

Will Not Stain Hair

Ayer's Hair Vigor, new improved formula, does not stain or change the color of the hair, even to the slightest degree. If your hair is blond, gray, or even snow-white, Ayer's Hair Vigor, the new kind, will not make it a shade darker. Ask your doctor if this is not so.

AMONG WILLAMETTE VALLEY FARMERS

The editor of The Capital Journal spent a few days the past week among farmers in the Willamette valley and enjoyed his visits very much.

Saturday he was the guest of Morning Star grange in Linn county and enjoyed the hospitality of several fine farm homes.

The Libby Neighborhood.

C. H. Libby, who is dead, owned this place, 260 acres, and the road to Jefferson is known as the Libby road, and the hills to the south as the Libby hills. Here the three Libby boys, Frank, who lives near Jefferson, and S. E., who is contracting at Portland. Arthur is on the old place, and deals some in cattle. Frank ships sheep. Of the 260 acres only 100 acres are under cultivation. As a wheat country this section is not as good as formerly. Insects and frosts are dangerous enemies. The Parrish place is to the east. Parrish's gap is a historical notch in the hills, from Salem prairie to Jefferson. It was the principal road. Mrs. Parrish still lives on the old E. E. Parrish place, which was taken up about the time of the Jesse Looney donation land claim. The Parrish lands extended through to Marion. Of the Parrish family three sons survive—Frank, Edward and William still reside on parts of the old place. Mrs. Parrish has become Mrs. Jas. Curl. Wm. Parrish is justice of the peace. The Libby farm was formerly part of the Samuel Whitney donation land claim, and was owned for many years, with a large tract to the south by Squire Johnson, father of George, Thurston, Frank, Al, Chas., and Warren, the latter died at Burns. Straight east from the Libby place is the Parrish gap. Due south is the Knox Butte in Linn county. Due west is the Looney Butte, around which as a landmark Jesse Looney selected many sections. The Looney boys still own all of the old place, except part of Ben's land which is owned by a German.

All the Libby boys are developing into good business men. A. C. Libby is rustling hard at working the roads, was recently a delegate to the state grand lodge of Odd Fellows, is deputy grand master for this district and has been master of his local grange. He has always acted with the reform forces in county politics, and while naturally inclined to be a Republican has never been dominated by the machine.

There are some successful small

dairies in this section. This is becoming a Jersey country and few sections are turning off more good butter or selling more cream than many larger places. Fred Zutter, who was with Amster's dairy at Salem a number of years, is now running 180 acres of John and Fred Wied's land. He is in partnership with Joshua Sutter, also a Salemite. They are running 19 cows and turn off about \$50 a month of cream, besides a crop of oats, vetch and wheat. There is 14 acres of this land in walnuts, 15 years old. They have a fine crop. Mr. Zutter is an experienced dairyman and says he is going to try to take the short summer course in dairying at Corvallis. The need of the Jefferson country is more clover and forage plants. The worn-out grain land that runs any farmer in debt to pay the threshing bills, are hungry for clover and leguminous. When will farmers learn that these crops take their growth from the air, enrich the soil and swell the bank account, while grain crops impoverish the land, make it hard, barren and unproductive.

At Millersburg.
The C. C. Starton farm of 237 acres is one of the finest farms in Oregon and could not be bought for less than \$75 per acre. He bought most of this land in 1882 for \$33 1-3 an acre. He has a warehouse at Miller station on the east line of his farm and in all about \$10,000 has been spent in improvements, including a fine modern residence with all modern conveniences. Windmill, water is piped all over the house, and to the barns and pastures, so that the labor is reduced to a minimum. Twenty acres prunes netted him \$500 above expenses of picking and drying. This year his crop promises to make \$200 net. He sold last year for 3 1/2 cents and has contracted this year at 4 1/4 cents. All of his prune trees that show signs of splitting down are wired up. Dairying is rapidly increasing in this part of Linn county, and is a small feature of the Starton farm. Out of four cows in four months they took \$100 in cream. If Mr. Starton could get farm labor he could put up silos, grow corn, and turn off thousands of dollars worth of dairy products and pork, but the difficulty of securing farm help is the same all over western Oregon. He has 30 acres of clover, and has grown clover for 12 years, being the first man to make clover a success. He makes a seed

crop quite a success. When he first farmed here he got from 30 to 45 bushels of wheat to the acre. This run down to 20 bushels and even 15, when Mr. Stratton quit and has of late years grown principally oats. He has just shipped his last carload of oats. Oats average 35 to 40 bushels to the acre and sell from 35 to 40 cents a bushel. Mr. and Mrs. Starton have rented their place to their son, Clarence, and spend their winters in California. Their two daughters are married. Mrs. Stratton is a woman of culture and their home is well supplied with telephones, books, magazines, musical instruments and is noted for its comforts and hospitality. Such a farm home is a beacon light of progress and civilizing influences.

A. W. Mooreland has 160 acres at Millersburg. He came in from Idaho a few years ago and is employing up to date methods of farming, making improvements and milking 15 cows. In a few years he will have one of the finest farms in the county. He is a young man and has a firm belief in the future of the Willamette valley.

E. HOFER.

Commencement Program.

The 1907 commencement program of the Willamette university as now completed is as follows:

- June 5, 8 p. m.—President's Reception.
- June 6, 8 p. m.—Commencement College of Oratory.

- June 13—Class Day Exercises, Art Exhibit.
- June 13, 8 p. m.—Commencement College of Liberal Arts. Address Hon. Edgar B. Piper, '86.

SO DECEPTIVE.

Many Salem People Fail to Realize the Seriousness. Backache is so deceptive. It comes and goes—keeps you guessing. Learn the cause—then cure it. Nine times out of ten it comes from the kidneys. That's why Doan's Kidney Pills cure it. Cures every kidney ill from backache to diabetes. Here's a Salem case to prove it. Jacob Morelock, farmer, living on Rural Ave., between Hazel and Laurel streets, Salem, Ore., says: "What I said about Doan's Kidney Pills three years ago after having used them for kidney complaint and backache which had troubled me for some time, was only the plain truth. I procured them at Dr. Stone's drug store and they acted up to the representations made for them and before I had used a whole box, I found great relief. In a short time the action of the kidney secretions was corrected and the pain and aching was removed from my back. I cheerfully recommend Doan's Kidney Pills to anyone troubled with backache or kidney complaint." For sale by all dealers. Price 50 cents. Foster-Millburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

Then Changes Her Mind.
"Woman's a queer creature," said the bachelor. "When she will she will and that's all there is about it."
"But," remarked the youth who was once engaged, "sometimes she merely says she will."—Philadelphia Press.

The Magic No. 3.
Number three is a wonderful mascot for Geo. H. Parris of Cedar Grove, Me., according to a letter which reads: "After suffering much with liver and kidney trouble, and becoming greatly discouraged by the failure to find relief, I tried Electric Bitters, and as a result I am a well man today. The first bottle relieved and three bottles completed the cure." Guaranteed best on earth for stomach, liver and kidney troubles, by J. C. Perry druggist, 59c.

The Kind You Have Always Bought

DOCTORS MISTAKES

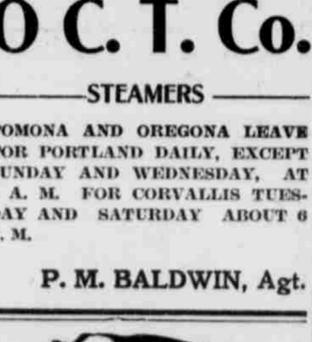

Are said often to be buried six feet under ground. But many times women call on their family physicians, suffering, as they imagine, one from dyspepsia, another from heart disease, another from liver or kidney disease, another from nervous prostration, another with pain here and there, and in this way they present alike to themselves and their easy-going or over-busy doctor, separate diseases, for which he, assuming them to be such, prescribes his pills and potions. In reality, they are all only symptoms caused by some uterine disease. The physician, ignorant of the cause of suffering, keeps up his treatment until large bills are made. The suffering patient gets no better, because of the wrong treatment, but probably worse. A proper medicine like Dr. Pierce's Favorite Prescription, directed to the cause, would have entirely removed the disease, thereby dispelling all those distressing symptoms and instituting comfort instead of prolonged misery. It has been well said, that "a disease known is half cured." Dr. Pierce's Favorite Prescription is a scientific medicine, carefully devised by an experienced and skillful physician, and adapted to woman's delicate system. It is made of native American medicinal roots and is perfectly harmless in its effects in any condition of the female system.

As a powerful invigorating tonic "Favorite Prescription" imparts strength to the whole system and to the organs distinctly feminine in particular. For overworked "worn-out," run-down, debilitated teachers, milliners, dressmakers, seamstresses, "shop-girls," house-keepers, nursing mothers, and feeble women generally, Dr. Pierce's Favorite Prescription is the greatest earthly boon, being unequalled as an appetizing cordial and restorative tonic. As a soothing and strengthening nerve "Favorite Prescription" is unequalled and is invaluable in allaying and subduing nervous excitability, irritability, nervous exhaustion, nervous prostration, neuralgia, hysteria, spasms, St. Vitus's dance, and other distressing, nervous symptoms commonly attendant upon functional and organic disease of the uterus. It induces refreshing sleep and relieves mental anxiety and despondency. Dr. Pierce's Pleasant Pellets invigorates the stomach, liver and bowels. One to three a dose. Easy to take as candy.

The pessimist derives a lot of pleasure from his efforts to spoil the pleasure of others.

Terribly Distressing.
Nothing can cause more pain and more distress than Piles. No wonder many Pile sufferers say their lives are burdens to them. Ointment and local treatments may relieve but cannot cure. Dr. Leonhardt's Hem-Roid is guaranteed to cure any case of Piles. If Hem-Roid doesn't cure you, you get your money back. Hem-Roid is a tablet taken internally, thus removing the cause. \$1.00 at druggists, or Dr. Leonhardt Co., Niagara Falls, N. Y., Proprietors. Sold by Dr. S. C. Stone, Salem.

O. C. T. Co.
