

NEGOTIATIONS FOR PEACE FAIL PETITION RETENTION OF E. J. RUNYARD

BALKAN WAR IS TO BE RESUMED WITHOUT DELAY

Formal Notice Is Served on Porte That War Will Be Resumed at the Expiration of Four Days—Armistice Will Terminate at 7 Tonight.

Balkan Envoys State That Penalty Turks Will Have to Pay for Delay Will Be Heavy.

CONSTANTINOPLE, Jan. 30.—War between Turkey and the Balkan allies will be resumed at the expiration of four days, according to formal notice served on the porte this afternoon.

The Turkish foreign minister thereupon notified the Balkan representatives that the armistice would terminate at 7 o'clock this evening.

Penalty to Be Heavy LONDON, Jan. 30.—"Turkey if she persists in refusal of our demand for cession of territory our swords have conquered, as well as Adrianople and the Aegean islands, may find her frontier not a Rodosto and Midia but the Bosphorus and Dardanelles."

This was the declaration here today of a diplomat prominent in the councils of the Balkan allies when asked what effect the refusal of Turkey to yield more than half of Adrianople to her foes would be.

"The allies," this official continued "have won practically all of Turkey in Europe. Adrianople must fall within a few days before our combined assault. The intervenient strife raging among the Turks behind the lines of Thatalja must show plainly to Sherket Pasha and his assistants in Constantinople that resistance there would be hopeless. If the war really reopens—and there is the gravest probability that it will—there can hardly be a doubt in the mind of any impartial observer that the tottering Turkish empire in Europe must finally be extinguished."

Trouble at Once Diplomats here today generally agree with the freely-expressed opinions of the Balkan envoys that hostilities before Thatalja will be commenced in earnest at once. They declare that the evident disruption of the Turkish forces there will give the Bulgarians an opportunity for immediate and probably successful attack and military observers generally look for a determined advance on the part of the allies on Constantinople.

Reports are current here that the first move of the allies will be an attempt to reduce Adrianople. This, however, is believed to be a blind and the impression is general that the first boom of cannon in the renewed struggle will be heard at Thatalja.

NAGEL BACKS ACTION IMMIGRATION BOARD

WASHINGTON, Jan. 30.—Cipriano Castro, former president of Venezuela, is an undesirable citizen and may not enter.

This decision by the board at Ellis Island, was approved by Secretary of Commerce Nagel.

"DONKEY DING" IS LATEST DEMOCRATIC RAGTIME HIT

WASHINGTON, Jan. 30.—"Donkey Ding." That is the dance, named to honor the return of the democrats to power, that is supplanting the "Turkey trot" and like gymnastics here today. It was first tried out by Vernon Castle, a Parisian demonstrator at the exclusive "Playhouse club" here and proved an instant success.

REVOLUTION IN TURKEY LIKELY TO SET WAR GUNS BOOMING ANEW

TALAAAT BEY

BLOODY BATTLE AMONG TURKS AT TCHATALJA

LONDON, Jan. 30.—Confirmation of reports that bloody fighting is in progress among the Turks at Tchatalja was obtained today in dispatches from Constantza. These say that many officers and men have been killed and that more than 200 have been wounded.

Enver Bey, the man of the hour in Turkey, now, who is the leader of the Young Turks and is idolized by the army, will, it is believed, persuade the Cabinet to refuse to abide by the decision of the grand council, and in this case a resumption of the war can scarcely be avoided.

Talaat Bey, the associate of Enver in the wild scenes in Turkey and accused with him as the slayer of Nazim Pasha, is one of the mainstays of the Young Turks.

Won't Surrender Shirines VIENNA, Jan. 30.—Dispatches from Constantinople say that leaders of the Young Turks declare they never will consent to surrender the Moslem shrines at Adrianople and those Aegean islands which command the Turkish coast. This is known here to mean that the Turkish reply to the Balkan allies contains the Porte's final concessions.

The Young Turks leaders issued a statement urging the nation to form a committee on national defense.

STOCKS ON NEW YORK MARKET ARE BRISK

NEW YORK, Jan. 30.—The stock market closed steady today. Aside from further wide fluctuations in American Can, the opening was featureless. Reading, Steel, Union Pacific, Lehigh and Smelting improved 1 to 1 1/2. Virtually every stock commonly traded in was in brisk demand, with advances reaching several points in the more active issues. A reaction in Amalgamated, Can and the Harrimans was the feature. Bonds were steady.

NATIONALIST LABOR PARTY WANTS VOTES FOR WOMEN

LONDON, Jan. 30.—Opposition to any franchise bill which does not include votes for women was expressed here today by the convention of the Nationalist Labor party. The resolution carried by a vote of 850 to 437.

ENVER BEY

MANY SWINDLED IN CONNECTION WITH ROAD LANDS

ROSEBURG, Ore., Jan. 30.—On account of the receipt of hundreds of inquiries reaching the Roseburg land office concerning the opening of the Oregon and California railroad lands for settlement, and indicating that the prospective settlers are being swindled by persons operating in various parts of the country. Register B. F. Jones has today issued a statement giving the status of these lands.

The suit to decide whether the Oregon and California lands shall revert back to the government is now before the United States Circuit Court at Portland for argument.

Despite this fact many settlers are paying from \$25 to \$2000 for descriptions of 160 acre tracts with the understanding that the lands are open for settlement.

ROGUE PEARS AND APPLES TAKE PLACE OF RAG FOR TIME

SALEM, Jan. 30.—Legislative jaws worked overtime Wednesday afternoon in house and senate due to a feast on some of those famous Rogue river valley apples and pears, a gift from the Jackson county delegation which received six large boxes of luscious fruit from the Medford Commercial club. The delegation consists of Senator Von der Hellen of Wagon, and Representatives Westerlund, Carlin and Reames of Medford.

When the senators and representatives returned to their desks after the noon adjournment each was agreeably surprised to find on his desk a Comice pear, a Newtown apple and a fruit. Then the slaughter began, following which resolutions thanking the Jackson delegation and the Medford Commercial club were joyously adopted. The apples and pears proved a pleasing substitute for the rag generally chewed in the legislature.

NEGRO GIRLS BEAT UP WHITE GIRLS ON PICKET DUTY

NEW YORK, Jan. 30.—In disturbances in front of a clothing factory today, three negro girl strikebreakers beat Dora Kirsch and Fannie Roman, who were doing picket duty for the striking garment workers.

EVERY FRIEND PUBLIC MARKET ASKED TO COME TO ITS AID

Retention of E. J. Runyard Believed Necessary to Future of Market and People Are Called Upon to Back Him Up and by Petition Show Mayor Eifer That Majority of the People Are Overwhelmingly in Favor of His Retention, Thus Putting Eifer's Campaign Pledge Before Him.

POPULAR PETITION. (Sign this and mail or bring to Mail Tribune for presentation to city council). To the Mayor and Council of the City of Medford, Oregon: As a citizen of Medford, I protest against making the public market the spoils of politics and petition your honorable body to reappoint the present market master, J. E. Runyard, who has so satisfactorily conducted the market since its first opening. Name Residence

The Mail Tribune believes that the residents of the city of Medford are overwhelmingly in favor of the retention of E. J. Runyard as market master. It has faith in people to know what is best for them and it believes that the removal of Mr. Runyard would be a serious setback to the market.

Therefore today it is inaugurating a plan by which every friend of the public market in Medford can come to the market's aid.

Mayor Eifer in his pre-election statement declared that he would bow to the popular will whenever he found that a majority of the people opposed his individual views. The Mail Tribune is certain that such a condition exists now. Each day sees many friends of the public market in its office voicing support for the market and demanding the retention of Mr. Runyard who made it a success.

Attention of Mayor Eifer has been called to this but still he makes no announcement.

It may be that he does not realize the overwhelming sentiment in the city for the retention of Mr. Runyard. Therefore the Mail Tribune calls upon the public to come to the assistance of the market and signify their belief and faith in the ability of Mr. Runyard. Fill out the blank which is published today and either mail or bring it to the Mail Tribune office. It will be presented to the mayor and city council.

1500 REBELS ARE NEARING JUAREZ; BIG BATTLE SOON

EL PASO, Jan. 30.—Dawn today revealed that 1500 rebel troops, commanded by Generals Salazar and Rojas, surrounded Juarez on three sides, with other rebel commands approaching. Col. Castro, commanding the government troops there, has distributed his troops in trenches and barricaded the outskirts.

Residents of Juarez fled today, fearing the rebels would attack the town before night. At midnight federal couriers reported that still another force of rebels is marching from Guadalupe to join General Salazar's troops. It was also reported that Col. Antonio Robago, at the head of 1000 cavalymen is rushing from the federal garrison at Chihuahua, 20 miles away, to relieve Juarez. The rebels are expected to try to intercept Colonel Robago.

The owners of the horses engaging in the race meet at the Juarez track have arranged to rush the animals here in the event of the battle starting today.

Three Die in Fire CHICAGO, Jan. 30.—Three persons are known to be dead and several others severely injured as the result of a fire which broke out in a five-story hotel in this city last night.

SENATOR BRISTOW SUGGESTS RECALL OF PRESIDENTS

WASHINGTON, Jan. 30.—Recall for the presidents of the United States was proposed here today in the senate by Bristow of Kansas as an amendment to the resolution of Senator Works of California that the presidential term be a single one of six years.

The Works resolution brought out a flood of oratory by those for and against. Its first cogent effect was the defeat of an amendment by Senator Bacon of Georgia that the term of president should be a single one of four years. This was defeated, 42 to 25.

Another amendment was that introduced by Senator Dixon of Montana. It provided that the six-year provision of the Works' resolution should not apply to Woodrow Wilson.

Senators Clapp of Minnesota and Root of New York suggested March 4, 1917 as the date when a six year presidential limitation should become effective if two-thirds of the states have ratified it by that time.

Shugrue Defeats Cross NEW YORK, Jan. 30.—Young Shugrue of this city is declared the victor over Leach Cross, the fighting dentist, today, following their ten-round engagement in Madison Square Garden.

AMERICAN FEDERATION IS TO WAR ON U.S. STEEL CORPORATION

SAMUEL GOMPERS

WILSON NOT TO BE A CANDIDATE FOR RE-ELECTION

WASHINGTON, Jan. 30.—President-Elect Woodrow Wilson of New Jersey will not be a candidate for re-election.

This prediction was voiced in the senate here today by Senator Martine of New Jersey during discussion of the resolution introduced by Senator John D. Works of California which provides for a single presidential term of six years. As Senator Martine owes his election mainly to the efforts of Wilson in the Martine-Smith senatorial fight and stands as close to the New Jersey governor as any other politician in that state, members of the senate accepted the declaration as coming almost direct from the president-elect.

"President-Elect Wilson," said Martine, "has repeatedly advocated the principle of a single presidential term and he may be relied upon to fulfill this principle from a personal standpoint. He has declared himself to this effect publicly. While he has not declared he would not be a candidate again, he has said he believed in the wisdom of a single term and that should be sufficient."

SUGGESTS TAR AND FEATHERS AS CURE FOR MISCEGENATION

WASHINGTON, Jan. 30.—Roasting Jack Johnson, the negro pugilist, to a turn for his marriage of a white girl, Representative Roddenberry of Georgia in the house today suggested tar and feathers as a remedy for miscegenation.

Roddenberry declared that a coat of tar should be applied to a white minister of Niles, who married Geo. Thompson, a negro, to Helen Hanson, a feeble-minded white girl of fifteen years.

The southern legislator told of Thompson winning the child with a doll and said that after the marriage the child was found dying, on which Thompson was arrested.

"My God," cried Roddenberry, "that any civilized state should permit a bestial brute to have legal sanction on his wedlock to such a white child."

Bryan Not Secretary MIAMI, Jan. 30.—Wm. J. Bryan denied again today the rumor that he has accepted the portfolio of secretary of state.

WORKMEN IN 31 STEEL MILLS TO WALK OUT SOON

Struggle Will Be Greatest in History of Unionism—Stanley Investigating Committee Findings Led Federation to Protest in No Uncertain Terms.

PITTSBURG, Jan. 30.—Backed by the American Federation of Labor, workmen in 31 big steel mills today stand ready to walk out in a great labor movement against non-unionism.

This was the declaration here today of Thomas Flynn, an organizer for the labor federation, who asserted the strikes at Rankin and Braddock, near here, involving employees of the American Steel and Wire company, a steel trust subsidiary, is to be followed by the greatest industrial struggle in the history of unionism. Protest Treatment

Color is lent to Flynn's statement by the presence here of Frank Morrison, secretary of the American Federation of Labor who is keeping in close touch with the situation. Morrison is in constant communication with Samuel Gompers, president of the federation, and Congressman Stanley, head of the house committee which recently investigated the steel corporation. Stanley's statement in Washington today in which he declared that "the steel trust is forcing thousands of persons into inhuman slavery," and his request to Morrison for all possible information is believed here to indicate that if the labor federation declares war on the steel trust it will be followed by a congressional probe.

Flynn would not say just when other steel employees would be ordered out but he made it plain that the struggle at Braddock and Rankin is but a forerunner of what is to come.

Report Confirmed SAN FRANCISCO, Jan. 30.—Confirmation of the Pittsburgh report that the American Federation of Labor is to wage war against the United States Steel corporation was obtained here today from Congressman-Elect John I. Nolan, of San Francisco, one of the foremost leaders of labor on the Pacific Coast.

"The declaration at Pittsburgh of Thomas Flynn, an organizer for the federation," said Nolan today, "that the strikes at Rankin and Braddock foreshadow industrial struggle is true. There is, however, no manufacturing steel plant in San Francisco, and therefore no city on the Pacific Coast will be directly affected."

"The plans for a general onslaught of unionism against the steel trust were really started at the labor convention at Atlantic City, when reports were made showing that all steel plants of the east are non-union and that immediate organization is necessary. A policy to that end was adopted and it now looks as though the fight is about to be started."

BOMB WRECKS HOTEL ITALIAN SECTION CHICAGO

CHICAGO, Jan. 30.—Thrown from their beds and driven into the streets in terror, scores of men and women in a three-story Italian hotel narrowly escaped with their lives when a bomb, supposedly set by a Black Hand agent, exploded in the place today.

Every window in the hotel and in other buildings for blocks around was smashed.
