Mrs. W. T. Grieve of Jacksonville motored to Medford Thursday afternoon.

PROBE COST OF RUNNING RAILROADS ADVISES BRANDEIS

BOSTON, Mass., April 4.—Louis D. Brandeis, the "people's lawyer," who once declared he could save the railroads of the country millions of dollars every day, in a statement today championed Senator La Follette's act providing for the physical valuation of railroads by the Interstate Commerce commission. He insisted that before the people can know whether the money they pay to railroads is honestly and necessarily spent, interlocking directorates must be abolished and a federal bureau of railroad costs established.

Mr. Brandeis charges that J. P. Morgan & Co. and other bankers have a monopoly of selling to many railroads the money they need, at rates of the bankers' own fixing. He said:

"The La Follette act providing for the physical valuation of railroads by the Interstate Commerce commission is a great step forward. The senator's seven year fight has been nobly won. The act is but another application of La Follette's favorite motto, 'Ye shall know the truth, and the truth shall make you free.'"

"In the calendar year 1912 the railroads collected from the American people in gross earnings \$3,945,778,327, most of which has been spent in some way. About one-third of that amount has gone in interest and dividends and taxes. The physical valuation would help us to know what part of that interest and dividend is paid on capital which is water. About two-thirds of the year's revenues is paid out for operating expenses. It is at least equally important to know what part of that revenue has been spent unnecessarily; what part has been wasted through dishonesty, and what part through inefficiency. Besides the \$2,000,000,000 of current revenues spent in operation there are each year expended hundreds of millions in new construction or the purchase of equipment. What part of the money spent for new construction or equipment is efficiently and honestly spent? Until we know all this we cannot know whether rates are just and reasonable."

GERMAN AIR CRUISER INFLATED IN FRANCE

LUNEVILLE, France, April 4.—Viewed by an enormous crowd, the German air cruiser Zeppelin IV was inflated and at 3 o'clock this afternoon started for Germany. The big dirigible landed here when its propeller snapped.

FUNSTON IN COMMAND HAWAIIAN DEPARTMENT

HONOLULU, April 4.—To take command of the Department of Hawaii, Brigadier General Frederick Funston, U. S. A., is here today from the Philippines.

ORRINE CURES DRINK HABIT

So uniformly successful has ORRINE been in restoring the victims of the drink habit into sober and useful citizens, and so strong is our confidence in its curative powers, that we want to emphasize the fact that ORRINE is sold under this positive guarantee. If, after a trial, you get no benefit, your money will be refunded. ORRINE costs only \$1.99 per box. Ask for free booklet, Leon W. Haskins.

Boils--Pimples--Abscesses

All Evidence of Impure Blood and a Run Down Condition. When the blood becomes thin, poor, devitalized nature cries out through such external and often painful evidence for help, and the safest, surest and most helpful remedy we know is Vinol.

This is because it is a combination of the two more world famed tonics—the medicinal curative elements of cod liver oil (without the oil) and tonic iron for the blood. Vinol strengthens the digestive organs, creates a hearty appetite, purifies and enriches the blood, creates strength.

Mary Lang of Altoona, Pa., says: "Ever since childhood, I have been delicate, and my blood poor, thin and devitalized. Nothing seemed to help me until I took Vinol and it has built me up and made me strong."

We say positively there is nothing like Vinol to purify and enrich the blood and build up weak, rundown people. If it should fail in your case we will return your money. Medford Pharmacy, Medford, Ore.

ALASKA MAIL MAN SHOT BY NATIVE

SEATTLE, Wn. April 4.—Charles L. Bowdry, mail carrier on the route from Cold Bay to Noshagak, Alaska, was shot and instantly killed by a native at Cold Bay February 13. Word of the tragedy was brought to Seward by officers of the steamship Drigo, of the Alaska Steamship company, which arrived from the regular monthly trip to the westward March 20.

At the time the Drigo was at Cold Bay the weather was very stormy and Mail Clerk J. E. Thurrites, who took the mail ashore in the boat, had to return immediately. While he was there the breaking of the surf made conversation extremely difficult and he was able to gain but meagre details.

MUMPS MAY LOSE OREGON CHAMPIONSHIP

EUGENE, Ore., April 4.—A case of mumps may cost Oregon the debating championship of six states. Word from Howard Zimmerman today states that his colleague, David Pickett, is sick with the mumps at Salt Lake where the two are scheduled to debate the University of Utah tonight. The University of Utah is victor in debate over Idaho and Colorado and Oregon victor on the Pacific Coast. The debate has been postponed until tomorrow night on account of Pickett's illness.

BISHOP CARROLL OF PHILADELPHIA DEAD

PHILADELPHIA, Pa., April 4.—Bishop J. J. Carroll, Roman Catholic prelate of this city, died here today as the result of complications from injuries received when he fell off a horse a year ago. He was formerly bishop of the diocese of Nueva Segrovia in the Philippines. He practically retired a year ago.

PEOPLE ADVISED TO AWAIT RESULT OF TURTLE SERUM

Dr. E. B. Pickett, member of the state board of health, is in receipt of the following telegram from Dr. A. M. Kenney at New York:

"As representative of Oregon State Board of Health I feel it my duty to advise people of Oregon through the press to remain conservative in their views regarding Friedmann treatment until sufficient time has been given government officials to complete their investigations and make public their findings."

"I would especially advise those afflicted with tuberculosis who contemplate coming to New York with hopes of receiving treatment to remain at home and await developments. At present all treatments are carried on under government supervision and no private patients are being treated, and under these circumstances it would be a waste of money and disappointment for patients to journey to this city with hopes of receiving treatment."

"Up to the present time our observations of cases already under treatment do not extend over a sufficient length of time to make any definite statement regarding the true value of Dr. Friedmann's vaccine. Tuberculosis is eminently a chronic affection and only time can determine the value of remedies. While it is true that most cases receiving Friedmann's vaccine show some improvement we have other factors to deal with which would also influence patients' condition. Should the government report prove favorable the remedy will soon after be in general use throughout the country."

The Gold Dust Twins' Philosophy

WE were amused to hear the praise a grocer paid to Gold Dust ways. Of all the many cleaning "stunts", he picked the Gold Dust Twins at once. "I find," he chuckled, "that they do the work of many more than TWO."

At House-Cleaning Time

the same. Some seem to merely rub for naught, and some give out, no sooner bought.

"With Gold Dust, all my people state, the work of cleaning house goes great. It does so many clever tasks; it does, in fact, whatever asked. From kitchen, through and through, to hall; upstairs and down, the porch and all. Wherever dust and dirt collect, it has a marvelous effect."

"A Home, Sweet Home" is one, I say, wherein the Gold Dust fellows play. Their work is fun to them. They start at dawn, with some magician's art and with the sinking of the sun the last mean job of work is done.

"Oh yes, I like to recommend, a product that will prove a friend. Each Gold Dust customer declares that glass and cutlery and stairs, and floors and dishes and the rest are cleaned by using it—the best. If dirt be numbered with your sins, my preachment is
