Weekly Letter From Portland

Portland, Oct. 24.—Pendleton is in the eye of the republican state central committee, and the party managers have planned to bring all of the republicans and a part of the democrats into the fold when Senator George C. Brownell of Oregon City, journeys from the West to the East to explain the doctrines to the dwellers of the sagebrush and wheat belt country.

The republican managers are making a great effort to line up the whole party for Roosevelt and to secure as many dissatisfied voters outside as can be found. For that reason the strenuous campaigning of those districts which are known to be safely republican has been practically abandoned and the principal points of attack from this time on will be where for any reason the republican vote has been in the past scattered or divided.

Umatilla county is looked upon as comparatively safe at the republican headquarters, but the split of the past few years is remembered and there is a lingering fear that not all of the voters will get out when election day comes. For this reason Senator Brownell, who is of most persuasive men, will be sent to Pendleton to coax everyone to come out and vote the straight ticket.

HAIR NATURALLY ABUNDANT. When It Is Free of Dandruff, It Grows Luxuriantly.

Hair preparations and dandruff cures, as a rule, are sticky or irritating affairs that do no earthly good. Hair, when not diseased, grows naturally, luxuriantly. Dandruff is the cause of nine-tenths of all hair trouble, and dandruff is caused by a germ. The only way to cure dandruff is to kill the germ; and, so far, the only hair preparation that will positively destroy the germ is Newbro's Herpicide—absolutely harmless, free from grease, sediment, dye matter or dangerous drugs. It stays itching instantly; makes hair glossy and soft as silk. "Destroy the cause, you remove the effect." Sold by leading druggists. Send 1c. in stamps for sample to The Herpicide Co., Detroit, Mich. F. W. Schmidt & Co., special agents.
