MEDFORD GIRL WINS AT BASKETBALL GAME

OREGON AGRICULTURAL COLLEGE, Corvallis, Ore., May 15.—Freshman girl basketball players proved themselves good little athletes by winning the inter-class championship this year.

The junior team is comprised of the Misses Lottie Mentzer, Pendleton, and Effie Weaver, Myrtle Creek, guards; Edith Allworth, Battle Ground, Wash., and Opal Daley, Medford, centers; Bertha Booth, of Portland, and Virginia Keatley, Castle Rock, Wash. (captain), forwards.

The college girls are much interested in athletics this year, and are devoting such time as they can spare from their college duties, to tennis and cross-country walking, and to special non-credit courses in folk dancing.

RESOLUTIONS OF CONDOLENCE.

Medford, Ore., May 8, 1913.

Since it has pleased the Grand Exalted Ruler of the Universe to remove from earth our beloved Brother, August D. Singler;

And since Brother Singler was an ardent and consistent member of Medford Lodge No. 1168 Benevolent and Protective Order of Elks;

And whereas Brother Singler was a man of sterling character and spotless life and reputation;

And whereas our brother offered and gave his life in the discharge of his duty as an executive officer of the state of Oregon, thereby offering up on the altar of his country's welfare, the last full measure of the devotion of a patriot and a brave man;

Therefore Be It Resolved that we, as members of this lodge of the Benevolent and Protective Order of Elks mourn the untimely death of this good man, our brother.

That we shall cherish his memory with tender regard as we recall again and often his kindness of heart, his unerring good nature, and the never failing sunshine his presence ever shed about us.

Be It Resolved That the life and example of our brother will ever serve to stimulate us to emulate the noble deeds and manly impulses of our departed brother in private life, in fraternal loyalty, and in the discharge of public duty.

Be It Resolved That we point with pride to the fact that August D. Singler was an Elk and that in his integrity, hopefulness, cheerfulness, and fearlessness, he stands in history as one of the highest types possible to Elkindom and that he stands in sacred memory as a prototype worthy the imitation of younger men who would aspire to private honor and public virtue.

Resolved that while we peer into the impenetrable darkness and can see nothing, and while we listen and come out of the infinite silence there comes no voice that across the chasm from shore to shore, there swings the cable of hope and along it we send our whispered messages of love and ever await an answer to our prayer.

Be It Resolved that the sympathy of this lodge be extended to the bereaved wife and her little children and that this lodge with each of its members pledges itself to protect and to defend, through the untired years to come, not only with words, but with deeds, the family of our departed brother.

Dated at Medford, Oregon, this 8th day of May, 1913.

C. L. REAMES, T. E. DANIELS, B. F. MULKEY, L. B. HASKINS, Committee.

FALLING HAIR

Many People Have a Simple Way of Stopping It

It was Dr. Sangermond, of Paris, who first discovered that dandruff and falling hair were caused by a microbe.

And now that Parisian Sage, the remedy that kills the dandruff germ is sold in every town in America, the clean people of this country have awakened to the fact that dandruff is unnecessary; that falling hair and itching scalp can be quickly stopped, and that people who use Parisian Sage will never grow bald.

To every reader of the Mail Tribune who wishes to eradicate disgusting dandruff, stop falling hair and have an immaculately clean scalp, free from itching, we make this offer:

Parisian Sage is sold by druggists everywhere, for 50 cents a large bottle. It is an ideal, daintily perfumed hair dressing, free from grease and stickiness, and will cause hair to grow lustrous and luxuriant. Sold and guaranteed by Chas. Strang.

NOTICE

The West Side feed stable is opened under new management. Will run a safe and feed stable. J. E. BOSTWICK, Prop.

THE LATEST FASHION NOTE

Says: "It is a wise precaution against getting holes in delicate hosiery to powder the shoes before putting them on." Many people sprinkle the famous antiseptic powder, Allen's Foot-Powder, into the shoes, and find that it saves its cost ten times over in keeping holes from hosiery as well as lessening friction and consequent smarting and aching of the feet.

MEDFORD TO PLAY GRANTS PASS SUNDAY

Medford and Fred Roper's Tigers of Grants Pass are to mix it in a battle royal Sunday, May 18. Roper has been laying low with his club until the Medford team got started, but he couldn't stand the strain long and was only too glad to get a chance to take a fall out of the Medford gang. Roper would rather win from our club than eat his meals.

By the way this Medford club is going to be some team to beat this season, the way that infield worked Sunday was a revelation to the handful of faithful ones who braved the weather last Sunday, not an error being checked up against them.

On Thursday, May 22, Medford and the undefeated Central Point team meet and from all indications it will be some game. Central Point is trying to make a clean sweep this season, having won six and lost none this year. With McIntyre and Wilson for battery they will make any club step along to win.

WILSON STANDS FIRM.

(Continued from Page 1)

if wages were reduced as a result of tariff revision.

"No statute contemplates that the department of commerce shall attempt to coerce men to continue in business at a financial loss," said Mondell. "Has the secretary a fund to compensate manufacturers should the Underwood bill cause serious financial loss? It is particularly ungracious, to us no stranger term, that men of high station and of high responsibilities should coldbloodedly warn industries that they shall have their business investigated and learn whether their machinery is up-to-date and whether their methods, in the high and mighty opinion of the secretary of commerce are modern."

Underwood's Promise.

House Leader Underwood followed Mondell. He served notice also that government investigation of big business lowering wages, with the tariff measure as an excuse, would be pressed, but added that if any injury was done to legitimate business through the Underwood bill, the mistake would be rectified.

"During the tariff hearings," said Underwood, "you will find volumes of statements of manufacturers under oath declaring that if the democratic house dared to reduce the tariff, they would take the reduction out of the labor in their mills and factories—not out of their profits."

"Many of these manufacturers have made enormous profits and now they would continue them at the expense of labor. We are not threatening industry or labor. But now that the machinery has started to investigate actual facts, the republicans throw up their hands and run to cover because of the fear of a real investigation. If the law is drawn so drastic that it may affect industrial interests we want to know it. We may make mistakes but we are not afraid to recognize and correct them."

Grandma Talks About Babies

Has a large Circle of Listeners Who Profit by Her Wisdom and Experience.

In most any community there's a grandma who knows Mother's Friend. It was her experience and recommendation that led so many expectant mothers to derive the comfort and blessing of this famous remedy.

It is applied externally to the abdomen, stomach and breasts, allays all pain, avoids all nausea, and prevents sickness of the bowels.

It is quickly and wonderfully penetrating so that the stomach expands without strain, and prepares the system so thoroughly that the crisis is passed almost without the slightest distress.

No better advice can be given the expectant mother than to suggest the use of Mother's Friend. She takes courage from the start. The days will be cheerful, the nights restful.

You can obtain Mother's Friend of any druggist at \$1.00 a bottle. Do not forget to be supplied with this great help to motherhood. Write Bradfield Regulator Co., 221 Lamar Bldg., Atlanta, Ga., for their instructive book for expectant mothers.

THE ROAD TO SIGHT REMEDY

This road is very uncertain, but if you will proceed cautiously and inquire the way of those who are wearing satisfactory glasses you will find that it leads you to

TORNADO KILLS TEN IN NEBRASKA

SEWARD, Neb., May 15.—A tornado which took a toll of ten lives, and injured thirty or more and destroyed more than a third of this town occurred shortly before 6 last evening. Twenty-two residences, including several of the best in town were entirely wrecked and many more partially wrecked. The business portion did not suffer greatly.

The tornado came from the northwest and swept across the country intervening taking many buildings in its course. It struck the western or residence portion of Seward and rased everything in its path.

It came on the town so suddenly that only a part of the people had an opportunity to run to cellars and other places of refuge. Those killed generally were caught in the wreckage of their houses which were crushed to pieces like egg shells. The tornado after passing through Seward continued on to the northeast doing great damage to rural homes.

Reports tonight say the towns of Lushion, Granton, Utica and McCool were in the path of the tornado but all communication with those points was destroyed. An appeal was sent to Lincoln over the one remaining telephone wire for physicians and undertakers and they left there on a freight train at ten-thirty tonight.

Reports from surrounding territory indicate the effect of the tornado was felt over a wide area, but until the telephone and telegraph communications are restored the number of casualties if any will not be known.

The tornado was followed by a hail and rain storm which added much to the misery. Tonight the town is without light and a search of the ruins is being made with lanterns. The sheriff tonight swore in a large number of deputies to prevent looting and Governor Morhead sent word a company of militia had been ordered in readiness in the event its presence is required.

Several persons are yet to be accounted for but it is not believed late tonight the casualty list will be increased much.

Commencement Shoes. If the young lady is going to graduate, she will be wanting something that's very choice in footwear. Every young lady desires to appear at her best on this important occasion. Studebaker. "When I invest in a wagon I buy a Studebaker, then it's a safe investment". Of course it is! Studebaker wagons are built on honor, with sixty years of wagon-building experience—and with every wagon goes a Studebaker guarantee. You can't afford to have a dealer sell you some other wagon represented to be "just as good." If you want a wagon that will last, run easily and stand up to its work, there is only one wagon to buy—and that's a Studebaker. Don't trade ten extra years of service for a few dollars difference in price. Studebaker wagons are made to fit every requirement of business or pleasure, in city, town or country. Farm Wagons, Buggies, Delivery Carts, Trucks, Runabouts, Horses. Each the best of its kind. See our Dealer or write us. STUDEBAKER South Bend, Ind.
