MANY WITNESSES IN WHITE SLAVE TRIAL

SEATTLE, Feb. 5.—Seventy-five witnesses have been called today in the case of Lena Klausbear, the 17 year old girl who it is alleged was taken from a sweatshop in New York by Rjijd Kadir, alias Obe Hanan, to become a white slave. She says they met in a moving picture show and that he brought her west. Kadir, who is a Turk, disclaims any intention of making her a "white slave" and alleges that she is his common law wife.

CITY AND COUNTY OFFICIALS CONFER

Mayor Elbert, ex-City Attorney Neff, and members of the city council appeared before the county court which convened in regular session today at Jacksonville, and went over the Medford bridge matter with the court. The cost of the Bear creek bridge slightly exceeded the amount appropriated and this necessitated a settlement. The city and county came to an understanding.

The county court is today turning its attention for the most part to routine matters such as the payment of bills and the hearing of reports.

CLANTON ACCUSED OF MISMANAGEMENT

SALEM, Ore., Feb. 5.—Charging that through the mismanagement of Master Fish Warden Clanton, approximately 2,000,000 salmon fry were smothered to death in the ponds of the Bonneville fish hatchery, that about \$12,000 of the state's money was wasted in the building of ponds so defective in construction that they are useless, and that there is reason to believe that his mismanagement has extended to other hatcheries. Representatives Gill and Schuebel today introduced a resolution in the House asking for the appointment of a committee to make a searching investigation of them all.

CITIES GIVEN POWER TO TAX WATER POWER PLANTS

SALEM, Feb. 5.—The senate today passed the bill introduced by Senator Dimick subjecting the water power plant and the large paper mills and other manufacturing institutions at Oregon City to taxation by the city. Heretofore they have been taxed by the county.

During meal hours beautiful music and singing will be rendered by Herr Carl Grissen and Mme. Evelynne.

Rheumatism Affects Lungs

Pneumonia, Bronchitis, Phthisis, Asthma and Anemia Often Directly the Result of Rheumatic Blood.

If you have a persistent, nagging bronchial cough beware of cough remedies. They are merely local in action, and if they do relieve it is the narcotic that do it. What you require is a blood purifier, a searching antidote that removes from the circulation the acid poisons that by their reflexes attack all weakened, susceptible spots and thus create local symptoms. The very best remedy known is Swift's Sure Specific. You will find it on sale in any drug store at \$1.50 per bottle. It goes straight into the blood, becomes an internal blood bath, wonderfully increases the red corpuscles, cures all the local fever spots and irritations. Increases appetite, you take on flesh and feel a wonderful sense of renewed strength. Hundreds of people worried beyond control at cough, pain in the chest, sore throat and constant expectoration of thick mucous have experienced the most wonderful change after using Swift's Sure Specific. All doubt and apprehension is gone, those peculiar pains and aches vanish, there follows a period of most intense rejoicing to find that worst fears were based entirely upon a mistaken notion that cough and chest pains come from the lungs. These are rheumatic conditions, and you will quickly realize it after using Swift's Sure Specific for a few days. Get a bottle of Swift's Sure Specific at the drug store and then say good-by to all those pains that have worried you. Write to The Swift Specific Co., 12 Swift Bldg., Atlanta, Ga., for medical advice and wonderful facts concerning the greatest blood remedy ever known.

FARRELL REPUDIATES ALLEGED CONFESSION

NEW YORK, Feb. 5.—Repudiation of the confession he is alleged to have signed yesterday in which he admitted sending bombs which killed two New York women and nearly killed Judge Rosalsky was voiced this afternoon by John Farrell prior to his arraignment before the coroner's jury. The prisoner declared that everything he said yesterday was extorted from him by the police.

"I never saw Judge Rosalsky in my life," Farrell declared. "I never made a bomb and certainly never sent one to any one. I never heard of Mrs. Grace Taylor Walker until yesterday and I never sent the bomb which killed Mrs. Bernard Herrera here Saturday night."

GERMAN RED CROSS REQUEST TURNED DOWN

BERLIN, Feb. 5.—Refusal to grant an appeal made by the German embassy to the queen of Bulgaria for

CORPORATION EMPLOYEES TO BE PAID BI-WEEKLY

SALEM, Ore., Feb. 5.—Under the provisions of a bill which has today been passed by the house, employees of corporations in Oregon are to be paid bi-weekly. Railroad corporations are excepted to those portions of their payrolls lying beyond their division headquarters, where they may pay every thirty days.

SIDE-STEPS PROMISE

(Continued on Page 6) find that there are no reports of any character by the superintendent of said market on file either with the city recorder or the city treasurer or any committee of the council, with reference to said market. And I believe that such a report should be had before the appointment of a market superintendent. I am therefore at this time appointing a committee of this council to investigate the conduct of this market and the doings of the superintendent thereof while he has been

such officer, and request this committee to make a written report thereon at the next meeting of this council with reference to the following questions, namely:

- 1. Has E. J. Runyard, the superintendent of the market, complied with the law and ordinance defining and providing the days of the week and the hours of the day during which said market shall be kept open?
2. Has he complied with said ordinance with reference to furnishing space free to vegetable and produce growers, or has he made charges therefor, contrary to the provisions of said ordinance?
3. Has he permitted the market to be used by speculators, that is, by people other than growers of the produce offered for sale there?
4. What salary has been paid the superintendent during the term of his office, and was this salary fixed at a time when it was expected he would keep the market open as provided by the law?
5. Has the superintendent made any official or other reports to the council of the cost of conducting said market, or of the receipts, if any, to the city from the market, or of the amount of business done? As mayor of Medford I desire accurate written information with reference to these questions, and I hereby appoint a special committee of the council to investigate and make such report, and on that committee I appoint the following members of the council:
J. T. Summerville, W. N. Campbell and George Millar, with J. T. Summerville as chairman thereof, and I herewith hand you certified copy of ordinance No. 657, certified to by E. T. Foss, city recorder, to be a full, true and correct copy of said ordinance and the whole thereof, and further certified to be the only ordinance governing the public market, and defining the duties of the superintendent thereof.
W. W. EIFERT, Mayor.

curate written information with reference to these questions, and I hereby appoint a special committee of the council to investigate and make such report, and on that committee I appoint the following members of the council:

J. T. Summerville, W. N. Campbell and George Millar, with J. T. Summerville as chairman thereof, and I herewith hand you certified copy of ordinance No. 657, certified to by E. T. Foss, city recorder, to be a full, true and correct copy of said ordinance and the whole thereof, and further certified to be the only ordinance governing the public market, and defining the duties of the superintendent thereof.
W. W. EIFERT, Mayor.

Overland 65% GO TO FARMERS
In the past five years we have built 60,000 cars. This year's output of 40,000 makes a grand total of 100,000 cars. SIXTY-FIVE PER CENT. OF THIS GREAT PRODUCTION WILL BE BOUGHT BY THE MODERN AMERICAN FARMER.
Take Minnesota as one example: Minnesota is one of the nation's greatest and richest farming states. In the automobile registrations of the fiscal year Overland cars in the entire state of Minnesota show A GAIN OF 98 PER CENT. The nearest competitor can show a gain of ONLY 87 per cent. and the next ONLY 55 per cent.
In Minnesota towns and villages of 1000 inhabitants, or less, Overland cars, for the year, show a gain of 136 per cent. The Overland's nearest competitor shows a gain of ONLY 104 per cent. and the second nearest a gain of ONLY 73 per cent. And so you find it all over the country.
The Overland has the approval of the majority of America's big farmers—the most substantial and practical class of people in America.
The 1913 Overland at \$1150 is the exact equal of any \$1500 car manufactured. It has a powerful thirty horsepower motor. Seats five large people comfortably. This car has center control and tires of ample size. The springs are of the finest steel—three quarter elliptic in the rear. The wheel-base is 110 inches. The rear axle is three-quarter floating, drop-forged and fitted with the famous Hyatt bearings; the front axle is an "I" beam, fitted with Timken bearings. Overland brakes are unusually large and strong. It is completely equipped with top, windshield, Warner speedometer, Prest-O-Lite tank, and the very best of everything. Nothing is lacking.
FORTY THOUSAND CARS IN 1913 ALONE MAKE POSSIBLE THIS BIG VALUE.
Call us up at once, secure a demonstration. Let us prove to you that the Overland is the most economical car you can buy. A post card will bring additional information and our 1913 catalogue. Address or call on
