ROAD BUILDERS ARE AT CRATER LAKE

KLAMATH FALLS, June 9.—The temporary road for hauling supplies from Kirk to the park line has been practically completed, according to G. E. Goodwin, United States engineer corps, in charge of the Crater Lake road work, who came in Thursday from Kirk, on a business trip.

"The construction force is now at work a mile inside the park line," said Mr. Goodwin this morning. "They are at Wheeler creek, where permanent camp has been established.

"From Wheeler creek the work will be carried on toward the rim of the lake as fast as the snow disappears.

"We expect to commence work on the permanent roadways by Monday," continued Goodwin. "The work will become more extensive as the snow leaves. In ten days we will have a large force of men and teams at work."

According to the engineer there are twenty men and five or six teams at work now. In less than two weeks, as the snow permits of a greater scope of work, there will be work for at least forty or fifty men and thirty or more teams.

OBITUARY

PRIM—At Chicago, Ill., at the residence of her daughter, Mrs. Dr. Heinze, June 8, Theresa M. Prim, widow of Judge P. P. Prim, aged 75 years.

Mrs. Prim, whose maiden name was Stearns, was one of the earliest pioneers of Jackson county, coming to Rogue river valley with her parents nearly 60 years ago. Most of her life time was spent at Jacksonville, which place she left to reside at San Francisco, and later at Chicago, about 14 years since. Mrs. Prim had been ailing for some time, but the end came unexpectedly. A son, Judge Charles Prim of Jacksonville, and a daughter, Mrs. Ida Heinze, of Chicago, also several brothers and sisters and other relatives, survive her.

The remains will be interred beside those of the husband of the deceased in the Jacksonville cemetery. Time of the funeral will be given later.

Davy Jones will no doubt strengthen Topsy Hartsel's Mud Hens. The Hens have been going badly this season, and sorely needed a player of the caliber of the old Detroit outfielder, to brace up.

FRIEDMANN ASKS FOR PERMISSION TO USE TURTLE SERUM

NEW YORK, June 10.—Dr. Franz Friedmann, discoverer of an alleged serum tuberculosis cure, today capitulated to the health authorities of New York, submitted a specimen of his preparation and asked to be permitted to administer it to patients in New York.

This information was given out here today by Health Commissioner Lederle. Dr. Friedmann at present is barred from practice here. The Board of Health will decide on the merits of Friedmann's vaccine before announcing its decision as to whether he may practice.

PORT OF BAY-OCEAN IS DECLARED VOID

SALEM, Ore., June 10.—The supreme court today handed down a decision holding that the election creating the Port of Bay Ocean in Tillamook county is void. The election was contested on the grounds of insufficient election notices, which the court held did not properly describe the exterior boundaries of the proposed port.

The supreme court also dismissed the appeal of Robert Morgan, under sentence to be hanged for a murder committed in Gilliam county, holding that the transcript in the case had not been filed within the statutory limit.

WOLGAST-WATSON MATCH IS AGAIN CALLED OFF

SAN FRANCISCO, June 10.—With the Ad Wolgast-Red Watson match for July 20th called off on account of an injury to Wolgast's thumb, Promoter Jim Griffin will make another effort to match Bob McAllister and Sailor Petroskey for that date. If McAllister refuses to fight twenty rounds Griffin will ask him to meet Petroskey over the fifteen round route.

McAllister cannot hope to get any more big money in the four round game, the promoters having lost money on him in his last two bouts, and it is believed that he will be forced to go the longer route, despite his decision not to leave the four round ranks until he has had more short bouts.

BOOSEY NEAR CHAMPIONSHIP.

(Continued from page 1.)

Kelly testified that Boosey had worn them out by his never ceasing appeals for litigation in the past twelve years. Mr. Reames said that he had inherited the Boosey cases from his predecessor and ever since he could remember, Boosey had been suing some one or trying to sue some one. At one session of the grand jury, Boosey had filed 36 complaints seeking indictment of as many individuals, including county and circuit court officials. Boosey had even tried to indict him for perjury as well as the then county clerk, John S. Orth, because they had signed complaints in an official capacity. All three prosecutors thought Boosey suffered from that form of disease known as litigious dementia.

Appealed to Executives

Letters were produced showing that Boosey had written repeatedly to the king of England, president of the United States, premier of Canada, the British ambassador at Washington, and vice-consul at Portland, various governors of Oregon and all members of congress. Letters addressed to the president were marked on the envelope "not to be opened except in the presence of Ambassador Bryce."

One letter was read, addressed to the late Judge H. K. Hanna and the several justices of the supreme court, containing over 1000 words, in which both the justices of the circuit and supreme court were vilified and charged with conspiracy to rob him (Boosey). Later letters accused Judges Tou Yelle and Calkins and all county officials of being conspirators against him (Boosey).

Boosey cross-examined the witnesses. Then eight witnesses were called in defense of Mr. Boosey. They were C. C. Beekman, Miss Clara Beekman, Mrs. Huffman, Miss Anna Boosey, his daughter, J. S. Howard, I. C. Robnett W. R. Coleman and George Gardner. Most of them said that they did not speak as alienists and that on most subject Boosey was rational.

Dr. E. B. Pickett and Dr. R. W. Stearns made a written report finding Mr. Boosey suffering from litigious dementia, whereupon County Judge Tou Yelle committed him to the Oregon insane asylum.

SAVED FROM OPERATIONS

Two Women Tell How They Escaped the Surgeon's Knife by Taking Lydia E. Pinkham's Vegetable Compound.

Swarthmore, Penn. — "For fifteen years I suffered untold agony, and for one period of nearly two years I had hemorrhages and the doctors told me I would have to undergo an operation, but I began taking Lydia E. Pinkham's Vegetable Compound and am in good health now. I am all over the Change of Life and cannot praise my Vegetable Compound too highly. Every woman should take it at that time. I recommend it to both old and young for female troubles." — Mrs. EMILY SUMMERSGILL, Swarthmore, Pa.

Baltimore, Md. — "My troubles began with the loss of a child, and I had hemorrhages for four months. The doctors said an operation was necessary, but I dreaded it and decided to try Lydia E. Pinkham's Vegetable Compound. The medicine has made me a well woman and I feel strong and do my own work." — Mrs. J. R. PICKING, 1250 Sargent St., Baltimore, Md.

Since we guarantee that all testimonials which we publish are genuine, is it not fair to suppose that if Lydia E. Pinkham's Vegetable Compound has the virtue to help these women it will help any other woman who is suffering in a like manner?
