**CONTRACT FOR
 EQUIPMENT ON
 COAST RAILROAD**

(Grants Pass Courier.)
 While in Portland Thursday
 Franklin Helm and Dr. Reddy con-
 tracted for the rails for the laying
 of the first unit of the new railroad,
 delivery to be made within the next
 two weeks. Equipment consisting
 of flat and box cars, to arrive at
 once for use during the construction
 period, was also purchased, and ar-
 rangements for the transportation of
 these via the S. P. was made.

Equipment Ordered
 This first purchase of equipment
 for the new line includes thirteen
 flat cars and a dozen box cars and
 a couple of coaches were negotiated
 for to be shipped later when the
 road has reached a stage that the
 coaches will be needed. A full
 equipment of surveyors' instruments
 was also purchased for the engineer-
 ing and construction departments,
 it being the intent of the builders
 to have every department fully sup-
 plied with every instrument neces-
 sary to the greatest efficiency. These
 instruments have already been ship-
 ped from Portland.

While in Portland Messrs. Reddy
 and Helm had the articles of incor-
 poration amended changing the
 name of the company from the
 Grants Pass & Crescent City rail-
 road to that of the California, Ore-
 gon & Eastern, and it will hence-
 forth be known under the latter
 name.

J. M. Neeland, President
 The directors of the company have
 elected J. M. Neeland of Los An-
 geles as president of the road. Mr.
 Neeland is a man well known in
 railroad circles, especially in the
 southwest, one of his notable
 achievements having been the build-
 ing of the Panama-American rail-
 road, a line extending 799 miles
 through Old Mexico territory. Mr.
 Neeland is at present the vice-pres-
 ident of the southern corporation.
May Eliminate Tunnel
 Teams and men were again put
 at work grading the right of way
 this morning, and greater progress
 can be made since the ground has
 been so much softened by the rains.
 A surveying crew will start out to-
 morrow morning to complete the
 cross-sectioning of the grade as far
 as Wilderville. Another crew is
 now in the Hays Hill country seek-
 ing a route that will, if possible,
 eliminate the necessity for tunneling
 through at that point.

**AN IMPRESSIVE PICTURE
 AT THE STAR THEATER**

An especially strong picture is the
 Gaumont Weekly at the Star theatre
 tonight, besides giving the usual good
 scenes, it shows the unveiling of the
 monument erected in honor of the
 heroes of the Maine. The last scenes
 are very impressive, showing the bur-
 ial of the Maine. The burial of the
 Maine has been shown here before in
 motion pictures, but not as vivid and
 realistic as this picture shows it. No
 one should miss seeing this picture.
 The other numbers on the program
 are good. Coming tomorrow, a real
 sensation entitled "The Demon of
 Destruction." This film is a thriller
 from the first to last and teaches a
 strong lesson; also tomorrow one of
 those funny Keystone comedies.

**FORBES OF BEND NAMED
 ON CELILO COMMISSION**

BEND, Ore., July 26.—C. N. Mc-
 Arthur, speaker of the house today
 announced the appointment of Ver-
 non A. Forbes of Bend to be one of
 the two house members of the Celilo
 commission, which is empowered to
 act with the state engineer in investi-
 gating the power possibilities of Celilo
 Falls in the Columbia river. James
 D. Abbott of Portland is the other
 house appointee. The names of the
 two appointees from the senate
 have not been announced.

**"EVERYWOMAN" IS
 MOST ELABORATE
 PRODUCTION YET**

Surpassing in size and magnifi-
 cence anything which has hitherto
 been offered to the public in a trav-
 eling organization, Henry W. Sav-
 age's immense production of the dra-
 matic spectacle, "Everywoman,"
 which will be seen at the Page The-
 ater August 1, stands alone. No other
 manager would have attempted to
 present with a traveling organization
 a spectacle so massive. Not a fea-
 ture which was used in this produc-
 tion during its two years' run in
 New York has been eliminated.

In addition to the one hundred
 and fifty people which are required
 in the production and to work the
 mechanical and electrical effects, an
 entire symphony orchestra is carried
 by the company. The music, which
 was composed by George Whitefield
 Chadwick, dean of the New England
 Conservatory of Music, requires an
 intelligent and careful rendering to
 bring out all its beauties, and only
 skilled musicians, after weeks of
 strenuous rehearsals are competent
 to play it.

The organization is equipped with
 three car loads of scenery and cos-
 tumes and electrical effects. It in-
 cludes a grand opera and a musical
 comedy chorus, in addition to the
 large dramatic ensemble. "Every-
 woman" is, in fact, a commingling
 of the more attractive features of
 opera, musical comedy and spectacle.

While it amuses and furnishes en-
 tertainment which can be understood
 and appreciated by anyone, it also
 promulgates a moral lesson of ines-
 timable value. Mothers, on seeing
 the play, have brought their daugh-
 ters to it to impress upon them a les-
 son they could not otherwise impart.
 Clergymen of all creeds and beliefs
 have found in it food for reflection
 and have endorsed it in most emphatic
 terms. In London it met as en-
 thusiastic a reception as it did in
 America. For the production in this
 city Mr. Savage is sending his most
 powerful company. It is headed by
 Adele Blood, who appears in the title
 role, and brings to one of the great-
 est roles ever written not only superb
 beauty but a sure dramatic touch.

**AMERICA WINS
 TODAY'S TENNIS**

WIMBLEDON, England, July 26.—
 America had its inning here today
 in the play for the Dwight P. Davis
 international tennis cup. Maurice
 McLoughlin of San Francisco and
 Harold H. Hackett of Boston, rep-
 resenting the United States, winning
 the doubles matches from H. Roper
 Barrett and C. P. Dixon, the English
 team.

America now has the edge on the
 English team. The representatives
 of the United States broke even in
 the singles matches yesterday, and
 by capturing the doubles today have
 made themselves favorites in the
 betting to win Monday's final sin-
 gles matches and the cup.
 McLoughlin, who lost his singles
 match to J. C. Parke yesterday,
 showed a wonderful reversal of form
 today and no little of the credit for
 today's victory is due to his pro-
 vidence. He brought the spectators fre-
 quently to their feet with his fine
 drives and backhand returns, and
 his service was practically invinc-
 ible.

England took first set, 7 to 5,
 America second, 6 to 1; England
 third, 6-2; America fourth, 7-5, and
 fifth, 6-4.

**DISASTROUS FOREST
 FIRES IN NORTHWEST**

WASHINGTON, July 26.—The
 United States forestry department
 announced here today that there is
 great danger of disastrous forest
 fires in Idaho, Oregon, Washington
 and California, where hot, dry weather
 is reported. There is said to be
 still danger in New Mexico and Ariz-
 ona, but general rainfalls in those
 states have minimized the peril.

**WASHINGTON QUARANTINE
 OREGON'S MAD DOGS**

VANCOUVER, Wash., July 26.—
 A careful watch was maintained here
 today to see that no dogs from Ore-
 gon were brought into the state of
 Washington, following the establish-
 ing of a quarantine by the state
 veterinarian. This action was taken
 on account of the prevalence of hy-
 drophobia among Oregon canines.

**NAPHTHA EXPLOSION
 ENDANGERS LIVES
 MANY WORKERS**

MALDEN, Mass., July 26.—Scores
 of employes of the New England
 Dyeing and Cleaning company nar-
 rowly escaped death here today when
 two hundred gallons of naphtha ex-
 ploded, starting a fire which com-
 municated to eight other buildings.
 Early reports to the police said
 twenty-one employes were missing
 but later all were located.

The erroneous reports of loss of
 life originated from a statement by
 a fireman who declared he saw sev-
 eral persons jump from a building.
 These escaped unhurt. Scores of
 windows were shattered by the force
 of the explosion and buildings a block
 away were fired.

The cause of the explosion is not
 known. The damage is roughly esti-
 mated at \$40,000.

Small lighorn hats are being veil-
 ed with printed chiffon.
