ON INDIAN AFFAIRS

CHARLES M. ROBINSON IS NOW LEASE CLERK.

Hopes to See a Sheep Trail Opened Across the Reservation in Time—Sheepmen Have Misunderstood Motives of the Government Officials—Discusses Prohibition and the Indian—Government May Cause Indians to Trade on Reservation.

Charles M. Robinson, the newly appointed lease clerk of the Umatilla agency, expresses himself as exceedingly well pleased with his new position at the agency.

"Considering the difference in responsibility," said Mr. Robinson, "I greatly prefer the position to which I have been promoted to that of superintendent in charge of the reservation."

"I did not apply for the superintendency here, and was not, therefore, a candidate for it. Many of my friends interested themselves in an endeavor to obtain the position for me, and to them I feel very grateful indeed. The movement, though successful, taught me what a host of friends I have in this county, and how loyal and warm is their friendship for me. Of this I shall always be heartily proud."

"A few of the sheep owners, not understanding my position regarding crossing this reserve with their flocks, at one time said a few words that I wish were unsaid, but as they come to understand the situation even the few hasty expressions they let fall will never be repeated nor find an echo anywhere."

"Eventually, I am confident, a trail will be established across the reservation, but there are some influences at work to retard this. For instance, I have just received a report from upper Wild Horse creek, that sheepmen are now cutting fences on the reservation and driving through fields. It is to such conduct as this that the sheep agitation on this reserve is due, and not to any poor effort of mine or of any other employe in the Indian service."

Indians and Liquor.

Asked about the prohibition movement Mr. Robinson said: "I am not really a prohibitionist. I have never acted with the prohibition party. I was raised in the old democratic school, and it was a good school. My position keeps me out of politics, however, and for a number of years I was not even in a position to vote. But this prohibition question interests me very much, indeed. If it carries, the saloon men have themselves to blame. This question chiefly affects us out here through the sale of liquor to Indians. Most of the saloons refrain entirely from his traffic, but neither they nor the business men of the town have lent us very material assistance in prosecuting those who do connive at the Indian liquor traffic."

"Now, if Uncle Sam, indignant at the anti-prohibition attitude and seeing it emphasized by a strong anti-prohibition vote, should put this reservation back into darkness; patrol the borders and prevent the Indians from going to Pendleton, thus indirectly compelling them to trade exclusively with licensed traders who would undoubtedly erect stores all over the reserve, the trade of Pendleton would suffer about as much, I apprehend, as the most sanguine advocate of a wide-open town could claim would result from a local option victory. My advice is, don't 'rite' Uncle Sam."

Mr. Robinson is a very busy man. His time is mostly taken up with trying to clear up cases involving title to some of the most valuable lands in this county. After the bulk of these are settled, he hopes to resume the work of making leases.

Disastrous Wrecks.

Carelessness is responsible for many a railway wreck and the same causes are making human wrecks of sufferers from throat and lung troubles. But since the advent of Dr. King's New Discovery for consumption, coughs and colds, even the worst cases can be cured, and hopeless resignation is no longer necessary. Mrs. Lois Cragg of Dorchester, Mass., is one of many whose life was saved by Dr. King's New Discovery. This great remedy is guaranteed for all throat and lung diseases by Tallman & Co., druggists. Price 50c and \$1. Trial bottles free.

BEAUTIFUL FURNITURE DISPLAY

M. A. Rader Has One of the Most Costly Stocks Ever Brought to Pendleton.

One of the most beautiful and substantial stocks of furniture ever brought to Pendleton is now on exhibition at the large store of M. A. Rader, at the corner of Main and Webb streets, where his large shipment from the east has just been tastefully arranged for display.

Article from being substantial and of the best make from point of durability, it is also a unique and highly artistic stock all through. Mr. Rader went east and personally inspected every order made by him, and selected none of the common lines carried by every furniture store, but made a specialty of selecting fancy lines, beautiful and unique pieces and sets, and has the only personally selected stock of furniture in Eastern Oregon.

Doesn't Respect Old Age.

It's shameful when youth fails to show proper respect for old age, but just the contrary in the case of Dr. King's New Life Pills. They cut off maladies no matter how severe and irrespective of old age. Dyspepsia, jaundice, fever, constipation all yield to this perfect pill. 25c at Tallman & Co.'s drug store.

WILL REORGANIZE.

Golconda Directors Will Meet in Pendleton November 8.

James A. Howard, secretary of the Golconda Mining Company, and president of the First National Bank of Sumpter, is in Pendleton today. Mr. Howard and the other members of the board of directors of the Golconda will meet in this city November 8 for the purpose of discussing with Alexander Prussing his plans for the reorganization of the mine. The property is said to be a good one, and Prussing has agreed to manage it and place it once more on a paying basis.

"Business is a little quiet in the Sumpter country just now," said Mr. Howard, "outside of mining. The smelter is a great help to the town and causes a good deal of money to circulate."

DEBATING SOCIETY.

High School Students Will Organize Later on.

The high school students have not yet organized their debating society, although it is intended to give a number of entertainments and debates this winter. A number of the principal speakers and debaters of the school are among the football players, and their attention is now turned toward the gridiron. The football season closes Thanksgiving day, and shortly after that the winter entertainments will be arranged.

Golden Rule Store.

By mistake of the factory the Golden Rule Store has about three times as many golf gloves as were ordered. Rather than return them, it has been decided by a big reduction in price to close them out. You ought to see the 50c values they are offering for 25c, and the 75c values which go for 40c.

Buried at La Grande.

The bodies of James Chesser and his victim, Fred Webster, were buried in La Grande yesterday. Chesser, who was foreman of a logging camp, on the Grand Ronde river, killed Webster in a quarrel last Saturday night, and then shot himself.

HAIR TELLS CHARACTER.

Color of Hair Said to Indicate a Person's Temperament.

Many people believe that blonde or light hair denotes affection and dark hair constancy. A person without hair is not devoid of character; far from it. The disposition of the average bald-headed man is to show such solicitude for the welfare of others, that he neglects himself. A germ causes baldness. Prof. Sabouraud, of Paris, France, inoculated a rabbit with Dandruff germs, causing it to become totally bald in five weeks' time. To rid the scalp of these dangerous germs it is necessary to apply Naylor's Herpicide.

"Destroy the cause—you remove the effect." Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. F. W. Schmidt & Co., special agents.
