Last week there was great excitement in this burg. Mr. David Bowman surrounded a large porcine in a brush pile. Within a few moments a crowd had gathered, and, after desperate efforts, Davey finally secured a death grip on the poor animal's tail. He was soon caged, and as Davey doesn't like these "pinchings" with the pins stuck in the wrong way," he sheared him. This beautiful creature is now on exhibition in the Cleun park...

Mr. C. M. Green, representing Hoffman, Rothchild & Co., of San Francisco, the leading clothiers of the Pacific coast, was exhibiting his mammoth stock of samples at Olex last Monday. As these large houses do not send their 4-horse loads to every town, it is a credit to Olex to be visited by them, and shows that there is trade enough in Olex to justify the largest houses showing their goods.

ARLINGTON. The weather has been very warm for the last week. Several Arlington people are at Bingham Springs for a short outing this week. Minus A Watch. J. E. Downer was in town Saturday from his place at the head of Sixmile. He reports the loss of a \$35, filled case watch, which was taken from his house on Friday. A man who had been working for him for a few days through haying, left the same evening the watch was stolen, and Mr. Downer is of the opinion that he took the watch. The fellow was a stranger and had been at work on the railroad, near Blalock, before commencing work for Mr. Downer.

A party of eight started from here last Monday for a month's outing over near Mt. Adams. They went well prepared to have a good time. Squire Ebb is captain of the crowd. George Miller is having a glass front put in the old Coffin & McFarland building and remodeling the building in general. He will move his stock of groceries into it in a short time. There is talk of a new hotel being built here by a man from Mayville. It is to be a 50-room house and to stand on the ground occupied by the old Dadeon barn. Let the good work go on. Arlington is one of the substantial towns of Eastern Oregon.

Robert Seals had a narrow escape from being killed last week. He was riding on a large load of hay, drawn by four horses, and when he started down the grade west of town his brake pole gave way, and the team started on the run down the hill, which is four miles long. He kept them on the grade until near the foot of the hill, when the load and rack upset, carrying Mr. Seals with it. The team ran on down Main street as far as the bank, where they brought up against the bank and shade trees.

Dr. J. J. Hogan, of Condon, was visiting our postmaster in Lost Valley this week. Mrs. Mattie Neal, of Lone Rock, is on a visit to her parents, Mr. and Mrs. Wm. Davis, of Thirty-mile. Mr. L. Toller and family, late from the Sound, located on a quarter section of government land 1 1/2 miles south from the postoffice. Mr. Toller also looked out places for several other families who will locate in this vicinity as soon as they can get here from the Sound and the East.

Last Thursday Mr. Amos Slack, of this place, had the misfortune to have his barn and contents therein burned. Two sets of harness, one new seed drill and roller combined and 7 tons of hay were lost. Mr. Slack was away from home at the time, and the only help Mrs. Slack had was Mr. Chas. White, of Thirty-mile. They succeeded in getting a horse out of the barn, also a wagon from the shed, before the heat drove them back. There was no insurance on either the barn or the contents.

Very warm, the thermometer standing at 104 at 5 p. m. Tuesday. Ranchers on Battle creek are almost lone harvesting, and will commence threshing the last of the week. Hon. Chas. Hilton left Fossil Tuesday morning by stage for Arlington, where he took the train for Clatsop beach, to join his family. W. S. Thompson, Frank and George Knox and J. H. Bowen, with their families, started yesterday for upper Deschutes for a few weeks' outing. Died—Friday, Aug. 6, 1908, at Wagoner, Grant county, Mrs. Robert Carner. She died very suddenly after only a few minutes of severe suffering from cramps. Mark Enyart's 3-year-old son has been suffering with appendicitis the past week, but Dr. Shaw thinks now they will not have to perform a surgical operation, as the child is much improved. On the 7th inst. Z. T. Keys, of Mitchell, delivered to W. S. Thompson, of Fossil, 99 head of very fine stock cattle. Mr. Thompson bought them for breeding purposes, and will keep them on his large ranch near town. Smith Bledsoe, of Battle creek, who is 79 years old, cut 16 acres of good grain this season with the old fashioned cradle; also shocked and stacked it, and says if the thresher doesn't "git thar" on time he will thresh it by hand. Can any one (age considered) beat it? Mr. Bledsoe claims the belt.
