SWORN CIRCULATION. Daily average for seven months ending November 30, 1911, 1741.

UNCLE SAM'S NAVY TO MINE ALASKAN COAL FOR WARSHIPS

SEATTLE, Wash., Oct. 16.—The United States navy is going to mine its own coal in Alaska.

Coal of sufficient quantity and quality has been found at the Matanuska coal fields by the navy Alaska coal investigation expedition now at work there, to warrant the opening of a mine by the government, according to unofficial information secured here today.

A bill which will give the navy the right to open its own mines in Alaska is now before congress and its passage is said to depend solely on whether the coal deposits in Alaska are found suitable for navy use. This will mean that Uncle Sam will quit buying coal from the private mines in West Virginia and old Pennsylvania, or in Australia for use by its Pacific coast and Asiatic fleets.

Members of the expedition arrived in Seattle yesterday on the Alaska liner Mariposa, from Seward, to secure supplies and outfit for moving coal taken out for tests from the fields to the sea coast.

To Survey New Route

Such favorable reports have been sent to officials of the navy department by its men now in the Matanuska coal fields, that a survey has been made of a new route which will shorten the haul to navigable water fifty miles, and also of the probable location of the navy's Alaska coal-planting station at a seaport not now on the map.

The new seaport, which is now known as Passage canal, or Portage bay, is located at the northwest limit of Prince Williams sound and has heretofore been looked upon as a landlocked bay, too deep for anchorage. Maps just completed by Captain G. E. Rude of the coast and geodetic survey, which were filed at district headquarters here today, show plenty of anchorage and a shore line a mile long from which docks may be built, making the location of a naval coaling station possible. The bay is eleven miles long.

VATICAN ANNOUNCES FATHER CROZET'S ELECTION

ROME, Oct. 16.—The Vatican today announced the election of the Very Rev. Father Celestine Crozet of St. Joseph's parish of Fitzburg, Mass., as procurator general of the Congregation of the Missionaries of La Salette. Father Crozet was one of the three delegates from the United States to the recent general chapter of the order, which was held at Susa, Italy. The other two were the Very Rev. Father John Guinet of Hartford, Conn., where the order maintains a missionary seminary, and the Very Rev. Father Camillus Fréquet of Holyoke, Mass.

BALD-HEADED CLUB HAS ANNUAL GATHERING

CANAAN, Conn., Oct. 16.—One thing seems certain tonight when the Bald-Headed Club of America has its annual meeting banquet here. There ought not to be any hairs in the soup. Every member will have a head as bald as a billiard ball. The proprietor of the hotel is bald. The chef is bald. Every waiter has a head as free from hair as a bald as a dandruff. Robert J. Orr is president of the Bald-Headed Club of America. John Reiney, a bald-headed editor, will act as toastmaster, and the six Kari brothers of Litchfield, Conn., all as bald as apples, will furnish music.

INVITED TO MEET EVANGELIST PUTMAN

All members of the Christian church are requested to be at the church this evening at 7:30 to meet M. Putman, the evangelist, and assist in preparing for the meeting which begins Sunday.

COUNTY WARRANTS WORTH PAR

THE fact that Jackson county highway bonds command a premium in a time of financial stringency shows the high opinion entertained by the financial world of the Rogue River valley and its future.

It demonstrates, as one of the bond bidders asserted, how well known the Rogue River valley is throughout the country. The successful bidders are well-known Minneapolis, Chicago, Cincinnati and New York bond houses, who already have the major part of the issue placed.

The sale of the bonds demonstrates conclusively the value of Jackson county securities. They are worth par, and local banks should do their share to place them there.

If bonds, which are a five per cent long time security, sell above par, surely county warrants, which are a six per cent short time security, are worth at least par, and should be so regarded.

There is no reason why Jackson county six per cent warrants should sell at 95 and five per cent bonds at \$100.89. Here is a chance for the Jackson county banks and local financiers to show that they have at least as much faith in the county as the cold-blooded eastern investor.

By accepting county warrants at par the banks will be doing a real service to the community as well as demonstrate their patriotism.

Women Neglecting Their Opportunities

After a forty-year struggle to carry Oregon women's suffrage, the hard-won privilege is apparently scorned by nine of every ten of the state's female voters.

November 4th will be the first date on which women may vote in Oregon upon state measures. Scarcely ten per cent of them have registered. Unless the remaining ninety per cent do so this week, their newly acquired franchise will be lost so far as this election is concerned.

October 20th has been heralded widely as "the last day to register." It isn't however, October 20th will be too late, October 19th, even, will be too late, for that day is Sunday. The registration books will be closed at five o'clock on Saturday of this week, October 18th.

If the woman voter lives in a county seat, she should register at

the office of the county clerk; if at a distance from the county seat, there probably is a deputized registration clerk in the vicinity.

During the next few days a rush of women to the registration clerks is in prospect. Hundreds of them will be wives of laboring men who want the compensation act to stand because it will provide a certain income for them if their husbands are killed or hurt in industry. Hundreds of others are expected to register to stop the cry that Oregon women do not want the franchise. Others want to take a stand upon the sterilization bill. More numerous than any will be those who wish to vote upon the university issue.

Without registration prior to five o'clock next Saturday, however, no vote upon any measure from any motive will be possible for women without the tedious process of being sworn in.

PERMIT ISSUED FOR NEW POWER PLANT

WASHINGTON, Oct. 16.—A water power permit has just been granted by the secretary of agriculture to the Truckee River General Electric company, a California corporation, under which this company will develop power on the Eldorado national forest, to serve various California towns and cities.

In developing power the company states that it expects to construct seven reservoirs, five for water storage and two for equalizing the flow. Two of the storage reservoirs are on upper Rubicon river. By the use of a tunnel, approximately a mile and a half long, the flow of the upper Rubicon river and the waters stored in these two reservoirs will be brought into the Gerle creek drainage where the waters will be further stored. From this storage the water will be conveyed by ditches and natural streambeds to Pilot creek, upon which the two power plants mentioned in the permit are to be located. The water will finally be discharged into the Rubicon river.

At each of the two plants there will be a head of approximately 1300 feet. The company expects to make an initial installation which will develop about 16,000 horsepower, which will probably be doubled as the market for the product increases.

MRS. WILSON RETURNS FROM SUMMER HOME

WASHINGTON, Oct. 16.—Mrs. Woodrow Wilson, wife of the president this afternoon returned from New Hampshire, where she spent the summer and immediately began preparations for the wedding of Miss Jessie Wilson and Frederick B. Sayre.

LANGFORD ARRIVES TO FIGHT JACK LESTER

SAN FRANCISCO, Cal., Oct. 16.—Sam Langford, the Boston negro heavyweight, left today for Taft, Cal., where, on October 17, he is scheduled to meet Jack Lester of Cle Elum, Wash., in a twenty-round contest. The negro and his manager, Joe Woodman, arrived in San Francisco yesterday.

Woodman had a short conference with Promoter Coffroth regarding a match here with Gumbo Smith. Coffroth announced today that he had communicated with Jim Backley of New York, who is looking after the interests of the California heavyweight, and expected an answer before night.

NOTED PLANT EXPERT STOPS IN VALLEY

Dr. H. W. Wollenweber, the noted plant pathologist of the United States department of agriculture, has just spent several days with Professor F. C. Reimer at the state experiment station at Talent, Or. He is probably the greatest living authority of wild diseases of plants. Two years ago he was brought from Germany to this country by the department of agriculture to make a special study of several of the most serious wilt diseases affecting agricultural plants in the United States. He had already spent several years studying this group of diseases in Europe.

EPISCOPALIANS MEET NEXT AT ST. LOUIS

NEW YORK, Oct. 16.—The Episcopal church convention here today chose St. Louis for the next triennial gathering.

SAVE YOUR HAIR! IF FALLING OUT OR DANDRUFF--25 CENT DANDERINE

Ladies! Men! Here's the Best 25 Cents You Ever Spent—Don't Wait! Apply a Little Tonight.

This, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scurf. There is nothing so destructive to the hair as dandruff. It robs the hair of its luster, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast. A little Dan-

derine tonight—now—anytime—will surely save your hair. Get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet counter, and after the first application your hair will take on that life, luster and luxuriance which is so beautiful. It will become wavy and fluffy and have the appearance of abundance; an incomparable gloss and softness, but what will please you most will be after just a few weeks' use, when you will actually see a lot of fine, downy hair—new hair—growing all over the scalp.

RACING MEETING TO MAKE GOOD FAIR DEFICIENCY

At a meeting of the Jackson County Fair association held last evening it was decided to give a matinee Sunday, Oct. 19th, to make up the deficit of \$400 which the recent fair ran behind. We have with us a strong of horses which have come here to winter and who made all those attending the fair up north sit up and take notice. Albia 2:11 1/4, who was in the winning all along the line up north and who won more money than any other horse that went out of Jackson county and annexed the 2:20 pace at Salem from one of the fastest fields of horses that ever got together in that class is back and capable of giving as fine a race as one ever saw, will go.

George Swisher, the veteran driver brought back with him Harry N., 2:20 1/4, who was second to Albia at Roseburg when he made his first mark of 2:14 and who was a strong contender with him throughout the circuit, and he has improved so much that Mr. Swisher is going out to beat Albia and Dr. Helms, and it promises to be a great race.

Grace N., the black mare seen at the recent fair is showing up good and promises not to be far behind.

Now in the trotters we have Hallic B., owned by Mrs. L. W. Watts of Portland who made a good showing for herself at the fair north, being in the money in all her races in good fast fields of horses. David Haren, the old favorite with us all is in fine shape. Also Bonnie June, the California mare Mr. Swisher recently purchased is showing up fine and promises to make David get up and move to win.

In addition there will be a slow race and a mule race, besides Nero, the bucking bull who has been out getting fat and resting up will perform. Also Grizzly Murphy, the black horse which has never been ridden will be given a tryout and several other buckers. The people should turn out and encourage the directors of the association so that they can put on a bigger and better fair than ever next year.

BRYAN OUT FOR SENATE AGAINST WESLEY JONES

SEATTLE, Wash., Oct. 16.—Congressman John W. Bryan has announced his candidacy for the senate to succeed Wesley Jones, whose present term expires in 1915. Bryan is serving his first term in congress as a progressive.

George Marlon will stage all the Savage musical pieces this season.

BREAKS A COLD IN A FEW HOURS—PAPE'S

First Dose of Pape's Cold Compound Relieves all the Grippe Misery—Contains no Quinine

Don't stay stuffed-up! Quit blowing and snuffing! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken will end grippe misery and break up a severe cold either in the head, chest, body or limbs. It promptly opens clogged-up nostrils and air passages; stops nasty discharge, or nose running; relieves sick headache, dizziness, feverishness, sore throat, sneezing, soreness and stiffness.

"Pape's Cold Compound" is the quickest, surest relief known and costs only 25 cents at drug stores. It acts without assistance, tastes nice, and causes no inconvenience. Don't accept a substitute.

Coffee

If a lot of people were not satisfied with poor coffee, good coffee would double in price. You needn't belong to that lot. Enjoy Schilling's Best; not merely best, but best for your taste—or money back. Someone please suggest a stronger guarantee.

Order today; you may forget tomorrow.

John A. Perl Undertaker Lady Assistant 28 S. BARTLETT Phones M. 47 and 47-J-2 Ambulance Service Deputy Coroner

COMPLICATION OF WOMAN'S ILLS

Yields to Lydia E. Pinkham's Vegetable Compound.

Athens, Texas.—"I had a complication of diseases, some of them of long standing. I wrote to you for advice and took Lydia E. Pinkham's Vegetable Compound, and some other things that you suggested. I must confess that I am much better in every way and have been relieved of some of the worst troubles. My neighbors say I look younger now than I did fifteen years ago."—Mrs. SARAH R. WHITLEY, Athens, Texas, R. F. D. No. 3, Box 92.

We know of no other medicine which has been so successful in relieving the suffering of women, or received so many genuine testimonials, as has Lydia E. Pinkham's Vegetable Compound.

In nearly every community you will find women who have been restored to health by this famous medicine. Almost every woman you meet knows of the great good it has been doing among suffering women for the past 30 years.

In the Pinkham Laboratory at Lynn, Mass., are files containing hundreds of thousands of letters from women seeking health, in which many openly state over their own signatures that they have regained their health by taking Lydia E. Pinkham's Vegetable Compound, many of them state that it has saved them from surgical operations.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.
