TWO FREE COURSES

AGRICULTURAL COLLEGE
ADDS TO ITS ADVANTAGES.

Short Courses in Agriculture and Dairying Will Be Offered After Jan. 9—Tuition Free, Books Cost About \$3.00 and a Deposit for Laboratory Breakages \$300—Both Courses Will Be Practical and Complete—Great Need for These Branches Induced Regents to Add Them.

Immediately following the winter holidays, the Oregon Agricultural college at Corvallis, will give free of charge two popular short courses of instruction—one in agriculture, the other in dairying. These courses consist chiefly of lectures by specialists from the faculty and from abroad, combined with work in the laboratories, where students have access to the apparatus of the college and experiment station.

The lectures are designed for busy men and women who desire to advance with this progressive age, but can not avail themselves of the full four-year course of instruction; hence the courses of lectures will come at the most convenient season of the year for combining pleasure and recreation with profitable study. Those familiar with the short course system of lectures speak of it as a rare opportunity for practical men and women to familiarize themselves with the more salient points touching their business, and to gather such general information as will enable them to live that higher industrial life possible to every farmer and housekeeper.

The instruction, which is simple, is adapted to the literary attainments of all; hence no educational test is required for admission to either of the courses. The schedule of lectures will be announced in due time.

The course in agriculture will begin January 9th, and continue 10 days. Some of the subjects to be discussed are horticulture, plant breeding, bacteriology, chemical elements, how plants work, budding of plants based upon plant culture, hints on farming, how to conserve the fertility of the soil, drainage, soil moisture, rose culture, veterinary surgery, rotation of crops, roadmaking, fertilization and how to make the old farm pay.

The course in dairying will commence January 21, and continue six weeks. Students will meet for work six days of the week. The mornings will be devoted to practical work in dairy rooms, two days will be devoted to butter making, two days to cheese making, and two days will be spent in the dairy laboratories. In the afternoon of the days except those devoted to cheese making, lectures and recitations will occupy two or three hours. The lectures will treat of soil chemistry and physics, feed and feeding, dairying, bacteriology, breeds and breeding and chemistry of dairy products.

There will be no fees except the breakage deposit of \$3. This deposit is intended to cover the breakage of glassware in the laboratory, and the actual cost of material used; hence a part of this fee will be returned in case of no breakage. Books will cost about \$3. Rooms with board and lodging will cost from \$3 to \$3.50 per week.

Jacksonville Carnival.
Jacksonville, Fla., Oct. 24.—Hotels and boarding houses are filled with visitors who have come to witness the festivities of carnival week. The carnival for which preparations have been going forward for many weeks, is held in celebration of the rebuilding of Jacksonville after the great fire of three years ago. The week's program was formally ushered in this afternoon with a magnificent floral parade which was witnessed by thousands of enthusiastic spectators. Scores of carriages, automobiles and bicycles, all handsomely decorated in a wealth of flowers and blossoms, took part in the spectacle.

\$100 Reward \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c. Take Hall's Family Pills for constipation.

Confessions of a Priest.

Rev. John H. Cox of Wake, Ark., writes: "For 12 years I suffered from yellow jaundice. I consulted a number of physicians and tried all sorts of medicines, but got no relief. Then I began the use of Electric Bitters and fell that I am now cured of a disease that had me in its grasp for 12 years." If you want a reliable medicine for liver and kidney trouble, stomach disorder or general debility, get Electric Bitters. It's guaranteed by Tallman & Co. Only 50c.

Golden Rule Store.

By mistake of the factory the Golden Rule Store has about three times as many golf gloves as were ordered. Rather than return them, it has been decided by a big reduction in price to close them out. You ought to see the 50c values they are offering for 25c, and the 75c values which go for 48c.

Broke Into His House.

S. Le Quinn of Cavendish, Vt., was robbed of his customary health by invasion of chronic constipation. When Dr. King's New Life Pills broke into his house, his trouble was arrested and now he's entirely cured. They're guaranteed to cure. 25c at Tallman & Co.'s drug store.
