BASEBALL SEASON IS NEAR AT HAND

The baseball season is near at hand and scores of gloves, balls and bats are being dug out of dusty recesses by the small boys of the city and put into use on the bac knots of the city.

The baseball outlook as far as Medford is concerned does not seem very promising this year. Court Hall, local ball magnate, is attempting to get a line on the youngsters and may back a nine again this season despite his retiring last year. Tom Fuson is also looking over the field. Of the old squad, Pug Isaacs, Walt Astie, Eddie and Jack Wilkinson, Curly Wilson and one or two others are left.

Mr. Smith has been located in Medford for several years and is well known here. He will leave in a few days for his new home in Mississippi. HOME BURNS ON TRAIL CREEK

The home of Thomas Higgins on Trail creek was completely destroyed by fire Wednesday evening following an attempt to start the kitchen fire with coal oil. Only a very few of the household effects were saved, the flames spreading rapidly. Mr. Higgins is in the city now buying a complete new outfit.

Mrs. Higgins with two children were absent from home when the fire occurred, visiting friends at Ashland. Mr. Higgins came in from the field in the evening and set about preparing his evening meal. He used oil in starting the fire and the fire got beyond control. He was slightly burned about the hands while attempting to combat the flames.

The loss is approximately \$2000, the house being a new one. No insurance was carried.

COUNTY COURT TO MEET ASHLANDERS

Within the next few days the county court is to meet with citizens of Ashland and discuss with them the matter of collecting the general road levy, from which Ashland citizens believe themselves to be exempt owing to a clause in their charter. Ashlanders threaten an injunction suit to stop the collection of the general road tax.

The county court will meet with the Ashland citizens and attorneys and look into the matter. It is probable that the case will be carried through the courts in order to positively decide the question.

The charter of the city of Ashland contains a clause exempting property in that city from paying a county road tax. This is believed to be unconstitutional.

IS YOUR CHILD'S TONGUE COATED?

If Cross, Feverish or Stomach Sour,
It Means Waste-Clogged
Bowels.

Children dearly love to take delicious "Syrup of Figs" and nothing else cleans and regulates their tender little stomachs, liver and 3 feet of bowels so promptly and thoroughly.

Children get bilious and constipated just like grown-ups. Then they get sick, the tongue is coated, stomach sour, breath bad; they don't eat or rest well; they become feverish, cross, irritable and don't want to play. Listen mothers—for your child's sake don't force the little one to swallow nauseating castor oil, violent calomel or harsh irritants like cathartic pills. A teaspoonful of Syrup of Figs will have your child smiling and happy in just a few hours. Syrup of Figs will gently clean, sweeten and regulate the stomach, make the liver active and move on and out of the bowels all the constipated matter, the sour bile, the foul-clogged-up waste and poisons, without causing cramps or griping.

With Syrup of Figs you are not drugging or injuring your children. Being composed entirely of luscious figs, senna and aromatics it cannot be harmful. Full directions for children of all ages and for grown-ups plainly printed on the package.

Ask your druggist for the full name "Syrup of Figs and Elixir of Senna" prepared by the California Fig Syrup Co. This is the delicious tasting, genuine old reliable. Refuse anything else offered.

YOUTH BRUTALLY ASSAULTS GIRLS

What is said to be one of the most brutal assaults on a woman in the history of Jackson county will be aired this afternoon in the court of Justice of the Peace Glenn O. Taylor, when Charles Aitken, a 17 year old boy of Rogue River is arraigned on two charges, one for criminal assault and the other for a statutory crime.

Young Aitken is said to have attacked two girls, one 12 years old and the other 18. The attacks were made at different times. The first is said to have been committed when Aitken met the 12 year old girl on the outskirts of town, dragged her from a horse she was riding, tied her to a tree and ravished her.

Threats are said to have sealed her lips until her sister was later attacked. The older girl escaped.

from the youth after her clothes had nearly all been torn from her and she had been badly bruised. Aitken was arrested by Sam L.

Sandry. Prosecuting Attorney Kelly declares the case to be one of the worst he has ever come in contact with.

Butter-Butter-Butter!
For the Fourth Time
This Week

EAT butter, but don't waste it. The right place for butter is on your dining table; the wrong place is in your kitchen. Every time you shorten or fry with butter you waste money. Cottolene—the vegetable shortening—will give you equally good results at one-third the cost.

Cottolene

makes light, digestible food, which any stomach can digest. Cottolene-made food is rich, but never greasy. Neutral in taste, practically without odor, Cottolene is a product of carefully selected cotton oil, refined by our exclusive process.

Use one-third less Cottolene than either butter or lard.

Convince yourself with this recipe:

One Egg Muffins

1 1/2 tablespoons melted Cottolene 1 tablespoon sugar
1/2 cups milk 1 egg 3 cups sifted flour
3 teaspoons baking powder 1 scant teaspoon salt

Sift the baking powder and flour together, add Cottolene, sugar and egg and milk. Use more or less milk, according to the quality of the flour.
