The social dance given Friday evening was a very pleasant affair. Excellent music was furnished by Mr. and Mrs. Musgrove and ice cream of finest quality was served by the ladies of the Rebekah lodge. A neat sun was realized.
FOUND—About two weeks ago on the Condon-Trail Fork road, a revolver. Owner can have same by calling at this office, proving property and paying for this notice.
The big fine juicy roasting-ear is again with us and the Misericorian or West Virginian who is not reveling in an atmosphere of gastronomic bliss is a traitor to his native soil. He should starve in the midst of plenty. He deserves no better fate.
Ed Temple left Friday morning for a short trip to Yuma, Arizona, where he goes to attend to some important business matters. He expects to return in two or three weeks. LATER—Since the above was put in type we learn that Mr. Temple stopped at Arlington where he has accepted a position as clerk in the Grande hotel.
Dr. T. L. Nicklin writes the GLOBE that he has arrived safely at home again and asks us to express his sincere thanks and appreciation of the many courtesies shown him by the people of Condon and surrounding neighborhoods. The doctor thinks Gilliam county people are "the finest" but in passing this compliment he wishes it distinctly understood that he is not a candidate for any office.
J. J. Portwood and family, Austin Thompson and family and R. K. Wilson started Monday on a trip to Southern Oregon going by team over the Cascade mountains. They will enjoy camp life and mountain scenery on the trip and visit relatives and friends in Jackson county. They will stay till they get tired and all expect to have a fine time after they once get across the hot, dusty country between here and the Des Chutes.

Ice cream Saturday afternoon—Walla Walla Circle, Woodmen.
J. R. Walls will build a new dwelling on his ranch east of town.
Monday was a record breaker for hot weather and "scraps." It was a hot time in the old town sure enough. The mercury reached 101 and the "scrapping" spirit about 250. Two or three fights were reported with acres of "trouble" and miles of "rag chewing."
L. R. and L. T. Price have finished a fine residence for A. D. Hardie on Trail Fork, and have returned to town. They will build a barn each for Ed Dunn and J. K. Fitzwater after which they will go to Ferry Canyon where they will build substantial residences for Ralph Froman and J. M. Cameron.
Ed Parlett was seriously injured one day last week while riding after stock on Tenmile. He was thrown from his horse and besides being rendered unconscious for a time he received a number of severe sprains and bruises. He was brought to town and has since been at John Dyeart's where he is now getting all right again.
John Jackson has so far recovered from his late illness as to be able to drive in from the Duttle ranch Tuesday afternoon. He returned to the ranch the same evening and will remain there until strong enough to stand the trip to the hot springs near La Grande where he hopes to rid his system of the festive rheumatic germ.
John Downing left a gentle team standing in front of Dunlap's blacksmith shop Monday afternoon and, of course, they took a notion to go home. They were harnessed together but not hitched to the wagon and when they got under way they made good time. They struck a wire fence during the heat and received some ugly cuts and scratches but none serious.
A crazy horse ran amuck in town last Thursday afternoon after parting company with his rider about three miles out. The brute started in to clean out a blacksmith shop and, although the blacksmith was armed with a hammer and reinforced by the barber, he came near succeeding. When the dust cleared away the barber was so bespattered with blood that he looked as tho' he had been trying to shave himself.
At the Congregational church Sunday evening a special young people's service was held when the newly elected officers of the Christian Endeavor Society were inducted into office. The new officers are: Miss Mary Foster, president; Miss Myrtle Fitzwater, vice president; Miss Lizzie Hoover, secretary and treasurer; Miss Lilla Clarke, organist. A short address was made by the pastor, Rev. Mr. Curran, after which Prof. Chandler, of Walla Walla spoke on "Education" and presented the claims of Whitman college as an educational institution in a forcible manner.

A Logical Kid.
Apropos to the big crop of babies that is being harvested in and around Condon this Summer is the following bit of wisdom from the lips of a 6-year-old Condon kid. After being introduced to a nice new baby brother Johnny took the matter under advisement and having studied it out to his own satisfaction he next morning elucidated on the subject thusly:
"I think babies are all right. I wish we could get 8 or 10 more and I wish all the people in town could get 8 or 10 apiece and then when they grew up Condon would be a big town and we could have street cars."
That boy has an eye to the future and a head for logic that some grown people do not possess.
Chamberlain's Colic, Cholera and Diarrhoea Remedy has a world wide reputation for its cures. It never fails and is pleasant and safe to take.

Farmers Attention!!

CLYDE FLINT,
Condon, Oregon.

Luke Mason Dead.
A sad accident occurred at Arlington last Friday by which Luke Mason lost his life. A party of young men were bathing in a slough on the Washington side of the Columbia, when Mason, who was unable to swim, got beyond his depth and was drowned before help could reach him. His body was recovered with but little delay but life was extinct.
Deceased came to Gilliam county about three years ago from Mason Valley, Arkansas, where his parents still reside. Most of his time in this county was spent in and around Condon until last Spring when he took a position as clerk in the Grande hotel at Arlington, which he still held at the time of his death. By his good habits and courteous ways he had won many friends in this county all of whom will sincerely mourn his untimely end.
The funeral took place at Arlington on Sunday, interment in the Arlington cemetery.

Henry Cuendet's baby is on the sick list this week with Dr. Gullette in attendance.
W. H. Colwell came in yesterday from the interior where he has been on a business trip. He sold 500 head of Conningham bucks on the trip.
Mr. and Mrs. Andrew Greiner, their son Ben and Mr. and Mrs. R. K. Searcy leave this morning for the mountains on a pleasure trip.
W. L. Wilcox will build a new residence on his ranch as soon as the well-drill has determined the water question to a certainty. Ed Palmer's drill has been at work there and is already down about 80 feet with but little water. Work has been suspended pending the arrival of a new and longer cable. If a sufficient supply is not secured there another well will be sunk in a different location and the residence will not be built until that question is settled.

Wedding Bells.
A very quiet wedding took place yesterday morning at the Congregational parsonage, when Rev. Edward Curran pronounced the words that "made two fond hearts beat as one" and that united for life two of Gilliam county's most popular young people. The high contracting parties were Miss S. Elizabeth Shannon, eldest daughter of Mr. and Mrs. F. M. Shannon, of near Condon, and Mr. Oscar Mailey, of Ajax.
The bride is a most estimable young lady belonging to one of the most highly respected families of this section of the county and the groom is the senior member of the firm of Mailey Bros., the well known gentlemen of Ajax. Everybody knows Oscar and his many friends will agree that the highest praise that can be given him is that he is worthy of such a bride.
Only a few intimate friends and relatives of the young people were present at the wedding. The happy couple left immediately after the ceremony, for Arlington and will take the train there for Clatsop Beach to spend their honeymoon beside the murmuring waves of the Pacific.
Our heartiest congratulations go with them and our wish for them is that the prosperity and happiness which they deserve shall be theirs.
