know it is a specific for dandruff and falling hair, as we have numerous testimonials from the trade, praising it in the highest terms. (Signed) LEWIS-STENGER BARBERS' SUPPLY CO., 151 First Street, Portland, Or.

An Unhealthy Hair.

"DESTROY THE CAUSE—YOU REMOVE THE EFFECT,"

LAKE'S SALT INDUSTRY.

Operations of the Oregon Potash Co. at Summer and Albert Lakes.

C. M. Sain of the Oregon Potash Co., at Summer lake, Lake county, is building a levee, or dyke, across the bay at the southeast end of the lake. This dyke will be two miles long when fully completed. About one-half of it will be built this winter through the deep water of the bay, and the approaches will be finished later on through the summer. The greatest depth of water along the course of the dyke is less than two feet, and there is a firm blue clay bottom into which the stakes are driven. The width of the water at this season or the length of the dyke in the water, is three thousand feet. This width will be greatly increased when the lake rises in the spring and flows over the flat. The part of the dyke through the water is being built of lumber and filled in with clay. Slabs are used in the shallow approaches.

The area of the bay cut off by this dyke is over two thousand acres. An acre of water to an average depth of

one foot when evaporated leaves over fifty tons of salt. This immense vat of two thousand acres will produce over one thousand tons of salt in a season.

The several salts, sulphate of potash, bicarbonate of soda, carbonate of soda, sulphate of soda, silica, and common table salt, are separated from each other by the process of fractional crystallization. The big vat will be used only for condensing and in it about seven-eighths of the water will be eliminated by evaporation. Crystallizing vats will be built next summer.

John T. Reid, an expert chemist and member of the American Institute of Mining Engineers, will have charge of this part of the work. Mr. Reid is vice president of the Oregon Potash company and has been associated with Mr. Sain in the enterprise from the start. With the coming of spring similar works will be built at Lake Albert.

The one thing that is needed to put these salts on the market and give employment to hundreds of men in Lake county is railroad transportation. The only product that can

be marketed under present conditions is the bicarbonate of soda or the common baking soda. Mr. Sain expects to ship a thousand tons of this soda next summer and fall. It will be hauled to Bend if the railroad reaches that point and if not, it will be taken to Madeline. In the manufacture of this soda, common table or stock salt, will be formed as a by-product, enough to supply the local market. Before the carbonate of soda can be marketed it must be calcined, and furnaces for this purpose will be commenced next summer. At the present, Mr. Sain and C. H. Keith who is assisting him, are putting in their time on the dyke across the Summer lake bay. They have now completed four hundred feet, of the three thousand feet of dyke necessary to separate the bay from the main body of the lake.—Valley Record.

No More Books.

Recently the government sent 40 copies of a fine work on horses to Dec Wright, of Clackamas county, for free distribution, but it was in a community where the people had invested in \$18 biographies, and this is the way the Courier says Wright was treated: He would take a book to the house and leave it with the good housewife, and she would promptly throw it out into the road. Mr. Wright tried to explain that the government was giving these books away free, but she would have none of it. At one place a matron drove Mr. Wright out of the house and yard with a broom stick. At another place he was chased out of the yard by a bull dog being set upon him by an irate mother who thought he was a genuine book agent. Mr. Wright has given up the job, and he says if Uncle Samuel wants any more horse books delivered in the rural districts of this county he will have to send out another agent or a company of regulars.—Albany Democrat.

An Accomplished Oregon Girl.

Leland correspondent of Grants Courier: We understand that Miss Fauna Rutherford shot a big panther last week about four miles down the creek from Leland. Her dog chased it up a tree. She took her gun and went to see what the dogs had treed, and found a big panther sitting on a large limb. She shot it twice before it fell. Our native Oregon girls have got the grit. A portion of them can shoot a gun, help clear land and make themselves useful.

Motherhood

MOTHERHOOD is the reward nature bestows upon healthy womanhood. Women whose vitality has been sapped by disease cannot safely give birth to children. In pregnancy and in childbirth weakness of the mother is revealed in the pain and agony she suffers.

This great medicine drives out every vestige of inflammation and weakness, and gives tone and strength to the delicate organs which mature the child. The pains of pregnancy are banished by Wine of Cardui, and miscarriages, which blast so many fond mothers' hopes, are prevented. Flooding, which so often occurs after childbirth, is corrected when Wine of Cardui is used during pregnancy.

Wine of Cardui babies are healthy babies, because, during the months of pregnancy, the mother is able to give them necessary vitality.

With these facts presented to American women so expectant mother should be satisfied without the reinforcement that Wine of Cardui will give her. Every mother should be able to treat herself in her home with this valuable medicine.

Wine of Cardui can be secured from any druggist at \$1.00 a bottle.

Polygamy, N. C., Jan. 11, 1902.

I am the mother of seven children and while in pregnancy with the seventh I suffered untold misery until they were born. One month before the arrival of the baby I began to take a bottle of Wine of Cardui, which gave me relief after taking three doses. I used the remainder of the bottle until the birth of the child, and was stronger in three days after the birth than I was in a month after the birth of either of the first six. I am 39 years old.

MRS. V. ELIZABETH STAFFORD.

WINE of CARDUI

SUNDAY SERVICES

United Brethren.
Services at the U. B. church in Yew Park, as follows: Preaching at 11 a. m. also at 7:30 p. m. Sabbath School at 10 a. m. Walter Reynolds, pastor.

W. C. T. U.
Prof. Matthews will speak at the regular 4 o'clock meeting at the W. C. T. U. hall. All are welcome.

Christian Science.
Second Church of Christ, Scientist, 140 Chemeketa street. Services: Sunday at 10:30 a. m. and 7:30 p. m. Subject of lesson sermon: "Love." Sunday School at 11:45 a. m. Wednesday evening testimonial meeting at 7:30 o'clock. Reading room in the church open each afternoon except Sunday. All are cordially invited.

First Unitarian Church.
Corner of Chemeketa and Cottage streets. Frank Abram Powell pastor. Sunday School at 10 a. m. Mr. Will Henderson superintendent. Mr. Powell will speak at 11 a. m. on "Am I My Brother's Keeper?" and at 7:30 p. m. on "The Light House System."

Christian Science.
First Church of Christ, Scientist. Services: Lesson sermon and children's classes at 11 a. m. Subject of lesson sermon: "Love." Wednesday evening meeting at 7:30 p. m. Reading room open daily except Sunday at 7:30 p. m. Reading room open daily except Sunday. Christian Science hall corner of Court and Liberty streets.

First Presbyterian.
H. A. Ketchum pastor. Preaching services at 10:30 a. m. and 7:30 p. m. Sabbath School at 12 m. Young People's meeting at 6:30 p. m. Subject of morning sermon: "When the church earnestly inquires of God for the salvation of the lost, then sinners will inquire of the church what they must do to be saved." Subject of evening sermon: "Condemned by the Ninevites."

Y. M. C. A.
Corner of Commercial and Chemeketa streets. Rev. W. C. Kantner, D. D., will deliver the second of a series of addresses to men at the Y. M. C. A. this afternoon at 3:30 o'clock. Subject: "The man who lived a fast life." Twenty minutes song service at the opening, assisted by the association orchestra. All men are invited.

How many mothers realize that when the baby's advent is expected they need strength for two instead of one. Women, weak, nervous, just able to drag around, find themselves confronted with coming maternity. They have not strength enough for themselves, how can they have strength to give a child? We don't look for the birth of strong ideas from a weak mind. Why should we expect the birth of strong children from weak mothers?

The way to ensure health and strength to mother and child is to use Dr. Pierce's Favorite Prescription as a preparative for motherhood. It brings the mother's strength up to the requirements of nature, so that she has strength to give her child. It nourishes the nerves and so quiets them. It encourages a natural appetite and induces refreshing sleep. "Favorite Prescription" makes weak women strong and sick women well. There is no alcohol in "Favorite Prescription" and it is free from opium, cocaine and all other narcotics.

"I wish to let you know the great benefit my wife derived through taking your 'Favorite Prescription,'" writes Mr. Robert Harden, of Brandon, Manitoba, Box 235. "It was when her baby came. We had heard so much of your medicine that my wife decided to try it. I may say my wife's age was thirty-three and this was her first child. She commenced to take 'Favorite Prescription' five months before her child was born. We have a fine healthy girl, and we believe that this was mainly owing to the 'Favorite Prescription' taken faithfully according to directions. We shall certainly recommend it wherever we can."

Dr. Pierce's Common Sense Medical Adviser, paper covers, is sent free on receipt of 21 one-cent stamps to pay expense of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.

HUIE WING SANG CO.
