

THE CONDON GLOBE.

THURSDAY, FEBRUARY 7, 1901.
THE OFFICIAL PAPER OF GILLIAM COUNTY, OREGON.

LOCAL NEWS.

Ed Temple is convalescent.
The weather moderated some yesterday.
Bert Cason was in town for a few days last week.
C. W. White was not as well as usual yesterday.
Frank Brown was up from Rock creek Friday and Saturday.
Mrs. Carter and her son Charlie are able to be up again.
Mrs. J. H. Downing has been on the sick list for several days.
Jay Bowerman and H. N. Frazer are in Portland this week.
Mrs. Chas. Fix, who has been indisposed for some time, is better.
Lon Moore's children, who have been on the sick list for some time, are better.
Bob Pattison, who has been down with typhoid for the past three weeks, is improving.
Ray Trimble has been on the sick list for the past week suffering from an attack of la grippe.
George Perry one of Lone Rock's jolliest and best-known citizens, was in town Saturday and Sunday.
John Walker, who has been leading a retired life at his Ferry Canyon stock ranch for the last six weeks, was in town for a few days during the week.
A marriage license was issued at Pendleton last week to F. T. Hariburt, of Shaniko, and Mrs. Maggie Hawson, of Arlington, says the East Oregonian.
Jay Brown, who has been attending school at The Dalles for several months, has returned home and will spend the remainder of the winter on the ranch.
E. T. Hollenbeck, who is working in Arlington this winter, building wagon racks, was at home a day or two this week getting acquainted with his family.
To those expecting to build, the Arlington Lumber Co. desire to say they are prepared to make prices and furnish any and all kinds of lumber at prices to meet competition.
Dr. Wood was called to upper Thirty-mile Monday to see Mrs. John Magee, who has been seriously ill for some time. At last accounts she was some better.
February may be the last winter month, but it is not least this year when it comes to cold, stormy weather. It is certainly putting up its share of winter this year.
W. A. Campbell, the popular dispenser of brand new stories, was in town for a few days during the week. Mr. Campbell also looks after life insurance business as a pastime in addition to his other duties.
A letter from Dr. Guilette to P. H. Stephenson, received yesterday, stated that the doctor and Mrs. Guilette are to sail today for China and Japan he going as surgeon on a government transport. They expect to return to Condon in April or May.

HOMESTEADERS ATTENTION!
The GLOBE will publish your final proof notices for \$2.50. You now pay \$7.50. When ready to make proof ask the Land Office officials to send your notice to this paper that you may save this money. Five dollars saved, in this way, is better than \$5.00 earned raising 40 cent wheat; it's so much easier you know. Call at this office and we will tell you all about it.

Father Kelley is here this week looking after his work at this place. He held service in the Catholic church last Sunday.
Herbert Halstead's baby was worse yesterday. Mr. Halstead, who was at Lost Valley cutting ice, was telephoned for in the afternoon.
Mrs. F. W. Ariss, who has been the guest of Mr. and Mrs. O. W. Crossfield for some time, left for her home Sunday morning. Mrs. Crossfield accompanied her. The ladies expected to spend a few days with friends at Moro before proceeding to Portland.
John Marshall day was not observed in the Condon public school on Monday, as was previously intended. On account of so much sickness in Professor Neal's family and in other families in the district, it was found impossible to arrange for suitable exercises for the day.
R. B. Lucas has opened a restaurant and short order house in the building recently purchased from H. G. Jordan, next door to Dunn Bros., where he is prepared to cater to the wants of the hungry public in a first-class manner. Meals will be served at all hours and first-class cooking and service is assured. Mr. Lucas expects to add an addition to the building as soon as material can be procured and increase the capacity of his business. See his ad. in another column.
There is a small tempest brewing in the Shaniko-Antelope tea-pot, says The Dalles Chronicle. In response to the complaint of the Antelope Republican against high freight charges by the Columbia Southern and a call for the freight teams of anti-railroad days, the freight agent at Shaniko discourteously sends word to the editor, who is of German nativity, that special rates will be given him on sauer kraut and limburger cheese.

Mrs. Dave Russell was called to Athena last week by the dangerous illness of her father.
Fred Wilson, who underwent an operation for appendicitis at the Good Samaritan hospital in Portland last week, is getting along nicely.
E. J. Clough, formerly of the Arlington Warehouse Co., has taken charge of the Arlington Lumber Co.'s yard as Manager, and will devote his time toward seeing that those wanting lumber can find what they want in Arlington.
There will be no preaching services in the Congregational church next Sunday, as it is Mr. Curran's regular day at Ione. Rev. C. F. Clapp, of the Congregational Home Missionary Society, and Rev. Mr. Curran will commence a series of special revival meetings here the 17th of this month.
Back From the South.
Jim Burns returned from Arizona Monday, where he went a few weeks ago with his uncle, Jim Dunn, who was obliged to seek a milder climate on account of his health. Jim says Mr. Dunn stood the trip first rate and had already gained three pounds in weight since leaving Condon. He is at Phoenix, in the southwest part of the territory, where the weather is warm and mild the year around. Mr. Burns returned via California, and says the southern part of that state is a place of beauty at this season, the orange trees being loaded with fruit and flowers are in bloom everywhere. Arizona, he says, is suffering from drought, and cattle are selling there at \$11.00 per head.
Railroad Survey.
J. H. Downing returned from the north end of the county Monday, where he spent last week assisting in making a preliminary survey for the proposed railroad. Mr. Downing says that the committee ran three lines from the river, two at or near Arlington and one at Blalock, all of which are practicable routes. These lines were run as far as Rock creek when, on account of the inclemency of the weather, the work had to be discontinued. The work will be taken up again as soon as the weather settles and the line run on through to Condon.
Pokes Fun at it.
The Arlington Independent thus facetiously writes of the proposed Gilliam county railroad:
"The preliminary work of surveying the new railroad is in full swing of progress in the outskirts of the city of Arlington. Chief engineers and superintendents are pushing the work with all possible speed and it is expected that the survey will be completed in time to handle the early volunteer wheat which will be fit for grazing about the middle of February. Chief Linesman F. W. Tobey is now measuring and otherwise determining the dimensions of some of the large boulders on the hill east of this city and computing on the problem of how many more telegraph messages can be transmitted over a straight line than over a barbed wire fence which encloses a body of farm land having an area of not less than 100 acres and capable of producing thirty bushels of wheat to each and every acre."
Our gifted friend may be sorry for the above remarks a little later, when his application for editorial transportation over the new road gets tucked away in some musty pigeon-hole. Then he'll wish he had been good.
Stops the Cough and works off the Cold.
Laxative Bromo-Quinine Tablets cure a cold in one day. No Cure, no Pay. Price 25 cents.

Wallula Circle Ball.
The grand ball to be given on the evening of the 14th inst. (St. Valentine's Day) by the ladies of Wallula Circle, W. of W., promises to be one of the most enjoyable functions ever given in Condon. The ladies in charge of the affair are leaving no stone unturned to make the occasion one long to be remembered by all devotees of the terpsichorean art, and all lovers of dancing who attend are sure to be delighted.
Prof. Masgrove's superb orchestra has been engaged to furnish music for the occasion and Mr. J. R. Wells will act as prompter, which insures that nothing will be lacking along those lines. The Circle will also furnish a midnight supper in the lodge-room over the main hall where all the dainties of the season will be served.
Tickets to the ball will be only \$1.00, and supper tickets but 50c per couple. Proceeds of the evening are for the benefit of the Circle. All are cordially invited to be present. Don't forget the date, Thursday evening, February 14th.

All are cordially invited.

LONE ROCK.
Mrs. C. L. Cason was quite ill last week.
B. M. Johnson made a trip to Ferry Canyon last Saturday.
Rev. I. D. Brown is conducting a revival meeting at Fox.
P. L. Ham and J. B. Jeff went to Condon the 25th ult. to attend the funeral of Mrs. Al Henshaw.
The weather was warm and pleasant last week, almost like summer-time, but this week it is more like winter.
Mrs. N. H. Anderson, who came over from her home to attend the revival meeting, was taken suddenly ill the fore part of last week. Mr. Anderson came over and took her home.
Our public school closed last Friday. Some plans are now being talked of among our people (or at least those who are interested in the welfare of our public school) that will greatly benefit our school in the future, viz, by having a longer term of school and by employing first-class teachers, engaging them several months before school is to begin, while good teachers are to be had. We hope this system will be carried out.
February 4.
Mrs. Cason is improving from her spell of sickness. Several other parties in our neighborhood are on the sick list this week.
A school meeting was held in our district last Thursday for the purpose of voting a tax to raise the sum of \$1500 to build a new schoolhouse. By a vote of 27 to 8 a 25-mill tax was voted.
Memorial services were held at the M. E. church last Wednesday to the memory of the late Mrs. Al Henshaw. A short sketch of her life and noble deeds was collected and read by J. B. Goff which spoke the mind of many old time friends who were present on this occasion.
The revival meeting at the M. E. church is still in progress. Rev. Walker and wife, of Olex, and Rev. Hornbrook, of Goldendale, are assisting in the work. The meeting is being largely attended. A dozen or so have professed conversion and about as many have united with the church.
Geo. Perry and Bob Robinson went to Condon last Saturday. Miss Grace Fitzwater accompanied them to Condon but didn't come back with them. She came back with a brand new husband. Mr. and Mrs. Lovegreen went on to Eight-mile before our town lads had smelt a mouse, and thus missed a tin can reception.
When you want a physic that is mild and gentle, easy to take and pleasant in effect use Chamberlain's Stomach and Liver Tablets. Price, 25 cents. Samples free. Every box guaranteed. For sale by The Hudson Pharmacy—C. W. Crossfield, mgr.

ROCK CREEK.
Everybody is busy ploughing.
Jean Forrest was on the creek the first of the week.
Cattle and sheep are in fair condition for the spring.
There will be a grand ball given at Olex on the 14th inst.
Wm. Brown and Wm. Butler were on the creek last week on business.
John Flett is busy breaking horses on Eightmile for cavalry purposes, and Will Flett has taken his place as camp-tender for Webb & Voler.
The Misses Bertha and Scholette Land of Ione were the guests of Dottie Flett last Saturday and Sunday. They were accompanied by John Land.
The greatest danger from colds and la grippe is their resulting in pneumonia. If reasonable care is used, however, and Chamberlain's Cough Remedy taken, all danger will be avoided. It will cure a cold or an attack of la grippe in less time than any other treatment. It is pleasant and safe to take. For sale by The Hudson Pharmacy—C. W. Crossfield, mgr.

NOTICE.
All persons knowing themselves to be indebted to me will please call at once and settle by cash or note as I expect to close up my business without delay. AL HENSHAW.
Condon, Oregon, January 30, 1901.

New Firm.
M. O. Clarke and H. N. Frazer have purchased the furniture and undertaking establishment of Al Henshaw and will continue the business at the old stand. Mr. Henshaw has been a landmark in the business circles of Condon since the early days, but he has decided to retire from active business and enjoy a well earned rest.

Illustrated Number.
The illustrated number of the Hesperian Gazette is at hand and is perhaps the most unique newspaper production ever attempted in Oregon. It is illustrated alight and perhaps no man in the State, other than J. W. Redington, could have tackled the job and got away with it gracefully. The reading matter is as unique as the pictures and leads the reader thro' a medley of matter that runs thro' the whole gamut of Redingtonism. Little dabs of pathos and feeling unexpectedly bob up every here and there among a mass of nonsense but not enough to do any harm. The edition would cure congestion of the liver in a wooden Indian.

Quietly Married.
On Sunday, February 3, 1901, Miss Grace Fitzwater and Mr. C. A. Lovegreen were united in marriage at the residence of the bride's parents, Mr. and Mrs. James K. Fitzwater, in this city. Elder Swift of the Church of Christ performing the ceremony.
The bride is well and favorably known in this county, having been a successful teacher here for several years. She just finished a term of school at Lone Rock last Friday. The groom is a successful rancher of the Eightmile country, where the happy couple will make their home. The GLOBE joins the many friends of the happy couple in wishing them a long, happy and prosperous life.

Ed Palmer went to Arlington yesterday.

Married.
On Wednesday, January 30, 1901, at Portland, Oregon, Mr. George Schott, of Olex, and Miss Veltou, of Portland, were united in marriage at the residence of the bride's brother.
Mr. Schott is one of the best known young men of this county and has been engaged in the stock business on Rock creek almost all his life. His bride is a charming young lady who formerly taught school in this county, where she has many friends. The happy couple arrived at Olex last Saturday, where they will reside. We join their many other friends in heartiest congratulations.
