

# NEGRO NOT YET FOUND TRUMBULL, SHOT IN THE THIGH, WILL RECOVER

[United Press Leased Wire.]  
Shaniko, Or., June 17.—The entire countryside around this city is crowded today with men and boys, searching for H. E. Brooks, the drunken negro porter, who early yesterday shot and seriously wounded Bernard H. Trumbull, representing the Illinois Central railroad in Portland, and slightly wounded John S. McLaughlin, employed by the same company.

While Trumbull was more dangerously wounded than McLaughlin, neither one of the negro's victims will die. They are resting comfortably in a hospital in Portland. If Brooks is not captured this morning the penitentiary bloodhounds at Walla Walla will be put on his trail. Sheriff Levi Christman and a large number of deputies have arrived here from The Dalles and taken up the search in one direction, while other parties are working in opposite directions.

Christman said he would have sent for bloodhounds at once, but for the

reason that they could not work well owing to the heavy rains.

**Trumbull Will Recover.**  
Portland, Or., June 17.—The wound, which it was feared at first would cause the death of Bernard Trumbull, who was shot by a drunken negro porter, who was being assisted by Trumbull to his car at Shaniko, is not fatal. The first reports from Shaniko were to the effect that Trumbull had been fatally wounded. It develops that he has a wound in the left leg just below the groin and a wound in the right leg. John S. McLaughlin, who was also helping the negro to stand up, was shot in the right leg. Physicians say the only possible danger is that of possible blood poisoning.

**HAYWOOD PULLED FOR SMOKING CIGARETTES**  
Ellensburg, Wash., June 17.—William D. Haywood, former secretary and treasurer of the Western Federation of Miners and prominent in the ranks of the Socialists, is today saying unkind things about Washington's new cigarette law, for he was the first one to be arrested under its provisions in Ellensburg.

Haywood did not know such a law existed when he leisurely rolled a cigarette in the Mint saloon yesterday, struck a match and started to puff. Two workmen did the same. Presently Deputy Sheriff German walked in and, after going through the smoke, seized Haywood and his two companions. At the police station Haywood produced \$15 in cash and was released, but the other two prisoners were held until court was called.

County Attorney E. K. Brown sent a chill through the officers of the police department by announcing that he would not prosecute Haywood or any other persons arrested under the anti-cigarette law until a test case is made. He thinks the law is unconstitutional. The prisoners were discharged.

# MOTHER SAVED HER BABY CLUNG TO PUMP PIPE FOR HOUR AND A HALF

[United Press Leased Wire.]  
Portland, Or., June 17.—After clinging to the pump pipe in a well for an hour and a half, holding the unconscious body of her 3-year-old daughter above the water, Mrs. Robert Cheyn, of Hartford, today is recovering from a nervous collapse, resulting from her frightful exposure.

While playing in the yard of her home yesterday, the child fell into the water. Her screams attracted the attention of the mother, who rushed to the rescue of her child.

Lowering herself by means of the slippery pump pipe, Mrs. Cheyn grasped the baby and held her above the water for an hour and a half, while an older daughter secured help from a neighboring farm house.

The baby was unconscious when help arrived, but quickly recovered. Mrs. Cheyn collapsed, and is confined to her bed.

# SCHOOL ELECTION MONDAY

At the election for school director Monday that office will be filled for a term of five years. From present indications there will be but two candidates, Grant Holt, foreman at the Spaulding Lumber Co. yards, and Mrs. N. E. Griswold, of Yew Park, where Mr. Holt also resides. Petitions have been in circulation for some time asking Mr. Holt to become a candidate, and he has accepted. He is a young business man with children to educate, and owns a home in the city. He has all the qualifications for a good member of the Board of Education. Mrs. Griswold's name was not brought out until yesterday, but she is a well-known woman of the highest character, who has always taken a deep interest in the schools. This will be the first serious attempt to place a woman on the Board of Education, and indications are that there will be a spirited contest Monday afternoon. The election will be held in each ward at the usual polling places.

# VETERANS OBJECT TO REDUCED RATIONS

[United Press Leased Wire.]  
Soldiers' Home, Sawtelle, Cal., June 17.—A growing dissatisfaction felt by the two thousand and more veterans at the soldiers' home here over the parsimony of congress in cutting down the rations appropriation for the current quarter year, was partially alleviated today by the arrival of \$137,000 pension money.

The pension payment will enable at least 400 veterans to leave for the fruit growing districts where they may earn a little money as pickers during the summer. This will permit extension by the home commanders of the short rations to which the veterans have been held and which would not be increased until July 1.

Congress in conserving the finances of the nation cut the local appropriation by \$2000. This compelled the home authorities to serve 11 ounces of meat twice daily instead of thirteen ounces. The veterans complained but their indignation was directed at congress and not against the home officials.

The pension money strongly guarded arrived this morning and will be distributed today and tomorrow.

# SAYS TARIFF ON PAPER IS INEXCUSABLE

[United Press Leased Wire.]  
Washington, June 17.—Pointing out that Canadian manufacturers are the only competitors of American print paper mills, Senator Brown, of Nebraska, today, in an address in the senate, bitterly assailed the finance committee for proposing an amendment, increasing the low rate fixed by the house on this product. "Inexcusable and indefensible from any standpoint," was what he characterized the action of the committee.

Brown said that print paper was made at less cost in the United States than elsewhere, and declared that any duty in any amount was wrong in principle, and utterly unendurable. He declared that American print paper manufacturers did not need protection, and that it would be wrong to give it to them.

# THE WHITE RIBBON WOMEN AT STAYTON

The county convention of W. C. T. U. women is being held at Stayton. Quite a delegation went up Wednesday, including Mesdames Oliver, Rhodes, Bowerman, Holt, Law, Vandervort and Adkins. The report is that Mrs. Law is a candidate for the county presidency.

Mr. and Mrs. A. J. Moores entertained the alumni of Willamette university at their residence on Chemeketa street last night.

W. E. Wilson of Colorado has located at Salem and gone into the real estate business.

Two new six-pound guns from the Oregon are to be sent to Salem in time for exhibition at the Cherry Fair.
