

FRUIT SHIPMENTS FROM MEDFORD TOTAL 775 CARS

Fruit shipments from Medford for the year 1912 will probably reach a total of 775 cars, as against 534 in 1910, the previous high record year, an increase of 45 per cent. Each year henceforth will see the number of cars increase at much faster ratio, as the young orchards reach bearing age.

The record in detail is as follows:

Cars	
Mixed	10
Pears	244
Apples	436
Apples, awaiting shipment	85
Total	775

PUBLIC TRY OUT NEW CURE

(Continued from page 1.)

mit his treatment to the scientific world next Monday.

Dr. Friedmann announces that beginning Monday he will treat every certified case of tuberculosis sent to him by physicians or scientists. He has opened special quarters for this purpose and many physicians have agreed to send tuberculosis cases to him.

To Convince Sceptics

During the five weeks that have elapsed since Dr. Friedmann's startling announcement to the Berlin Medical Society, the doctor has been deluged with letters and telegrams from all parts of the world as the result of the publication of his claims in the medical and lay press.

That there is much skepticism on the part of many of the leading scientists of Berlin as to Dr. Friedmann's claims has followed as a matter of course. There have been so many false claims as to tuberculosis cures emanating from Germany and elsewhere that the scientist is in the mental attitude of discounting in advance any new claims. It is really true, however, that Dr. Friedmann has convinced many Berlin physicians that in his address to the Medical society he did not over-state his discovery.

The most skeptical of the Berlin scientists have demanded that Dr. Friedmann give them his bacilli, so that they could submit his discovery to the acid test of treating certified cases of tuberculosis under the most rigid observation conditions they could impose.

Treat All Cases

Dr. Friedmann has unyieldingly refused to give his bacilli to anyone on the ground that anyone from a small drop of the culture could develop enough to supply the world and deprive him of all credit and recompense.

While Dr. Friedmann's partisans defend his position, the skeptics contend that his refusal to meet their conditions is strong evidence against the reliability of his claims. Dr. Friedmann's final answer is the offer to treat with his new serum every certified case of tuberculosis sent to him. The test cases which he will treat will be certified at the Royal and other clinics.

Dr. Friedmann refuses to see all visiting doctors from various parts of the world on the ground that the danger of losing a small quantity of his bacilli is too great.

Berlin to Confirm

Dr. Hamel, assistant director of the imperial board of health of Berlin, says that this board will be the last body to pass on the efficiency of the Friedmann treatment, and that no official confirmation can be expected from the board until all the greatest doctors in Berlin have confirmed Friedmann's claims.

Talks with many Berlin physicians about Dr. Friedmann and his claims reveal much skepticism among scientists who have not personally observed and examined the tubercular patients Dr. Friedmann claims to have cured.

On the other hand, four physicians of standing whom Friedmann has trusted and permitted to see his treatment have expressed themselves as convinced that Friedmann has discovered the long sought germ which will kill the tubercular germ in the human body, and that his treatment will cure bone tuberculosis and lung tuberculosis, the latter in not too advanced stages. These four doctors are Professor Schleich, Prof. Kuster, Dr. Muller and Dr. Kaufmkel.

HARRIMAN DAUGHTER BREAKS TOE DANCING

NEW YORK, Dec. 14.—Attempting to demonstrate her ability as a fancy dancer, Miss Carol Harriman, daughter of the late E. H. Harriman, is confined to her home here today suffering from a broken toe.

Miss Harriman was to appear in the society vaudeville given at Sherry's for charity.

Your Child's Health Your First Thought

If you have children, naturally your first thoughts are for their health. You certainly want them to develop strong, healthy constitutions. The most careful attention must be given when children show the first symptoms of the many common ailments. Perhaps they are weakly and thin, or grow too fast, thus sacrificing strength. These and other apparently minor ailments may be the forerunner to a weak constitution for life.

Such children need Jayne's Tonic Vermifuge which is essentially a children's tonic. First of all, it will properly care for the child's stomach. It will also improve the appetite, and will add strength to the other organs of the body. In cases of thin or impure blood, it increases the number of red corpuscles enabling the enriched blood to keep the body healthy and strong.

Among the most common ailments that children develop is that of a disordered stomach, leading to an impaired digestion. In many cases this trouble is due to parasites in the intestinal tract. To correct such trouble, Jayne's Tonic Vermifuge is unsurpassed.

For more than eighty years millions of children have been restored to health through the use of this tonic. Insist upon Jayne's; accept no other. Sold by druggists everywhere. Dr. D. Jayne & Son, Philadelphia, Pa.

YOUNG MOTHERS

No young woman, in the joy of coming motherhood, should neglect to prepare her system for the physical ordeal she is to undergo. The health of both herself and the coming child depends largely upon the care she bestows upon herself during the waiting months. Mother's Friend prepares the expectant mother's system for the coming event, and its use makes her comfortable during all the term. The baby, too, is more apt to be perfect and strong where the mother has thus prepared herself for nature's supreme function. No better advice could be given a young expectant mother than that she use Mother's Friend; it is a medicine that has proven its value in thousands of cases. Mother's Friend is sold at drug stores. Write for free book for expectant mothers.

OXYGEN GIVEN TO WHITELAW REID

LONDON, Dec. 14.—Oxygen was administered today to facilitate the breathing of American Ambassador Whitelaw Reid, who is seriously ill here with asthma. Early bulletins say the patient's condition is improved, but specialists attending him admit that the crisis has not been reached.

Ogden Reid, the ambassador's son, is hurrying from New York to his father's bedside.

MEDFORD WOMEN TALK TO THOSE OF ROGUE RIVER

Mrs. J. C. Schmidt and Mrs. W. G. Davidson were invited on Friday last by the Improvement club of Rogue River to bring to them something of the inspiration they received while in Portland at the state federation of Women's clubs. Talks were given in the afternoon, on club organization and on civic improvements. A get-together meeting was held in the evening along civic lines. It is hoped that this may be the beginning of a southern Oregon federation of women's clubs.

CHURCHES TO PLACE CANDIDATES ON RECORD

A meeting of "all citizens of Medford who desire better government" is scheduled for Monday evening at the Methodist church, corner Fourth and Bartlett streets. Committees from each of the churches will be present and a general invitation is extended to every citizen interested. A platform, which will later be submitted for approval or rejection, to the various candidates for mayor, will be drawn up. A second meeting will be called later at which the candidates will be given a chance to explain their views and position on many matters.

The street sweepers of New York City have petitioned to have their wages increased from \$780 a year to \$929. Extra pay for Sunday work is also asked for.

MONEY TRUST PROBE TO QUIZ FINANCIERS

WASHINGTON, Dec. 14.—"Interlocking directorates" and their effect upon the New York stock exchange will be considered next week by the committee investigating money trusts. The country's biggest financial captains probably will be called to testify. The hearings will adjourn next Thursday until after the holidays.

Frank P. Glass, well known as a newspaper publisher in Alabama, is among those receiving mention for a place in the Wilson cabinet.

WORKS SEEKS PARDON FOR BROTHER-IN-LAW

INDIANAPOLIS, Ind., Dec. 14.—In a letter to the state pardon board here today United States Senator John D. Works of California makes a strong plea for the release of his brother-in-law, Charles E. Van Pelt, who is serving an indeterminate sentence of from two to twenty years in the Indiana penitentiary for manslaughter.

Relatives of Charles H. Tindall, shot by Van Pelt for alleged hounding of the latter's wife, are determined, it is said, that Van Pelt shall serve at least his minimum sentence.

STUDENTS DENY PUTTING CHAMP CLARK TO BED

WASHINGTON, Dec. 14.—Speaker Champ Clark received today a written "public apology" from F. A. Barbour of the state normal school at Ypsilanti, Mich., to Barbour's recent charges that the students at Ann Arbor two years ago put Clark to bed drunk. Barbour said he erred, and admitted basing his statement on reports circulated among the students.

Clark said he was satisfied with Barbour's retraction and would take no other action against him.
