

COUNTY TO PAY \$4200 EXTRA ON BEAR CREEK BRIDGE

Following a conference with the city officials the county court has announced that they will pay at once the balance of \$4200 due the contractor for "extras" in the construction of the bridge. The city and Pacific & Eastern have paid the \$16,500 according to their agreement with the county, and this payment under the decision of the supreme court will allow the county to make payments in excess of the \$18,000 contracted. In its decision the supreme court said: "According to the plain provision * * * it is incumbent upon the county of Jackson to build, maintain and repair all bridges and culverts upon county roads in the city and road district. * * *

"The decree of the lower court will therefore be modified so as to restrain the * * * payment of any county warrants on account of the bridge contract in excess of \$18,000 until such time as the city of Medford and the P. & E. shall have paid into the treasury of Jackson county \$16,000 as per agreement."

The extras are due to certain changes in the plans ordered by William Gerig, consulting engineer retained by the county. The principal change was an increase in a retaining wall to make it stronger.

GOVERNOR BLAMES CROOKED REPORTER

SALEM, Ore., Feb. 5.—To the "crookedness of a certain newspaper reporter," and not to rumors that have gained currency through any other source, Governor West attributes the report that has gone abroad that he is party to a political frame-up that would put George E. Chamberlain into the Wilson cabinet, give West the senatorial toga, and Secretary of State Olcott the combined offices of secretary and governor.

Said Governor West today: "The report that has gone out about a political combination to which Senator Chamberlain, Secretary Olcott and myself are parties is a product of the disordered mind possessed by a certain crooked newspaper reporter. "I am for J. N. Teal for secretary of the interior, and for George E. Chamberlain for United States senator. But, of by any good fortune it should happen that Senator Chamberlain should be named for a position in the cabinet of President Wilson, I would be very much pleased, and by reason of the vacancy in the senate caused by such an appointment, I would feel it my duty, and it would afford me great pleasure to appoint some clean, honest democrat to succeed him. I am having too much fun here at present to have any desire to go to the senate. Neither the secretary of state nor myself are so hungry for political honors as to enter into any such scheme as that outlined in the newspaper report. I will say further that I am not a candidate for reelection for governor."

KLAMATH FALLS, Feb. 6.—W. L. Clapp of this city, and his party, who left for Crater Lake last week, returned to Fort Klamath last night. The party was successful in securing several fine pictures, which was the principal thing its members were after.

From Fort Klamath the party went to the lake on snow shoes and kils, drawing their sleds which contained the provisions. They encountered all the way from 10 to 25 feet of snow and in the drifts it was over 30 feet deep.

LEGISLATION FOR ORCHARDS WILL BE FAVORABLE

That there will be no legislation adverse to the interests of the orchardists of the state at the present session, is the statement of Prof. O'Gara who returned Thursday from a visit at Salem, where with a number of fruit men he appeared before the committee on agriculture and discussed the different measures up for consideration. Some of the bills were favored and some opposed.

"I do not believe that any adverse measures will be passed," state Prof. O'Gara. "The agricultural committee have a clear understanding of the situation and will act accordingly."

LANE'S DAUGHTER CLAIMS TO BE HOBO

NEW ORLEANS, Kans., Feb. 6.—"Yes, I'm a hobo and I'm proud of it. Why, my husband and myself are going out of here on the 'hummer' to British Columbia, where we will speak on Socialism," said Mrs. Nina Lane McBride, daughter of United States senator Harry Lane of Portland, Ore. Mrs. McBride is a delegate to the hoboes' convention.

Mrs. McBride was married to Ike McBride in New Orleans recently after a trip across the continent to deliver lectures here on Socialism.

"You look doubtful, but I'm really a hobo," she reiterated to the reporter.

"I am going to blow out of here on the hummer. We're broke. We've got to go." Knowing that her father was wealthy, she was asked why not write home and get money.

"If I did that I wouldn't have the courage of my convictions."

The McBrides are in a room over a saloon.

"How do I live?" She continued in answer to a question. "That's easy. When I'm broke I do my hair up simply, put on a black skirt and waist and get work in the factories. I'd sling hash if I had to. A waitress is as nice as anybody else."

DANGEROUS DANDRUFF

Will Make America a Baldheaded Nation if Not Checked

M. Pasteur, the great French Physician of Paris, once said: "I believe we shall one day rid the world of all diseases caused by germs."

Dandruff is caused by germs, a fact accepted by all physicians.

Dandruff is the root of all hair evils. If it were not for the little destructive germs working with a persistence worthy of a better cause, there would be no baldness.

Parlsian Sage will kill the dandruff germs and remove dandruff in two weeks or money back.

Chas. Strang guarantees it. It will stop itching scalp, falling hair and make the hair grow thick and abundant.

It puts life and lustre into the hair and prevents it from turning gray.

It is the hair dressing par excellence, daintily perfumed and free from grease and stickiness. It is the favorite with women of taste and culture who know the social value of fascinating hair.

A large bottle costs only 50 cents at leading druggists everywhere, and by Chas. Strang. The girl with the Auburn hair is on every package.
