The Chosen Friends came back Thursday night and defeated the Medford Business College at basketball, 31 to 9. In a rough and tumble game that produced as much merriment as a musical comedy.

The Chosen Friends will play the High School January 18 in what promises to be the biggest basketball game of the year.

The winners were: Chosen Friends—Center, Waldron; guards, Keltzer and Lindley; forwards, Diddy and Coffeen.

MORGAN THE GREAT.

THE testimony of J. P. Morgan before the money trust probers was a skein of conventional lies quite in keeping with his character—for Morgan is a master hypocrite as well as a money king.

Morgan's word is as good as his bond, but he doesn't hesitate to cause untold misery or bring on a panic by giving the word.

Morgan gives immense sums to charity but does more to produce misery and pauperism than anyone in the nation, because his power is greater.

Morgan is a pillar of the church, but between conferences chases around Europe with actresses for whom he builds beautiful theatres.

Morgan is a patriot. He saved the nation by a bond deal made with Grover Cleveland whereby he pocketed many millions at Uncle Sam's loss. He again saved it under Roosevelt by loaning the government's money at a personal profit to stay the panic he himself had brought on.

Morgan is a great financier—he has tremendously increased the price of living by creating monopolies and inflating securities and making the people buy them and pay interest on them. He has grabbed control of the wages, savings and industries of the people and made them a football to be kicked about by speculators and gamblers.

Morgan knows all about finance—but he didn't impart any of his knowledge at the congressional hearing. He took six lawyers to Washington to coach him on withholding information from the people. It won't bear the light. His patriotism consists in milking the nation.

COUNTY AUDITOR NEEDED.

EVERY large business that handles much money requires an auditor to check over and audit accounts and cash. Experience has proved the value of such an official.

Nowhere is an auditor's service required more than in county court houses, where millions of dollars of the people's money are handled during the terms of officeholders. Public officials, though they may be and generally are honest, are elected because of popularity and are seldom expert accountants or familiar with the intricacies of bookkeeping. An auditor should be there to check over books regularly and devise new, simpler and more satisfactory systems, to detect and prevent errors from creeping in and to expose dishonesty or defalcation.

An auditorship should not be an elective office, but appointive. The county court, responsible for the conduct of the officials, should have the appointive power. The cost would not be much higher to the county than the periodic expiring by high priced auditors.

It is probable that the court already has ample powers to appoint an auditor for Jackson county. If not, such authorization should be secured from the legislature, for an auditor is badly needed.

It is to be hoped that the new county court will inaugurate business methods by employing an auditor for county records as well as by needed reforms in bookkeeping and cash-keeping methods. Pledged to a business regime, it cannot well do otherwise.

TAILOR CAUGHT STEALING WITH GOODS ON HIM

Caught with the goods on him by some clever work on the part of Harry Cingrade of the Medford police force, Frank W. McKay, who has been employed as a tailor by W. F. Isaacs during the past year, made a complete confession to Teggery Bill Thursday night that he had been carrying clothes from the Teggery for the past year and selling them on Whiskey row. Mr. Isaacs declined to prosecute providing that McKay left town which he did, after refunding to Mr. Isaacs a portion of the money he has received through his illicit dealings.

Some time ago Officer Cingrade became suspicious of the manner in which McKay was acting and decided to watch him. On Thursday evening with a bundle under his arm McKay entered a front street saloon. Calling a friend as a witness Cingrade followed him and found in the package a new suit of clothes. Teggery Bill's marks were on the clothes and he identified the clothes as his property.

McKay admitted his guilt and on account of his family plead for clemency. Mr. Isaacs agreed not to prosecute providing McKay would leave town at once which he did.

McKay admitted taking 10 or 12 suits aside from a bunch of underwear, sweaters and the like. Officer Cingrade is of the belief that the goods stolen amount to several hundred dollars.

BREAKFAST IN MANY HOMES IS A SLIM AFFAIR

Breakfast today in many homes proved to be a very slim affair owing to a failure in the gas service due, it is said by the company, to a break in the principal service mains. The break was not repaired until late this morning.

After the break occurred the main was filled with water and air causing much trouble.

Consumptives Helped by Tuberculosis Medicine

It is folly to believe that consumption differs from every other disease in not requiring the use of any medicine for its treatment. For a number of years an enormous mass of voluntary and thankful testimonials from persons who consider that they owe their lives to Eskman's Alternative, a medicine for Tuberculosis, has been accumulating. Surely plenty of time to demonstrate its testing value. You can write to any of them. Here is one:

"Gentlemen: In the winter of 1902 I had an attack of grippe, followed by Parotitis and later by consumption. I grew steadily worse. In the winter of 1903 I had cough, night sweats, fever and raised quantities of sputum. My strength gradually lessened until entirely gone. I am perfectly well. Everything I say here can be verified by my family and friends."

ESKMAN'S ALTERNATIVE IS EFFECTIVE IN Bronchitis, Asthma, Hay Fever, Throat and Lung Troubles, and in purifying the system. Does not contain poisons, opium or habit-forming drugs. Ask for booklet telling of results and write to Richmond Laboratory, Philadelphia, Pa., for more evidence. For sale by all leading druggists.

S.S.S. CURES CHRONIC CATARRH. When we say S. S. S. cures chronic Catarrh we do not mean that it merely checks the symptoms for a time. Some local applications will do that by simply cleansing and soothing the irritated mucous membranes. But all the while the cause which produces Catarrh is left in the system, and as soon as the local treatment is left off, the trouble returns with all its annoying symptoms. S. S. S. cures Catarrh by cleansing the blood of all impure catarrhal matter and at the same time building up the system by its unequalled tonic effects. It goes into the circulation and attacks the disease at its root, and removes every trace of impurity that is causing the trouble. Under the purifying effects of S. S. S., the inflamed membranes are healed by rich, pure blood which is carried to these parts, the offensive discharge from the nose ceases and severe headaches and neuralgic pains are no longer felt. In fact every symptom of Catarrh disappears, the stomach is toned up and the disease is thoroughly cured. Thousands of chronic cases of Catarrh of the most stubborn character have been completely cured by the use of S. S. S. The inflammation which produces chronic Catarrh can never be permanently relieved until the cause has been removed from the blood. This S. S. S. will do, and then nature hastens the return of perfect health. Book on Catarrh and any medical advice free to all. THE SWIFT SPECIFIC CO., ATLANTA, GA.
