PORTLAND PLUNGER ARRESTED

(United Press Leased Wire.)
Portland, Or., March 21.—Fallen from his high estate, humiliated and disgraced, G. M. Whitson, well-known throughout the Pacific Northwest and in Colorado as the Portland representative of the Colorado Fuel and Iron Company, is under arrest in Walla Walla charged with passing worthless checks upon the manager of the Hotel Smeede, of Eugene, Or. The checks were for small amounts, and seem ironic travesties upon the genuine bits of commercial paper which Whitson formerly handled, that were good in any bank in the Northwest for thousands. Governor Chamberlain today issued requisition papers upon Governor Mead, of Washington, asking for Whitson's return to Eugene, Or., where he is wanted to answer to a charge of passing worthless papers. While a resident of Portland Whitson moved in the best social and business circles in the city. He handled a number of large steel contracts and had a brilliant future in his line. He sold millions of tons of rails to the O. R. & N and the Hill lines, and handled the major portion of the construction steel trade in Portland. Whitson fell from grace in a series of misfortunes that came with the slow delivery of a big contract of structural steel, and he was discharged. A tour in Southern Oregon following his discharge was marked with bits of worthless paper which he has cashed.

Do Not Crowd the Season.
The first warm days of spring bring with them a desire to get out and enjoy the exhilarating air and sun shine. Children that have been housed up all winter are brought out and you wonder where they all came from. The heavy winter clothing is thrown aside and many shed their flannels. Then a cold wave comes and people say that grip is epidemic. Colds at this season are even more dangerous than in mid-winter, as there is much more danger of pneumonia. Take Chamberlain's Cough Remedy, however, and you will have nothing to fear. It always cures, and we have never known a cold to result in pneumonia when it was used. It is pleasant and safe to take. Children like it. For sale at Dr. Stone's drug store.
