X-RAYS

Salem streets will soon be paved with—what!

Bock beer, spring chickens and camp meetings are nearly ripe.

Any Alderman who advocates hauling off mud ought to be shanghaied.

Why clean up the alleys and back yards, when we can spend our time wrangling about a pest house that hasn't been used for years.

How good it makes a man feel to pay three dollars road tax, and then watch that old horse haul on mud and haul off gravel. That makes a fellow feel as though he was getting something for his money, anyway.

Another dump cart might be more useful just now than a pest house, and it might save some pest.
