MAKES AN ATTACK ON PRESIDENT

Russians Indignant Over U. S. Government's Action Regarding Warships

St. Petersburg, June 7.—The Novo Vremya publishes a bitter attack on President Roosevelt for ordering the Russian warships at Manila to either leave or dismantle. In naval circles great indignation is also expressed against the President for this action, and many officials are inclined to assume a threatening attitude.

Wants Peasants to Help.

St. Petersburg, June 7.—The Czar has issued a proclamation to the peasants, requesting them to co-operate with the commission headed by M. Bouligan, minister of the interior, in working out details of the representative assembly. The proclamation bears date of last Saturday.

Campaign against Education.

St. Petersburg, June 7.—Governor-General Trepoff has begun a campaign against education, on the ground that it will open the eyes of the people to the evil conditions, and that it weakens the authority of the government. He today summoned the principals of the St. Petersburg schools, and urged them to unite in demanding that tuition to all the universities be raised to 500 roubles a year.

Stopped British Steamer.

Nagasaki, June 7.—A Russian transport stopped the British steamer Cilurnum, 80 miles off of Woo Sung, June 2d, and sent a party aboard, who threw overboard a portion of the cargo. The Russians left suddenly. It is supposed they feared the approach of Japanese warships.

Japs Repulse Enemy.

Tokio, June 7.—Oyama reports: "Enemy's infantry attacked Machatua on the morning of June 5th, and were repulsed the same day by our force, which advanced to Shaxo, and dislodged the enemy heading for that vicinity, and occupied a neighboring eminence. A portion of our cavalry drove the enemy northward toward Chichatz."

St. Petersburg, June 7.—Ambassador Meyer had an interview with Foreign Minister Lamsdorf, at 11 o'clock last night, and today went to Tsarko-Selo, where he had a special audience with the emperor. The Czar's advisors are unanimously for peace.

Chicago Markets.

Chicago, June 7.—Wheat 88%; corn, 51% @ 51%; oats 31% @ 31%.

NORWAY NOW HAS NO KING

The Union Between Norway and Sweden Under One King Dissolved

Christiana, June 7.—The Storting today declared the union between Norway and Sweden under one king dissolved, and that the king cease to act as king of Norway. The Storting empowered the present state council to act as the government of Norway.

No Ill Feeling.

An address to the king was adopted, declaring no ill feeling was entertained against him or his dynasty, or the Swedish nation, and asking him to co-operate on the selection of a young prince of the house of Bernadotte to occupy the throne of Norway.

Peaceable Measures.

London, June 7.—A Times correspondent from Christiania says, on good authority, the statement is made that Sweden has indirectly assured Norway that no forcible measures will be employed to keep her within the bonds of the present union.

King Protests.

Stockholm, June 7.—King Oscar sent a telegram to Premier Michaelson as follows: "Have received communication of council of state, and record a most decided protest against the methods and action for the movement."

ANOTHER STORM.

More Damage Being Done in Wisconsin By Floods and Storms.

Milwaukee, June 7.—Another storm swept the middle section of the state last night, flooding thousands of acres, and causing more damage to crops. At Menasha all the mills are closed down. The Wisconsin company this morning lost a raft of 50,000 feet of lumber. Reports of damage from different sections of the state are continually growing.

Another Yacht Race.

Cowes, Isle of Wight, June 7.—The Atlantic, Apache, Utowana and Valhalla have been entered for a race from Dover to Heligoland for another cup offered by the Kaiser. They will start June 17th.

More Rioting.

St. Petersburg, June 7.—Rioting was renewed in the districts of Khitchevan and Kirvin, where the Tartars and Armenians engaged in bloody conflicts.

Music Makers Capture City of Denver for Balance of Week

Denver, Colo., June 7.—The National Federation of Musical Clubs, whose membership embraces musical organizations in the chief cities throughout the country, began its fourth biennial convention here today as the guest of the Tuesday Musical Club of this city. The attendance is the largest in the history of the federation's meetings. This morning was devoted to the reception of the visitors and the reports of the national officers. After luncheon at the Denver Woman's Club the delegates attended a concert provided by prominent musicians belonging to the federation. The convention will continue until the end of the week, and the business sessions will be interspersed with musical and social entertainments.

Contempt Case Argued.

The Parkersville drainage district matter was argued this morning, but, previous to beginning the arguments, the proceedings were dismissed as to Francis and Barbara Wattier. The attorneys consumed the larger portion of the morning in presenting their opinions on the matter, and Judge Hellingier has the whole matter safely tucked away under his judicial hat, where it will remain until the spirit moves the judge to make it public. It is one of those matters involving so many people, with such diverse interests, and one where such bitter feeling has been stirred up that the courts are generally lenient in dealing with those whose feelings, opinions and beliefs have carried them perhaps too far. At any rate, the scales of justice balance evenly, and the matter will be settled right.

Must Pay the Tax.

Attorney-General Crawford has rendered an opinion at the request of State Treasurer Moore, upon the inheritance tax law. The question was whether inheritance tax is to be paid on property decedent, the deed to take effect upon the death of the grantor. The opinion is to the effect that, as the deeds were made in contemplation of death, the property is subject to the inheritance tax.

Nichols Case Up.

A matter of alimony and counsel fees in the case of West against West was argued in department No. 2 this afternoon, and following it the case of Nichols against the City, on a writ of review from the recorder's court, was taken up.

Commissioners' Court.

The county commissioners' court is in session, devoting all its time to passing upon claims against the county. This will keep the court busy all of tomorrow, and Friday, being the regular road day, will be devoted to matters pertaining to highways.

Graduating Exercises.

The graduating exercises of the College of Oratory will occur tomorrow evening at the M. E. church. Henry Lawrence Southwick, dean of the Emerson College of Oratory, Boston, Mass., will deliver the address. The public is cordially invited.

TRUSTIES MAKE ESCAPE

Two Convicts While Road Building Yesterday Escape From the Guards

Two "trusties," Edward Lousignot and Fred Collins, told the penitentiary goodbye yesterday afternoon, and are, at this writing, still enjoying the wild freedom of the woods and the absence of guards. They were in a gang engaged in road building, and were in the charge of Guards Skipton and Byrne. The escape was made a few minutes before 5 o'clock, as the guards were rounding the gang up for its return to the pen. The escapes were cutting brush, and when the guard turned his back for a moment they skipped. The underbrush at that point is very heavy, and, once in it, they had disappeared as thoroughly as a frog in a pond. A posse was organized as soon as the gang could be returned to the pen, and a vigorous pursuit was made, but, though the

posse claims to have got within hearing distance, nothing was seen of the fugitives. Search began again this morning, and, as the prisoners were both men of more than average size, and dressed in convict garb, it seems improbable that they can remain long at large. Superintendent James issued a description of the men last night, sending it broadcast, and also offered a reward of \$50 for the capture of each.

NO MORE RAILWAY PASSES

New Laws Go Into Effect in State of Washington Today

Olympia, Wash., June 7.—The laws passed by the recent legislature became effective today. The various commissions take their office today, including the railway commission. All passes were called in by the railways. Among the new laws is the anti-graft law, which, if enforced, stops tipping.

CLEANING THE STREETS

Under directions from the city authorities the Citizens' Light & Traction Company is having its tracks on State street cleaned up and freed from grass and other growth. Incidentally, the crew is also putting the tracks into a god state of repair, much to the benefit of the service on that street. The city also has an auxiliary force of men at work cutting grass and hoeing out the roots all along that street, and when the work is complete it will add greatly to the sightliness and sanitary improvement of the street. Several others of Salem's prominent streets should be given a similar treatment. In fact there are many Salem people who believe if the efforts of the city in the way of street work were absolutely confined to cleaning up until permanent improvements are inaugurated that it would be the best and most inexpensive public policy. At the same time many yards are being cleaned up and the spirit of that which is next to godliness seems to be rife, hence it would not come amiss for all concerned to make another move forward in the way of a clean town. In short, let us have the cleanest place in Oregon, and just in proportion as this is brought about will it be the best city in the state.

M'GINTY GOES TO THE POST

First Conviction Under Oregon's New Whipping Post Law

Portland, Or., June 7.—Charles McGinty was convicted of beating his wife this morning, to secure her earnings, and sentenced to 20 lashes. This is the first conviction under the new whipping post law. The punishment was administered this afternoon by a deputy sheriff, using a cat-o-nine-tails on his bare back. East stroke brought the blood.

Quiet in Strike Circles.

Chicago, June 7.—A call was signed this afternoon for a meeting of the Chicago team owners to consider the lockout of 8000 truck drivers. This action follows the failure of the team owners' committee to secure an agreement to arbitrate from the teamsters. In the meantime the teamsters have named a peace commission, with full powers to settle the strike. President Gibbons, of the teamsters' joint council, who is a member of the committee, will arrange a conference with the employers before the day is over.

Thanks Mikado.

Rose, June 7.—The pope today addressed an autograph letter to the Emperor of Japan, thanking him for the liberty granted the Catholic missionaries, in allowing them to enter territory conquered by the Japanese, and helping them to establish their houses.

ADDITIONAL PERSONALS.

Geo. W. Gray left this morning for Portland. J. H. Albert left this morning for Hot Lake, where he will join Mrs. Albert. Dr. E. A. Pierce left this morning, to accompany the state board of health, which will meet the Eastern Oregon health board at Baker City tomorrow, and will hold a meeting at Pendleton tomorrow evening. Dr. Yennie, of Portland, the new secretary, will accompany the board.
