REV. DORRIS AT SPOKANE.

Former Pastor of Pendleton to Hold Big Revival Meeting.

The Spokane Chronicle says of the evangelistic meetings to be held in that city by Rev. Victor Dorris, formerly of this city:

A revival meeting will begin at the Dean Avenue Christian church on Wednesday evening, April 15. Rev. Victor Dorris will be the evangelist. He is an evangelist of wide experience and a preacher of great power. He has held meetings with the best churches in the Christian church and has had great success in his meetings.

Mr. Dorris has just closed a meeting at Missoula, Mont. Rev. W. H. Bagley, the pastor of the Christian church there, writes of him in highest terms. "He is a princely and powerful preacher. His preaching is far and beyond that done by the average evangelist. His best is simply grand."

The meetings at the Dean Avenue church will be held every evening during the week and twice on Sunday.

RAIN WELCOMED.

Umatilla County Gladdened by Good Showers Today.

Smiles of gladness adorn the faces of the sheepmen and farmers today as a consequence of the rain which prevailed last night and today. To the woolgrowers especially the showers came at an opportune time for the weather had been dry so long that losses were threatened.

"This rain is a blessing and we would like to have a week of it," declared J. E. Smith this forenoon. It was becoming very dry and if the drought had continued for two weeks longer the lambs would have suffered. But as it is we have never had a more successful lambing season and there has been no loss in this county."

Among cattlemen and wheatraisers also there is no objection to the rain though they are not menaced as were the sheepmen. According to those familiar with the crop situation the wheat would have been alright even had the dry weather continued for several weeks longer. However, rains at this time are always welcome and they are especially beneficial to those having spring plowing to do.

BAKER REGISTRATION.

Republican List Shows Falling Off of 328 Since 1906.

By reference to the complete registration in this county there is a falling off of republican voters to the extent of 328, while there is a falling off of but 46 democratic votes, says the Baker City Democrat. The full registration for the several parties show, democrats 1503, republican 1777, socialist 116, independent 90, prohibition 90, reinconstructionist 1, total 3499.

The full registration for 1906 shows democrats 1549, republicans 2105, socialists 167, all others 207, total 4,028.

A telegram directed to the secretary of state from India by the viceroy declares that in consequence of droughts the area sowed in wheat is 34 per cent less than in the last year and that the area of flax and other crops will be 37 per cent less. Official statistics for India show in round numbers for 1907 importations of \$2,230,000,000; exportations, \$1,130,000,000. A notable fact is the increase in the importations of wheat and other cereals.

FEW DRIVERS LEFT

SALT LAKE PAPER RECALLS STAGE DAYS

One Lone Old Stage Driver Left in Salt Lake City—Reminiscences of Early Days and Indian Fights—Deep Creek Incident Is Recalled.

The old race of stage drivers has pretty well passed away in this region, says the Salt Lake Telegram, with a note of sadness in its tone. One is still hobbling around Zion on crutches. His enemy is rheumatism in one knee, the knee that in the old days worked the most interesting Lake in the overland days.

Many a driver was killed and some deeds of heroism were performed, in the shadows of the desert, as splendid as ever made the stories of the days of knighthood.

This old driver, Dan Robbins, is one whom old-timers know. There is another one there, Ed Cook. He was telling the other day how one driver drove into Deep Creek station. A man was on the seat beside him and others in the stake.

As he neared the station he said to the man beside him. "I do not like the looks of things here." Just then an Indian whom he had often fed rose up and shot him through the breast; another shot struck the man beside him and he fell insensible into the boot of the stage.

The driver called for some one in the stage to come from the inside to help him. A man climbed out, and the driver gave him the leaders' reins and said: "Keep them straight in the road and urge them on; I am gone," and sank down and died in the boot.

All the men at the station had been killed. That was but one incident of early staging. Those tragedies were frequent clear to the Sierras, and it was only about 40 years ago.

Now men growl at paying three cents per mile on a Pullman, making the whole 500 miles in comfort in 24 hours or less, and the idle and careless ones do not stop to think that the foundation of states are laid on the stilled hearts of pioneers; that men who for a beggarly salary were ready any time to take their lives in their hands and face the cold, the heat, the thirst and the savage that civilization might, from crude beginnings, build at last its industries, its temples and its homes.

BACK FROM HANFORD.

J. W. Fox Makes Many Land Sales in Irrigation Belt.

J. W. Fox, representative of the Spencer, Fox & Gregory company, returned to the city yesterday afternoon from Hanford, Wash., and is now arranging to return to that place Friday with another bunch of prospective investors.

Many local people have already invested in small tracts of land at Hanford and without exception those who have purchased declare their confidence in the project.

The Hanford Columbian, a neat little eight-page paper, has just been started at Hanford and will aid in the work of building up that town and section. The paper is one of the brightest and best appearing of the small weeklies in eastern Washington.

ARTIST FROM THE DALLES.

Ben A. Gifford, Landscape Photographer, Visits Pendleton.

Ben A. Gifford, the widely renowned photographer of The Dalles, was here last night and this morning upon a short visit while on his way home from Walla Walla. While here he visited with friends formerly of The Dalles and in this city.

For many years Mr. Gifford has made a specialty of landscape photography and he has made a reputation for his views of the Columbia. But recently he published a beautiful booklet, "Snap-shots on the Columbia," that has brought forth much praise. The book shows all the principal points of beauty on the Columbia and is a work of art throughout.

READY FOR MEET

HIGH SCHOOL AWAITING FRIDAY'S EVENT

At Early Morning Meeting All Arrangements for Track and Field Meet Were Made—Event Will Be Held in Frazier Field on Tutuilla and an Admission of 35 Cents Will Be Charged.

An early morning meeting of the high school student body was held today for the purpose of taking up business relating to the track meet to be held here Friday and which time the local students will go against the Pearson academy team. The meeting was presided over by Arthur Means, president, and much enthusiasm was manifested.

The track meet is to be held at the Frazier race track on Tutuilla and an admission of 35 cents each will be charged for attendance. A considerable money has to be raised to defray the expenses of the meet the students are now selling tickets for the event.

During the present year the high school people have not raised a cent of money by subscription, but on the other hand have defrayed all student expenses by money received from student enterprises. This being the case they contend they should have the free support of all during the track season.
