BUSINESS MEN'S TICKET FILED FOR COMING ELECTION

City politics for the election next Tuesday took definite shape Monday with the filing of the business men's ticket, having for a platform efficiency, economy and no salary.

The ticket is composed as follows: First ward, F. V. Medynski, opponent of J. W. Mitchell, council incumbent. Mr. Medynski is a heavy property owner and former eastern manufacturer.

Second ward—Colonel H. H. Sargent, civil engineer, retired army officer and property holder, to fill berth now occupied by Councilman Campbell, not seeking re-election.

Third ward—T. W. Miles of the Jackson County Abstract company, property holder, business man, with thorough knowledge of city property conditions, to fill Councilman Sumner's present place.

On the recall petitions, V. J. Emmerick was named to oppose Councilman Stewart in the Second ward, and Dr. H. P. Hargrave to oppose George H. Miller in the Third. Mr. Emmerick has served two terms on the council, is a heavy property owner and retired stockman, with large interests in the city. Dr. Hargrave is a native son of Jackson county, a physician and surgeon, property owner and owner of a drug store.

All the candidates agree to serve without pay if the salary clipping amendment loses at the polls.

Councilmen Stewart and Miller, under recall, filed their reasons for not being recalled Monday and withdrew them this morning for more elaboration. They will file according to law this afternoon.

Interest promises to be keen in the election, with the personnel of the business men's ticket meeting approval. Petitions are being circulated this afternoon by friends of Stewart and Miller and the present council to put new candidates in the field, solely for the purpose of confounding a clear-cut issue. Difficulty is being experienced in securing names.

City Recorder Foss will prepare the official ballots tomorrow.

The business men's ticket was selected by a committee headed by F. K. Deuel, H. G. Garnett, F. W. Hollis, Bert Anderson and J. M. Keene. The selection is approved by a majority of the business men of Medford.

Governor's Offer

In a message to Sheriff Rand at Baker today, Governor West offered to withdraw the state militiamen from Baker county in return for his co-operation in suppressing alleged law violations in Baker county. As a pledge of good faith the governor asked Rand to appoint State Agent F. H. Snodgrass a deputy sheriff for sixty days without pay to assist in stopping further violations of the liquor law in Baker county and the closing of all disorderly houses.

Another development of the martial law incident in Baker county today was the removal from the military staff of the governor of Judge Advocate Samuel White, formerly of Baker, but now of Portland, because he is alleged to take sides with those

ENGINE FALLS IN FLOOD TORRENT

COPPERFIELD, Ore., Jan. 6.—Governor West has made good his promise to the people of Copperfield. There is not a drop to drink today in this heretofore wettest of frontier towns excepting the cold water that trickles from the city spring.

Yesterday afternoon the town said farewell to one of the most elaborate collections of "hoose" in the state. Today the corporal's guard left by Colonel Lawson left nothing but the empty shelves of the saloons.

In shipping out the liquor of Copperfield, Colonel Lawson got rid of a varied assortment of gambling devices as well. These included some of the slot machines that had been used so recently that the money had not been removed from the coinholders, and contained all the way from \$5 to \$15 of \$20. The money went with the machines and will be confiscated by the state. Two roulette wheels, several Faro and twenty-one tables and a large assortment of chips and other gambling paraphernalia were loaded on the special car provided for carting away the visible signs and means of Copperfield's gay times.

ENGINE FALLS IN FLOOD TORRENT

MONTESANO, Wash., Jan. 6.—

The engineer was injured and the fireman was compelled to swim for his life when an Oregon & Washington passenger was derailed about midnight and toppled over into a swollen stream when a portion of the new grade into Montesano gave way. The engine broke loose from the train it was drawing. The ground had been softened by high water.

When they left the ground gave way, the engineer and fireman leaped for the cab window. The engineer succeeded in getting through and was injured in the jump to the ground. The fireman was taken under the water when the engine toppled over. He groped about and finally succeeded in escaping.

MISS HOBBS SHUNS FURTHER PUBLICITY

SALEM, Ore., Jan. 6.—After taking the leading role in "Cleaning up Copperfield," Miss Fern Hobbs, the governor's private secretary, was at her desk early today clearing away a mass of accumulated correspondence.

"I'm glad to be back," she said. "I've been in the limelight long enough. To be frank, I don't care for publicity."

Governor West announced that as Miss Hobbs had returned to Salem he would not send her back to Baker next Saturday to represent him at the hearing to remove Sheriff Rand for alleged failure to enforce the law in Copperfield, but that Eliza Baker, an attorney of Baker, would act for him.
