MANIAC RUNS AMUCK
13 KILLED, 11 INJURED

STURTGART, Germany, Sept. 5.—
Thirteen persons were killed and
eleven others injured, five probably
fatally, when a demented school
teacher named Wagner ran amuck to-
day in the villages of Degerloch and
Mühlhausen, near here.

Wagner first murdered his sleeping
wife and four children at Degerloch.
Then he rushed to Mühlhausen, a short
distance away, and fired a dozen
shots, jeopardizing the lives of
scores of sleepers. When the in-
mates of the burning buildings rushed
to the street, Wagner opened fire
with a revolver. Eight women were
killed and eleven others injured be-
fore Wagner was overpowered. Two
revolvers and twenty-two cartridges
were found in his pockets. Wagner
was almost beaten to death by a mob
before the police arrived.

STORM RAGING OFF
DIAMOND SHOALS

WASHINGTON, Sept. 5.—The re-
venue cutter Seminole is engaged to-
day in aiding distressed vessels off
Diamond Shoals, according to wire-
less messages received at the navy
department. Among the storm-en-
dangered craft, it was said, is the
four-masted schooner Anna Heid-
ritter, which lost its topmasts, broke
its rudder and had two of its crew
injured during last night's storm.

CRESCENT CITY MOTOR
RECORD IS BROKEN

W. V. B. Campbell of Suncrest or-
chards broke the automobile record to
Crescent City recently and incidentally
won a banquet from Stewart
Patterson for 15 University club
members, when he traveled from the
coast city to Medford in his Lozier
roadster in 6 hours and 47 minutes.
The wager was that he could not do
the distance in 8 hours or less. Mr.
Campbell was accompanied by Charles
Brown and a formal affidavit was
made out to attest to the correct-
ness of the claim. The two men left
Crescent City at 8:23 a. m. and reached
the University club in Medford at
3:08 p. m. They had one blowout on
the way and had to stop and back in
order to pass teams several times. No
other stops were made en route.

SATURDAY AND SUNDAY

Prof. Howell, leader of the Page
Theater orchestra, and Mr. Root, first
violinist of the same organization,
will furnish a special musical pro-
gram at the Page every Saturday and
Sunday hereafter. An attractive

to announcement made today at the
Hartford hospital.

ASHLAND MEN IN
FAVOR OF BONDS
FOR PAVED ROAD

The following interviews with
prominent Ashlanders shows the
sentiment prevailing there regarding
the road bonds. The interviews are
printed with others in the Ashland
Tidings:

Benton Bowers: The bonds should
carry by all means. Good roads are
a real substantial investment. The
Siskiyou mountain and the toll road
are nothing short of a disgrace to the
state and to the county. The bond
issue will connect Jackson county
with the California state highway
and this venture will more than re-
pay the amount of the investment
itself.

S. A. Carleton: I am thoroughly
in favor of the bond issue and am
fully satisfied that it will carry by a
good round majority. The arguments
are well known, and inasmuch as the
attitude of the county is certain I
believe the vote should be made over-
whelming.

G. F. Billings: Believing there is
one crop not heretofore raised in
Jackson county to any extent, and of
which our soil, water, climate, secu-
rity, fishing and hunting combined
would produce a bumper crop each
year, if once planted—and always
sold for the highest cash price—the
toughest crop—I shall vote for the
bonds.

G. S. Butler: I am for the bond
issue strong. I fought the previous
one for the reason that it was not
sound in any feature. Aside from
the advantage of good roads I con-
sider the Pacific Highway of vital im-
portance, and while I had thought
that powerful influences would wrest
it from us I believe that the conquer-
ing of Siskiyou mountain will locate
the highway route.

F. G. McWilliams: It is incumbent
upon those who favor the bond
issue to get to the polls. Every vot-
er should reason out the expense for
himself and then figure out if Jack-
son county can afford to do anything
else. It is plain to me that Ashland
has no kick coming on this public
improvement.

George W. Owen: I am strongly
in favor of the bonds. The present
system of road work is the most
wasteful kind and it can be figured
out to be the most extravagant ex-
pense the taxpayers of Oregon are
indulging in. A good hard surface
trunk road to carry the traffic in the
densest traffic section would set the
pace. The towns have quit throwing
good money into mudholes and the
county should certainly connect itself
with the California highway.

E. V. Carter: I am in favor of the
bonds most emphatically. It would
be a public calamity were they to be
defeated under existing conditions.
Jackson county endorsed a road bond
issue of \$1,500,000 less than two
years ago. To fall in voting one-
third that amount now would be a
backward step from which we would
not soon recover. Furthermore, the
Pacific Highway is at stake and we've
got to have it. I believe the proposed
highway will benefit the county to
its uttermost limits and resultant
prosperity will be so evident to prop-
erty owners that laterals will come
fast.

FRECKLES

Don't Hide Them With a Veil; Re-
move Them With the Othine
Prescription

This prescription for the removal
of freckles was written by a promi-
nent physician and is usually so suc-
cessful in removing freckles and giv-
ing a clear, beautiful complexion that
it is sold by your druggist under an
absolute guarantee to refund the
money if it fails.

Don't hide your freckles under a
veil; get an ounce of othine and re-
move them. Even the first few ap-
plications should show a wonderful
improvement, some of the lighter
freckles vanishing entirely.

Be sure to ask the druggist for the
double strength othine; it is this that
is sold on the money-back guarantee.

BACHELOR WILLS
BECKONING MAIDS
UPON TOMBSTONES

Wm. H. Martley, for many years a
farmer of Jackson county died recent-
ly at the age of 73 at Myrtle Point.
His will was offered for probate today
and contains the following remark-
able clause:

"I direct that an elegant tombstone
or monument be placed on my grave,
to be made of granite, on which all
the lettering shall show plainly and
distinctly, and of a lasting quality,
and on the tombstone or monument
shall be engraved an old bachelor
standing on the brink of the Jordan,
preparing to cross the river, and on
the other side of the river a group
of old maids, each carrying in their
hands a bunch of roses, and beckon-
ing to him to cross, and on which
tombstone or monument shall be en-
graved the following epitaph: "To
an independent, good looking old
bachelor, who in his younger days,
preferred living a single life rather
than get married and have a petticoat
boss ruling over him the rest of his
life and perhaps through an endless
eternity."

LIKELY TO BAR
MRS. PANKHURST

NEW YORK, Sept. 5.—That Mrs.
Emeline Pankhurst, the militant
English suffragette leader, now on
her way to this country, may be de-
nied the right to land on the ground
that she is a fugitive from justice,
was intimated today by immigration
officials here. Superintendent Baker,
of the Ellis Island immigration
station, said it had not been decided
definitely how to treat the expected
visitor.

Mrs. Pankhurst was sentenced to
a term of imprisonment for instigat-
ing outbreaks of suffragette mili-
tancy, began a hunger strike, was re-
leased lest she die for lack of food,
and re-arrested as soon as she had
partially recovered, again released
and re-arrested over and over again,
until finally, while out on leave and
with part of her sentence still hang-
ing over her, she went to France.
The British authorities, very glad to
see her go, made no attempt to in-
terfere with her.

SAGE TEA PUTS LIFE
AND COLOR IN HAIR

Don't Stay Gray! Sage Tea and Sul-
phur Darkens Hair so Naturally
That Nobody Can Tell

You can turn gray, faded hair beau-
tifully dark and lustrous almost over
night if you'll get a 50 cent bottle of
"Wyeth's Sage and Sulphur Hair Re-
medy" at any drug store. Millions
of bottles of this old, famous Sage Tea
recipe are sold annually, says a well-
known druggist here, because it dark-
ens the hair so naturally and even-
ly that no one can tell it has been
applied.

Those whose hair is turning gray,
becoming faded, dry, scraggly and
thin have a surprise awaiting them,
because after one or two applications
the gray hair vanishes and your
locks become luxuriantly dark and
beautiful—all dandruff goes, scalp
itching and falling hair stops.

This is the age of youth. Gray-
haired, unattractive folks aren't
wanted around, so get busy with
Wyeth's Sage and Sulphur tonight,
and you'll be delighted with your
dark, handsome hair and your youth-
ful appearance within a few days.

BOTANISTS BACK
DELIGHTED WITH
CRATER'S WONDERS

The International Pytheographic ex-
cursion to Crater Lake, bearing a
score of noted scientists and botan-
ists left the scenic wonder at 7
o'clock this morning, spent two hours
at noon at Prospect, and were due
to reach Medford this afternoon be-
tween 4 and 5 o'clock. They ar-
rived at Prospect at 11 o'clock this
morning.

The visitors were elated with the
trip, marveling at the natural beauty
and scientific research possibilities
they encountered. Much data was
gathered which will be compiled in
reports to be printed next winter.
Not an accident marred the trip.

Tonight the scientists will be the
guests of the University club and
the women of the party will be en-
tertained by the Women's College
club at the Medford hotel. Tomor-
row morning an auto trip to Med-
ford's points of interest and Rogue
River valley orchards will be taken,
viewing the picking and packing of
fruit.

The party will then bid good bye,
leaving for the south on the 10:52
train.

The Commercial club committee,
Prof. P. J. O'Gara, S. S. Smith and
H. C. Garnett telephoned from Pros-
pect that the members of the party
were more enthusiastic and louder
in their praises than last year's sci-
entific visitors.

WHY
DINING
CAR
CHEFS
PREFER
KC BAKING POWDER
Those who have had cakes ruined by jarring the
stove, slamming the oven door or a heavy footstep, may
have wondered how the dining car chef can turn out such
marvelous biscuits, hot breads and pastry when his oven
is being incessantly jarred and jolted and shaken by the
motion of the train.

To get pastry to raise and stay raised under these con-
ditions, a baking powder must be used that continues to give off
its leavening gas—that sustains the raise—until the dough is
baked through.

Dining Car Chefs have found a baking powder exactly suited
to their needs in K C and you will find it just as well suited to
your requirements. K C is really a blend of two baking powders,
one active as soon as moistened, the other requiring both mois-
ture and heat to start the generation of leavening gas. No matter
how moist and rich you make your cake, K C Baking Powder will
sustain the raise until a crust is formed and all danger of falling
is past.

K C Baking Powder is pure and healthful. It is guaranteed
under all pure food laws, and is guaranteed to please you. And it
is sold at a reasonable price—no baking powder should sell for more.

Try a can at our risk and be convinced.
