Germany is in a fair way to undergo an attack of the pedestrian craze. A Prussian grenadier has created a genuine sensation in Berlin by walking, or running against race-horses, and has undertaken to walk from Berlin to Madgeburg, more than ninety miles, in twelve hours, and to Vienna in four days. Of the 357 vessels which cleared with cargoes of California flour, wheat and barley, during the harvest year ending June 30, 1880, 247 have arrived out, and most of them have discharged cargoes and departed on other voyages.

Help One Another. Stick up for your own town; stand up for your own townsmen in business first. Make one hand wash the other by encouraging home trade.

Somebody has nearly carried away one of Mr. J. G. Meglers car lots. There is hardly a wagon load left on lot 1, block 32, Olney's Astoria. Jokes aside, this species of trespass is ruin to a good building site, and Mr. Megler desires us to say that further trespass upon that lot will be punished by prosecution.

We told you so. Tupper, Faure, Sir Wm. Thomson et al., now agree with THE ASTORIAN, that the next exploration for undiscovered countries will be in the direction of the planets. What old fools we have been to look at comets, etc., through glasses so long, when we might as well not go by air ships and get the full benefits of the near view. Read what the Call says.

THE ASTORIAN has now reached a circulation which places it at the head of the list of Oregon dailies, and insures to advertisers thereof more benefit for the amount paid than any other paper elsewhere. To those who wish to reach the largest number of readers at the smallest expense, we offer the columns of an attractive daily, the success of which from the very start has been far beyond the expectations of the most sanguine.

From this date the Astoria photograph gallery will conduct business on the following plan. We will take negatives of any lady and everybody that will favor us with a call, we will print a proof of the same free of charge, no one being under any obligation to order from such negatives unless they desire to do so.
