BULGARIA TO ACCEPT TERMS AND END WAR

Peace in Sight in Balkans—Porte to Retain Rule Western Part of Adrianople, Balance of City to Be Ceded Bulgaria.

Kaiser Sends Word to Czar Ferdinand Not to Fight Until Further Efforts at Peace Are Made.

LONDON, Feb. 3.—The armistice between Turkey and the Balkan allies expired at seven p. m. today without either belligerent making a move to prolong peace. Up to 9 o'clock no reports of a resumption of hostilities had reached London.

Diplomats here believe consideration by Bulgaria of Kaiser Wilhelm's note and the Powers' proposal to give Bulgaria control of Adrianople has delayed renewal of fighting.

LONDON, Feb. 3.—Peace in the Balkans is in sight, according to a dispatch received here today by a news agency from Sofia. It says Bulgaria is ready to agree to the Powers' proposal that Turkey control the religious part of Adrianople if the rest is ceded.

Reuters' News agency here says it is reported by an authoritative source that the powers have submitted to the Bulgarian cabinet a proposal to allow Turkey to appoint a representative to rule the Moslem part of Adrianople, the rest of the city to be ceded to Bulgaria.

This would give the porte control of the Holy City mosques only, and the Yeras would call their representative a governor but to the Bulgarians he would be merely a Moslem priest.

Bulgaria Cabinet Meets

It was stated the Bulgarian cabinet had agreed to consider the powers' proposal and to reopen negotiations on that basis. King Ferdinand, it was said, left a sick bed to attend the cabinet meeting.

LONDON, Feb. 3.—The Balkan-Turkish war is scheduled to be resumed tonight by the opening of big guns against the defenses of Adrianople but, although there is but short time intervening, the powers believe, or affect to believe, that the advice sent by the Kaiser to Emperor Ferdinand of Bulgaria not to fight again will at least delay a reopening of hostilities until further attempts at peace are made.

Other Powers Consent

The German minister at Sofia presented the Kaiser's advice today. It was in the form of a note suggesting that Turkey's reply to the powers was fair and conceded all that could be expected. It is understood here the other powers sanctioned the Kaiser's note.

GOVERNORS PLAN BIG POWER PLANT ON COLUMBIA RIVER

THE DALLES, Ore., Feb. 3.—The United States government and the states of Oregon and Washington will each be asked to appropriate \$50,000 for a detailed survey and thorough investigation of the proposed Columbia river power project at Celilo. This was the decision reached by the two executive committees, headed by Governor Lister of Washington, and Governor West of Oregon, after the site had been gone over carefully.

According to State Engineer Lewis of Oregon, he is certain the states could dispose of the 300,000 continuous horsepower and 260,000 additional horsepower available eight months in the year, which could be generated by the construction of a power plant at Celilo.

The cost of the proposed project is estimated at \$23,000,000.

"The Seventh Chord," the play by Ashley Miller, which is shortly to be produced by George W. Lederer, has but four characters.

NEW MUTINY AMONG TURKS AT TCHATALIA

Cavalry Declares Intention of Avenging Murder of Nazim Pasha and Entire Army Is Torn With Dissension and Another War Imminent.

Revenge Is Threatened Upon Military Dictator—Troops Refuse Him Permission to Land.

VIENNA, Feb. 3.—Fresh mutiny among the Turkish troops at Tchatalia with probability of a most serious conflict breaking out among the Moslems at any moment is reported here today in dispatches from Constantinople. The dispatch says the Turkish cavalry have declared their intention of avenging the murder of Nazim Pasha, that the whole Turkish army is torn with dissatisfaction and that another bloody war is certain.

The trouble at Tchatalia, the dispatch says, came to a head when Enver Bey, slayer of Nazim Pasha, visited the camp. The Kurds refused to allow Enver Bey to dismount from his horse and were only prevented by a narrow margin from attacking him in the midst of his staff.

Another Constantinople dispatch says that Shukri Pasha, now commander of Adrianople, has sent notice to Enver Bey that as soon as the war is over he will hurry his troops from Adrianople and then will take full and ample revenge for the murder of his former commander-in-chief.

SERIOUS RUPTURE BETWEEN POWERS O'ER BALKAN WAR

LONDON, Feb. 3.—Reports of a serious rupture between the Triple Alliance and the triple Entente was the only apparent result here this evening of a protracted session of the ambassadors in an effort to prevent a resumption of the Balkan-Turkish war which is scheduled to begin tonight.

The ambassadors adjourned their meeting at four o'clock and after the session ended the representatives of Germany, Italy and Austria were seen talking excitedly together. This caused a report that serious trouble between the two groups of powers had occurred but no substantiation of its accuracy could be obtained.

The most rigid censorship is being enforced tonight at both Constantinople and the capitals of the Balkan states. The only direct dispatches received here said that Turkey and the Balkan allies were moving their troops preparatory to fighting at both Adrianople and Tchatalia.

SUFFRAGETTE CALLS LLOYD-GEORGE TRAITOR

LONDON, Feb. 3.—"Hypocrite and traitor" were a few of the terms applied to Chancellor of the Exchequer Lloyd-George here today by Mrs. Emaline Pankhurst, leader of militant suffragettes, in addressing a mass meeting at the London pavilion. Mutuality of golf links, the latest of suffragette vandalism, was heartily endorsed by Mrs. Pankhurst.

The suffragettes renewed their campaign of violence after a "Votes for Women" bill, approved by government officials, including Lloyd-George, was withdrawn in the house of commons by Premier Asquith.

DUNNE INAUGURATED AS GOVERNOR OF ILLINOIS

SPRINGFIELD, Ill., Feb. 3.—For the first time in 20 years a democrat Edward F. Dunne, former mayor of Chicago, today was inaugurated governor of Illinois. Retiring Governor Deneen introduced Dunne publicly.

SHOE TRUST IS NOT MONOPOLY ASSERTS COURT

Supreme Tribunal Hands Down Decision Holding United Shoe Machinery Company Is Not Unlawful—To Escape Criminal Prosecution.

"Rule of Reason" Helps Court Arrive at Decision Dismissing Criminal Indictments.

WASHINGTON, Feb. 3.—The supreme court of the United States today handed down a decision that the United Shoe Machinery company is not an anti-trust monopoly in restraint of trade. It was charged that the company controls patented machinery leased to 1300 manufacturers in 34 states, ranging from control of 80 per cent of welt-making machinery to 10 per cent of lasting machinery.

Today's decision means that officials of the company will escape criminal prosecution. Apply the "rule of reason" in reaching its decision, the supreme court affirmed the decree of United States District Judge Putnam of Boston, dismissing the criminal indictments against five officers of the company who were charged with violating the Sherman anti-trust law.

Today's decision followed the indictment for criminal prosecution under the Sherman anti-trust law of five officers of the United Shoe Machinery company on Sept. 19, 1911—President Sidney W. Winslow, of Orleans, Mass.; Vice-President Edward P. Hurd, of Newton, Mass.; Vice-President George W. Putnam, of Newton; Vice-President William Barbour, of New York, and Director Elmer P. Howe, of Boston.

Two distinct charges were made against the defendants. One charged that, by merger of four formerly independent shoe machinery manufacturing companies into the United concern, the defendants controlled 80 per cent of interstate commerce in the machinery. The second charge was that by the so-called "tying clauses" of its contracts leasing machinery to shoe manufacturers the defendants had conspired to restrain trade.

MAXIM INVENTS NOISE MUFFLER

HARTFORD, Conn., Feb. 3.—Through an instrument which can be placed between the source of the noise and the person's affected by it, Hiram Maxim the famous inventor, has announced today that he hopes to make whole cities noiseless in five years.

"The device will shed silence in the same manner that a lamp sheds light," Maxim stated to interviewers. "There is one bad feature about the silencer, however. A criminal could drown a cry for help by using it."

Maxim declares that the instrument is still in a crude stage, but he has applied for patents on some of its parts.

GERMANY TO BUILD SUNKEN AIRSHIP HARBOR

BERLIN, Feb. 3.—Work will soon begin upon a "sunk" airship harbor in Germany's island fortress Helgoland in the North Sea, where a Zeppelin aero cruiser will be stationed. The vast shed will be sunk into the rocky island so that it will not afford a mark for bombarding ships. When the Zeppelin lands, it will literally disappear into the ground.

TUMULTY NAMED AS SECRETARY TO WILSON

TRENTON, N. J., Feb. 3.—President Wilson today named Jos. P. Tumulty as his secretary when he becomes president. Tumulty is Wilson's present secretary in the governor's office.

Daniel E. Sickles

Gen. Sickles (Center) fought through the Civil War, and lost his leg. His father, who was a patent lawyer, left him and his two children two million dollars.

He has just been deposed from the Chairmanship of the New York State Monuments Committee, whose object was to erect monuments on different battlefields for the noted New York soldiers.

An order of arrest was issued Saturday for him for a shortage of Twenty-three Thousand Seven Hundred Forty-six Dollars. His wife has come to his assistance several times, but this time refuses to do so.

MAN WHO SHOT GAYNOR DEAD OF PARESIS IN ASYLUM

TRENTON, N. J., Feb. 3.—James J. Gallagher, who shot and seriously wounded Mayor Gaynor of New York City August 9, 1910, died of paresis in the state insane asylum here today.

Gallagher attempted to kill Mayor Gaynor as the latter was about to leave on a German steamer for a trip to Europe. Because of the mayor's advanced age it was feared for a time that death would result.

Gallagher was once a municipal employe and when he was discharged, asserted Mayor Gaynor was responsible. After a brief trial, Gallager was adjudged sane and sentenced to prison. Later he was found insane and removed to the asylum here.

JOHNSON LOSES RIGHT OF APPEAL

WASHINGTON, Feb. 3.—The United States supreme court today denied the right of Jack Johnson, a negro pugilist, to appeal to that court from the decision of a United States court, which refused him bail while under indictment for white slavery.

The court dismissed Johnson's appeal without passing on the validity of the white slave act. Associate Justice Lamar read the decision. It ruled that Johnson was admitted to bail after his appeal was taken, and as he secured relief it was not necessary to pass upon his motion.

INFAMOUS GANG OF FRENCH BANDITS PLACED ON TRIAL

PARIS, Feb. 3.—The trial of what remains of the famous Bonnot gang of outlaws, Carony, Dieudonne, Soudy and seventeen others—which last year held Paris in terror for several months, began here today.

The Bonnot gang of "Phantom" outlaws, as they were called by reason of their seeming appearance in several places at once, was the Jesse James crew of France.

The most notorious of the Bonnot crimes was the robbing of the Chalet bank, 30 miles out of Paris. A powerful automobile was taken from a chauffeur, whom they shot dead in his seat. A passenger in the car was wounded and escaped with his life by feigning death. Entering the bank they killed two cashiers, wounded three other bank officials, robbed the vaults and escaped.

Several days later a gray automobile took the wrong turn at a street crossing. A policeman mounted the step to get the chauffeur's license number. He fell with a bullet through his heart. Bonnet fired the revolver. Arrests of the gang members followed.

STEEL MILL STRIKERS RETURNING TO WORK

PITTSBURG, Feb. 3.—Strikers from the Rankin and Braddock steel mills held a mass meeting this afternoon to plan for future action in their struggle.

According to a statement of General Major DeWitt, nearly 70 per cent of the strikers have returned to work at the Rankin mill, and several hundred men have resumed at the Braddock mill.

POPULAR PETITION.

(Sign this and mail or bring to Mail Tribune for presentation to city council).

To the Mayor and Council of the City of Medford, Oregon:

As a citizen of Medford, I protest against making the public market the spoils of politics and petition your honorable body to reappoint the present market master, J. E. Runyard, who has so satisfactorily conducted the market since its first opening.

BOTH HOUSES TAKE A CRACK AT DEMON RUM

West's Bill Making Federal Liquor License Prima Facie Evidence of Sale, and Howard's Dance Hall Bill Pass House of Representatives.

Hoskins' Bill Making State Dry Except in Limits of Corporate Towns, Gets Favorable Senate Report.

SALEM, Ore., Feb. 3.—Both branches of the legislature today advanced legislation that strikes at the liquor interests.

The house passed and sent over to the senate the bill of Representative Gill making a federal liquor license prima facie evidence of the sale of intoxicating liquors, and the bill of Representative Howard making stricter law for the regulation of dance halls.

In the senate two steps were taken in the same general direction. Senator Woods' bill imposing severe penalty for giving drugs or liquor to inmates of prisons or of county or state institutions was passed, and Senator Hoskins' bill making the state dry except within the limits of incorporated cities and towns came from the committee with a favorable report.

The Hoskins bill would put all country saloons out of business and leave only such third parlors as are protected by the home rule amendment. Nothing else of importance was accomplished at the short session of the two houses previous to today's adjournment, although the senate received several new bills that will be important subjects of debate later on.

The sterilization bill, introduced in the house by Representative Llewelling was up for debate in that body today but did not reach a vote.

TO QUASH WRIT IN NELSON CASE

KANSAS CITY, Feb. 3.—A motion to quash the writ of habeas corpus granted Col. Wm. R. Nelson, owner of the Kansas City Star, sentenced to one day in the county jail for contempt against Judge Guthrie's court, was filed here today by Attorney O. H. Dean, representing Judge Guthrie. If the motion is granted Col. Nelson must go to jail. If denied the writ will be passed upon Wednesday by the supreme court of Missouri.

In an interview published in the Star today Criminal Judge Latschaw is quoted as saying he never would permit Col. Nelson to go to jail. Attorneys for Judge Guthrie assert this also puts Judge Latschaw in contempt of court but Judge Guthrie refused to comment on the interview.

LEGISLATORS PRAISE PENDLETON ASYLUM

SALEM, Ore., Feb. 3.—That the buildings of the Eastern Oregon hospital at Pendleton are well made structures, built apparently to endure all time, is the opinion of the members of the joint ways and means committee of the legislature today returned from a trip of inspection of that institution.

Chairman Abbott of the house ways and means committee said he had never inspected finer state institutional buildings. They are of reinforced concrete and he thought they would last almost forever. He criticized the elaborate furnishings, especially the use of marble and elaborate electrical fixtures.

EXTEND VETO POWER TO SINGLE ITEM IN BILL

SALEM, Ore., Feb. 3.—Senator McCulloch has ready for introduction today a bill to extend the veto power of the governor to a single item in a bill, which will be possible without killing the entire bill.

\$200,000 FOR DEVELOPMENT STERLING MINE

S. S. Bulls of New York Leaves for East After Planning Extensive Operations at Noted Placer Mine—Much New Ground to Be Worked.

Engineer is Busy Getting Out Profits—Active Development to Start on March 1.

After formulating plans for the development of the Sterling mine, probably the most famous placer mine in Southern Oregon, which call for an outlay of \$200,000, S. S. Bulls, a capitalist of New York City, has left for the east, leaving his son in charge of the work here. Mr. Bulls will return soon as active development work is to start March 1. The outlay of \$200,000 is deemed necessary for the construction of a high line ditch and other development work in order that the high ground, lying above the present scene of operations, may be properly mined. It is planned to work this ground, said to be very rich, to the top of the divide.

Harry E. Foster of this city is in charge of the engineering work in connection with the mine and is now preparing profiles and estimates for the construction of the high line ditch.

Mr. Bulls before his departure stated that he believed the Sterling mine capable of producing far more than it had in the past, which runs into large figures, and that he would spare no expense in outfitting his faith in the mine to a test.

CONGRESS HOLDS NIGHT SESSIONS THROUGHOUT WEEK

WASHINGTON, Feb. 3.—When the house met at noon today it was expected to hold night sessions throughout the week in an effort to dispose of all pressing business before March 4, the date of President-Elect Woodrow Wilson's inauguration. There are but 25 1/2 working days of this session left.

Failure to get through several big appropriation bills is threatened some of the members of congress predicting they will lapse into the extra session to be called by President Wilson. So far the legislative and judiciary appropriation bill is the only big appropriation bill to pass both houses.

It was predicted today that if the public buildings bill passes there will be another billion dollars congress. Representative Forney served notice that the republicans would not submit a minority report of the tariff bill.

DIVIDE LEGISLATIVE SESSION IN TWO PARTS

SALEM, Ore., Feb. 3.—President Malarkey and Senator McCulloch are joint authors of a resolution to be introduced in the senate late this afternoon to adopt the California idea of the divided legislative session. It cuts the forty day session in two, providing for one 20 day session then an adjournment for not less than sixty nor more than ninety days.

All bills must be introduced in the first 20 days. The resolution, if adopted, will submit the question to the people in 1914.

ILLNESS OF EARL ROGERS POSTPONES DARROW TRIAL

LOS ANGELES, Feb. 3.—Illness of Chief Counsel Earl Rogers of the defense forced the postponement today of the Darrow trial. The examination of witnesses is scheduled to continue tomorrow morning at 10 o'clock.
