

A Heavy Load to Carry.

Along with dyspepsia comes nervousness and general ill-health. Why? Because a disordered stomach does not permit the food to be properly digested, and the products assimilated by the system. The blood is charged with poisons which come from this disordered digestion, and in turn the nerves are not fed on good blood, and we see symptoms of nervousness, sleeplessness and general break-down. It is not head work, nor over physical exertion that does it, but poor stomach work. With poor, thin blood the body is not protected against the attack of germs of grip, bronchitis and consumption. Fortify the body at once with Dr. Pierce's Golden Medical Discovery—a pure combination of native medicinal roots without a particle of alcohol or dangerous habit-forming drugs.

A little book of extracts, from prominent medical authorities extolling every ingredient contained in Dr. Pierce's Golden Medical Discovery will be mailed free to any address on request by postal card or letter. Address Dr. R. V. Pierce, Buffalo, N. Y.

Many years of active practice convinced Dr. Pierce of the value of many native roots as medicinal agents and he went to great expense and time and in money, to perfect his own peculiar process for rendering them both efficient and safe for tonic, alterative and rebuilding agents.

The enormous popularity of "Golden Medical Discovery" is due both to its scientific compounding and to the actual medicinal value of its ingredients. The publication of the manual of Dr. Pierce's Golden Medical Discovery on the wrapper of every bottle sold, gives full assurance of its non-alcoholic character and removes all objection to the use of an unknown or secret remedy. It is not a patent medicine nor a secret one either. This fact puts it in a class all by itself, bearing what parts or organs may be affected with it. Dr. Pierce's Pleasant Pellets are the original little liver pills, first put up 40 years ago. They regulate and invigorate, stomach, liver and bowels. Much imitated but never equaled. Sugar-coated and easy to take as candy. One to three a dose.

A Matter of Law.

Creefield was killed by a man who crept upon him and shot him in the back of the head. Mitchell, the murderer, has sisters who were ruined by Creefield. Not believing that there was a law in the land to mete out full measure, he took justice in his own hands and ended the career of a brute. Still, all law-abiding citizens, notwithstanding general opinion, deplore the fact that our courts and the laws of the land are ignored in such cases. Many who ask for the freedom of Mitchell are among those who condemn the lynching in the South of far worse brutes than Creefield.—Woodburn Independent.

A coarse, leathery complexion made unbecomingly by eruptions calls for a general reform in living. The diet should be plenty of Hollister's Rocky Mountain Tea, 35 cents, Tea or Tablets. Dr. Stone's drug store.

Conference at The Dalles.

At 8:30 yesterday morning the annual district conference of The Dalles district Methodist church began its regular business sessions at the Methodist church. The devotional service was led by the presiding elder, Rev. Walter Skipworth, assisted by Rev. W. C. Evans, of Hood River, and Rev. Robert Warner, of this city.

It was certainly a fellowship meeting, as the men who have been devoting their time for several months to their pastoral work without interruption, came together in the sacramental service. Rev. Skipworth conducted it in his usual impressive manner.

Fortunate Missourians.

"When I was a druggist at Livonia, Mo.," writes T. J. Dwyer, now of Graysville, Mo., "three of my customers were permanently cured of consumption by Dr. King's New Discovery and are well and strong today. One was trying to sell his property and move to Arizona, but after using Dr. King's New Discovery a short time he found it unnecessary to do so. I regard Dr. King's New Discovery as the most wonderful medicine in existence." Suresst cough and cold cure and throat and lung healer. Guaranteed by J. C. Perry, druggist. 50c and \$1. Hopi Indians First American Weavers.

The Hopi were the original weavers of the southwest and taught the Navajo the craft that has made him famous—"her," rather, for it's the Navajo women who do their weaving, the men devoting their time and energies toward the business end, disposing of the women's products at the trading posts. Very few specimens of the Hopi's exquisite work reach civilization, for nearly everything they make is for their own use. The women of the tribe are most conservative and adhere to the native dress woven in one piece, folded, laced together with colored yarns and belted in with a long woven sash of bright blue. It is black, a diagonal weave, with a ten inch border at top and bottom of dark blue in an embossed diamond pattern. This is caught over the right shoulder, leaving the left bare, and they generally wear a mantle of a smaller blanket, or of calico, caught over the left shoulder and flowing free behind. With this arrangement of costume and their own old method of hair dressing it would be a long trip to find anything more picturesque than a group of women and girls gathered for their daily trading bee and "mothers' meeting" on a kiva roof, or on a house terrace, weaving their bright colored trays and lurching, or particularly on the house tops, viewing a "dance" in the plaza, when each one wears her best. At such times the unmarried girls are supposed to retire modestly to their homes before the close of the ceremony that they may not have to mingle with the dispersing crowd.—From Hopi Indians, Gentle Folk, by Louis Akin in The Craftsman for June.

His Candidate.

(Harper's Weekly.) District Attorney Jerome tells of a certain citizen whom he encountered on the last presidential election day. Conversation was somewhat hampered by the fact that the citizen's vocabulary was limited to about 85 words "Who" and "what" were evidently one to him as yet, but he made himself clear on one point. "How long have you been in this country?" he was asked. "Ah hane one month," he answered. "Are you going to vote?" "Yah." "Whom are you going to vote for?" "Ah hane goin' to vote for ten dollars," was the self-satisfied response.

ONE BALL GAME.

And Four Brass Bands—Woodburn Takes the Bun.

There will be a great big time in Woodburn next Sunday. The principal features will be a rattling ball game that will warm the hearts of the fans, and a band tournament. It will also be the first game on the Gow ball grounds. When Woodburn and Silverton played not long ago the score was 7 to 7 at the end of the 12th inning. It is now proposed to play a game to decide the other tie game. Both sides are preparing for a battle royal, and there will be some pretty playing by two strong teams. There will also be plenty of music. The Silverton, Aurora and Woodburn bands will participate, and probably the Mt. Angel band will also be here. It will be a great day. Among the excursions will be a big one from Silverton. An immense crowd is expected. All the surrounding towns and countryside will be well represented.
