

ROYAL OAKS TO DRILL FOR HOUR AT MEDFORD PARK

The Oakland Commercial club will spend an hour in Medford Sunday morning, June 8, and the "Royal Oaks," the uniformed drill team of the club, give an exhibition drill at the city park. Secretary A. K. Ware of the Medford Commercial club is in receipt of the following:

Mr. A. K. Ware,
Sec. Medford Commercial Club,
Medford, Oregon.

My dear Mr. Ware:
Will you convey to your president, Mr. J. A. Perry, and accept for yourself the sincere thanks of the Rose Festival committee of the Oakland Commercial club for the cordial invitation in your letter of May 13th.

The itinerary for the trip of the "Royal Oaks" special as arranged for us by the Southern Pacific officials schedules our arrival in your hospitable city at 7 a. m. Sunday, June 8. We are to remain there one hour, leaving at 8 o'clock, if the early hour is acceptable to your members.

The prospects are for more than the two sections we originally, so the two sections we originally planned, so that your gracious invitation may furnish you with a very busy morning. Responses from other sections of California are coming in very rapidly, and I believe we are going to have the most representative crowd of hustling business and professional men of Northern and Central California ever gathered together.

Whatever plans you may make for us will be a pleasure to us. If, however, you will be kind enough to let us know something of them, our publicity man may be able to make use of the information in letting our people know through the newspapers of the splendid welcome which the cities of Oregon is extending to the Californians who are going north to greet Rex Oregonus, and become better acquainted with the country over which he rules in carnival time.

Again I thank you for myself and for the members of the Oakland Commercial club.

Very truly yours,
FRED E. REED,
Chairman Rose Festival Committee.

ASK WOMEN TO AID PEACE PLANS

THE HAGUE, HOLLAND, May 20.—An eloquent plea for help from American women to aid women of Germany, Austria, and other European nations in campaigns in the interest of universal peace was made today by Countess Isabelle Aberdeen, wife of the Lord Lieutenant of Ireland, and president of the World's Council of Women, when she opened the annual convention of that organization here. The convention will continue through Tuesday. Scores of women prominent in movements toward universal peace and international arbitration in Europe and America attended today's sessions. The big topic today was the program to be arranged for the great quinquennial meeting in Rome in 1914. Mrs. Andrea Hofer-Proudfoot of Chicago, member of the International Amity League, and a co-worker with Frau Hainisch, in Vienna, for the past few months, also pleaded for a more hearty response by American women. "We are sadly handicapped in our work," declared Mrs. Hofer-Proudfoot, "for it is difficult to arouse interest in European countries in our work. We need the activities and experience of the western continents to stimulate enthusiasm in the work over here. At present, the women of the states do not play the part that should in this great international question."

ESPEE TO ADVERTISE MEDFORD GATEWAY TO CRATER LAKE

A. S. Rosenbaum has received the following self-explanatory letter from General Passenger Agent J. M. Scott: PORTLAND, Ore., May 16, 1913.—Mr. A. S. Rosenbaum, Agent, Medford: Referring to your letter May 10 enclosing clipping from your Mail Tribune same date, in regard to Crater Lake: I had the pleasure of being present at several conferences in San Francisco which Mr. Parkhurst attended in connection with Crater Lake business for the coming summer, and need not assure you that the interests of the Medford gateway were not overlooked. The Southern Pacific company will be glad to sell through tickets from Oregon points to Crater Lake via Medford on basis of fare and one-third to Medford plus the rate to be tendered us by Mr. Parkhurst. We expect that gentlemen in Portland next week and if he will give us assurance that regular auto service will be established to and from Medford, the Southern Pacific will go ahead and do its part in advertising the route to the greatest extent possible. J. M. SCOTT.

TO PLACER ALONG BANKS OF ROGUE

Development of a 140 acre placer mining tract, comprising most of the great bar just below the Dowden falls upon the north bank of Rogue river, and three miles distant from this city is assured by the plans of mining men who have for some months past been chiefly engaged in an exhaustive examination of the property, says the Gold Hill News.

Following tests and prospects which determined the richness of the bar beyond question, the properties of George Lyman, and J. K. Moore, constituting the greater portion of the tract to be mined, have been bonded for a large sum by the recently organized company, and will shortly be the scene of extensive mining operations.

Neither local capital nor local mining men are directly interested in the project, the company being composed of Charles F. Luce, a wealthy mining operator of Tacoma, Washington, A. E. Bamber, and others, of Sutherlin, Oregon.

GIBSON AGAIN TRIED FOR STRANGLING ROSALIE SZABO

NEWBURGH, N. Y., May 20.—Confident of a speedy trial and acquittal, Burton W. Gibson, prominent New York lawyer, today, for the second time within a year, faced the bar of justice charged with murder. Gibson, his faithful wife at his side, stood without flinching as the clerk read the indictment alleging he strangled to death Mrs. Rosalie Menschik Szabo, a former client. A former trial on the same charge resulted in a hung jury. Throughout the trial and during the days before Gibson was indicted when a sensational series of events were unearthed regarding the deaths of several of his former clients, Mrs. Gibson has steadfastly remained at his side protesting absolute belief in his innocence and branding as false the stories and rumors told about her husband.

In the indictment against Gibson he is charged with strangling Mrs. Szabo to death while the two were boating on Greenwood Lake, Orange county, on the afternoon of June 16, 1912. Gibson's defense, his attorneys declared today, will be similar to the defense put forth in the first trial. The accused lawyer declares Mrs. Szabo upset the boat and fell into the water when she attempted to change her seat. The prosecuting attorney said today he will again put on the stand witnesses who will swear that they saw the couple struggling in the boat, that Gibson's fingers were about the woman's throat and that their struggles overturned the small craft.

They represent three branches of inquiry, Mr. O'Brien being a mining engineer, Mr. Barnett a civil engineer, and Mr. Phelan a railroad contractor. In company with Dr. Reddy they left by auto Monday to go over the line and to visit the mines and the timber bodies along the route.
