ORATORIO MUSIC FOR MEDFORD

The Medford Choral society will make its second public appearance in concert on Tuesday evening, May 13, at the Presbyterian church.

It will be remembered that the society gave its first public performance on December 17 in the Natatorium in "The Rose Maiden."

As that performance was witnessed by more than 400 people, it is not at all unlikely that as large a number would like to attend the coming concert, but as an organ will be required in the production of "The Wreck of the Hispanus," one of the numbers to be given on the 13th, it has been decided to give the concert in the Presbyterian church, which has a much smaller seating capacity than the Natatorium. Therefore some people are likely to be disappointed unless they secure their seats in advance.

Reserved seats are now on sale at Haskins' and at Flagg's music store at 50 cents.

The Medford Choral society numbers 50 members and will be supported by the Medford Conservatory orchestra under the direction of Professor Gerard Taillandier. The program is a miscellaneous one and will appeal strongly to every lover of music, being sufficiently varied to suit the taste of everybody.

ROGUE RIVER FISH BILL VALID SAYS VAN WINKLE

SALEM, Or., May 3.—Opponents of the Rogue river fish bill, passed by the last legislature for the purpose of re-establishing commercial fishing in Rogue river, who thought they had found a defect in the measure that would make it invalid, no doubt will be disappointed by an opinion given today by Assistant Attorney General Van Winkle, holding that the alleged defect is immaterial. The body of the measure was supposed to conflict with the title.

Men Welcome Mother's Friend

A Duty that Every Man Owes to Those who Perpetuate the Race. It is just as important that men should know of progressive methods in advance of motherhood. The suffering incident to child-bearing can be easily avoided by having at hand a bottle of "Mother's Friend." This is a penetrating, external application that relieves all tension upon the muscles and enables them to expand without painful strain upon the ligaments. Thus there is avoided nervous spells; the tendency to nausea or morning sickness is counteracted, and a bright, happy disposition is preserved that reflects wonderfully upon the character and temperament of the little one soon to come. You can obtain a bottle of "Mother's Friend" at any drug store at \$1.00. It preserves the mother's health, enables her to make a complete recovery, and thus with renewed strength she will eagerly devote herself to the care and attention which mean so much to the welfare of the child. Write to the Bradfield Regulator Co., 229 Lamar Bldg., Atlanta, Ga., for the valuable and instructive book of guidance for expectant mothers.
