The home of Mrs. L. D. Minear on Griffin creek, was the scene of a very pretty wedding Tuesday evening, when the lovely and accomplished daughter of the home, Miss Susie May Minear, was given in marriage by her brother Earl, to Mr. Justin E. Judy of Griffin creek.

The house was beautifully decorated for the occasion, and the ceremony was performed by Rev. E. Olin Eldridge of this city, under a bower of evergreen and white roses which completely filled the end of the spacious parlor.

The bride was most charmingly attired in a gown of white satin and duchess lace, with veil and orange blossoms—the latter being the real thing from Southern California.

After the ceremony delicious refreshments were served, and later the happy couple left amid the well wishes of their many friends, to enjoy their honeymoon. After their return, they will begin housekeeping in their own home on Griffin creek.

Among those present were Mrs. L. D. Minear, Mr. Edward Judy, Earl L. Minear, Mrs. Emma L. Minear, Mrs. E. O. Eldridge, Floyd H. Minear, M. I. Minear, Mrs. M. I. Minear, Miss Nellie Morton, Blanch Minear, Mr. and Mrs. Charles Zimmerman, Clyde Minear, Norman Judy, Wesley Judy.

The first party is in charge of the team captained by Ben Sheldon and they are determined to set a pace that will cause the other teams considerable worry to excel. The committee has promised something "ripping" for next Tuesday evening and have notified the club members to be on hand promptly at 8:30 as the first part of the program is in the nature of a contest for which a prize is offered, and the late comers are apt to miss something.

Much interest centers in the coming production of the Rose Maiden which the Medford choral society will give in the large hall of the Natatorium on Tuesday evening, December 17th. It will be the first work of its kind performed in Medford for many years past and nothing more ambitious has ever been brought out in Medford by local talent. The chorus numbers forty-six and has been diligently rehearsing for several months; and the orchestra of sixteen, selected and conducted by Mr. Tallander has been brought to a state of efficiency which it seemed well-nigh impossible to attain only a short time ago. The work consists of an orchestral overture and a large number of choruses, solos and ensemble pieces, duos, trios, etc. All soloists are also members of the society, which is limited in membership.

"The Rose Maiden" is the most popular and successful composition ever written by Mr. Frederic H. Cowen, an Englishman who was born on the island of Jamaica. It has always been a great favorite with habitual concertgoers. One number, the "Wedding Chorus," is frequently produced by local organizations, as it is catchy and tuneful, but the work contains many numbers which surpass it from a musical point of view.

[From a series of elaborate chemical tests.]

Comparative digestibility of food made with different baking powders:

An equal quantity of bread (biscuit) was made with each of three different kinds of baking powder—cream of tartar, phosphate, and alum—and submitted separately to the action of the digestive fluid, each for the same length of time.

The percentage of the food digested is shown as follows:

Bread made with Royal Cream of Tartar Powder: **89 Per Cent. Digested**

Bread made with phosphate powder: **67 1/2 Per Cent. Digested**

Bread made with alum powder: **67 Per Cent. Digested**

Royal Baking powder raised food is shown to be of greatly superior digestibility and healthfulness.

The ladies of Medford have placed on sale Red Cross Christmas seals, the proceeds to be used in stamping out tuberculosis. A worthy cause as an ounce of prevention is worth a pound of cure. The people of Medford should be sure the milk they are using is not affected. On December 9th we will deliver milk from our herd of tubercular-tested cows, pronounced free from that dreaded disease by government officials to anyone desiring same. We handle milk produced at our own ranch only. Our barns and milk house are fitted with sanitary care.

One fact that should not be overlooked, when milk producers who were shipping milk into Portland were required to have their dairy herds tested for tuberculosis there were found to be herds with as high as 80 per cent affected. Now you should know what you are setting on your table for the family. As we are the only dealers in the valley who have a strictly examined herd we solicit your patronage.

We believe we can suit the most exacting with our products. Why have the people been paying more for the milk than nine tenths of the people of Oregon. Ashland pays eight cents a quart, Grants Pass eight cents, and on December 9th Medford people who buy of us will pay 8 cents a quart. Believing that competition is the life of trade we will furnish the same for a share of your patronage. Look for the black and white wagon.
