

### ADVENTISTS HEAR TALE OF FILIPINOS AT CONFERENCE

A recent arrival in camp is Elder E. V. Finster of the Philippines, who upon yesterday gave an interesting description of those islands, their inhabitants, and the progress of the gospel there. Tonight he will deliver a stereopticon lecture upon life and religious conditions in that far away field.

Last evening Elder W. F. Martin spoke on the Sabbath question to a large audience. He said in part as follows: "The Sabbath as an institution originated at creation and was given to commemorate the completion of that great work. As it will be eternally true that God created the world in six days and rested upon the seventh, so it is an everlasting fact that the seventh day (Saturday) is the rightful Sabbath. Since the Christian world quite largely observes Sunday, the first day of the week, it is evident that a change has been brought about." The speaker contended that this change was without divine authority as the scriptures nowhere declare that there should at anytime be a substitution of the first for the seventh day of the week as the Sabbath.

At the business session reports were received from the two academies located in the conference, one at Gravel Ford, the other near Cottage Grove. The delegates were pleased to learn that these schools had enjoyed a prosperous year.

Resolutions were passed referring to religious liberty and publicity campaigns to be inaugurated during the coming year. A vote of thanks was tendered the newspapers of Medford for reports of the meetings published in their columns from day to day. Also to the Southern Pacific company for courtesies extended in the matter of reduced rates to this meeting.

### YEAR'S WORK OF PRESBYTERY BUREAU

The report shows that three roads have been built by the department in the past year, making a total of 30 roads in the forest. They were built at a cost of \$11,189. Thirty-two and three-fourths miles of trail, were constructed at a cost of \$5,207, making the total amount of trails 174 miles. 23 telephones were installed making a total of 143. A fence one and three-fourths miles in length was built at a cost of \$27 making a total of 2 1/2 miles of fence in the park.

Three houses were built for rangers, etc., for \$4600 making a total of 16 houses. Six barns were already built and two more built for \$1440. \$125.50 was spent in other buildings. Two bridges were built at a cost of \$310. This makes a total of 12 bridges in the park. Two wells were built at a cost of \$55.

Nine pasture permits are in force and one permit to carry on agriculture was granted making a total of nine. Two sawmills are in operation, two schools and two stores, 10 private telephone lines cross park territory. Fifteen applications have been received for homesteads, eleven of which have been examined. Out of the eleven seven have been reported upon favorably. In the past year eight homesteads have been patented.

\$49,135 of timber was cut this year and \$1,952 sold, part of which has not been cut. Forest trees were planted and small tracts of land were seeded for experimental purposes but in most cases unsuccessfully. The seeds were eaten by rodents and the small trees planted died from the attacks of grasshoppers and from drought.

Ninety-two grazing applications were received, of which 85 were granted. 2,636 cattle grazed in the past year, 45 horses, 18 hogs and 3,855 sheep. Two bears and three coyotes were killed by forest rangers in the past year.

### BUSY DAY AT PUBLIC MARKET

Saturday was another big day at the public market. From 6:45 until 10 o'clock the market was crowded with buyers and sellers. Twenty-seven farmers from outlying sections, offered produce with success, in addition to thirteen regular sellers from Medford and vicinity. Vegetables of all kinds, poultry and eggs, peaches, apricots, apples as well as meats were among the offerings.

T. F. Smith, a farmer from the Talent district, brought down 40 baskets of fine peaches, which were too far advanced for shipping and left an hour later with \$20 in cash. Similar stories are told by the other growers. Prevailing prices were: Apricots 3 to 6 cents; peaches, 40 to 60 cents; apples, 2 cents; eggs, 25 cents; chickens, dressed, 15 to 25 cents.

### KEEP DREADNAUGHT IN CANADIAN WATERS

VANCOUVER, B. C., July 26.—Dispatches received here from Ottawa make it apparent that the British dreadnaught New Zealand may be detained in Canadian waters beyond the time planned, until the Mexican situation clears and that the Canadian cruiser Rainbow will be manned by cadets and men from the Niobe, which is to be dismantled at Halifax. One dispatch received says that England has offered to co-operate with the United States in restoring peace in the southern republic, and points out that British, as well as Canadian capital is in danger and that an outbreak against all foreigners is not unlikely.

Great Britain is without other ships nearer than the Asiatic squadron, available for demonstration which would not conflict with the Monroe doctrine.

### CROSS AND BALDWIN REST BEFORE FIGHT

LOS ANGELES, July 26.—Today was rest day at the camps of Leach Cross of New York and Matty Baldwin of Boston, who are scheduled to box twenty rounds in McCarey's Vernon arena next Tuesday night. Both took matters easy in preparation for a final day's hard work tomorrow.

Cross has been working hard for this mill, and his condition appears to be perfect. Baldwin has made hundreds of friends by his training camp showing, and will not lack supporters at the ringside. Cross at present is a ten to eight favorite.

### GIRL SUFFERED TERRIBLY

At Regular Intervals—Says Lydia E. Pinkham's Vegetable Compound completely cured her.

Adrian, Texas.—"I take pleasure in adding my testimonial to the great list and hope that it will be of interest to suffering women. For four years I suffered untold agonies at regular intervals. Such pains and cramps, severe chills and sickness at stomach, then finally hemorrhages until I would be nearly blind. I had five doctors and none of them could do more than relieve me for a time."

"I saw your advertisement in a paper and decided to try Lydia E. Pinkham's Vegetable Compound. I took seven boxes of it and used two bottles of the Sanative Wash, and I am completely cured of my trouble. When I began taking the Compound I only weighed ninety-six pounds and now I weigh one hundred and twenty-six pounds. If anyone wishes to address me in person I will cheerfully answer all letters, as I cannot speak too highly of the Pinkham remedies."—Miss JESSIE MARSH, Adrian, Texas.

Hundreds of such letters expressing gratitude for the good Lydia E. Pinkham's Vegetable Compound has accomplished are constantly being received, proving the reliability of this grand old remedy.

If you want special advice write to Lydia E. Pinkham Medicine Co. (consult) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.
