Newsy Notes of Pendleton

Stricken With Paralysis.

"Grandma" Oliver, mother of R. L. Oliver, suffered a slight stroke of paralysis several days ago but is recovering rapidly despite her 88 years.

Commence Laying Brick.

Workmen yesterday commenced the laying of brick on the theater building being constructed on Alta street by C. F. Colesworthy.

Visiting in Pendleton.

Miss Emily Abbott and Miss Esther Keeney of Walla Walla, came over yesterday to be the guests of Miss Abbott's sister, Mrs. Roy Alexander, for a week.

Body Taken to Pilot Rock.

Accompanied by relatives and friends of the deceased, the body of Charles Kearney, the young man who died here Sunday morning, was taken to Pilot Rock this morning for interment in the cemetery at that place.

Ship Body to Adams.

The body of Miss Pearl Picard, the 19 year old daughter of Mrs. Henry Picard of Adams who died at the St. Anthony hospital yesterday afternoon following an operation which she underwent some time ago, was shipped this morning to Adams for interment.

Mrs. Stockman Is Better.

W. A. Stockman of Walla Walla is over from the Garden City today and states that his mother, Mrs. W. J. Stockman of this city, who was taken to Walla Walla some time ago for treatment, is showing signs of improvement.

Sues to Recover Horse.

George W. McDonald today commenced suit against H. Stewart to recover a sorrel mare or its money equivalent, alleging that the defendant is unlawfully holding it. He values the animal at \$60 and wants \$20 additional as damages. J. B. Perry is his attorney.

To Build Walk Up Hill.

A new concrete walk will be laid up the south hill on the west side of Main street in front of the property of W. M. Blakely, Dr. Holmington, Clarence Penland and the American National Bank. The permit was secured today and the contract let to Averill & Sullivan.

Assessor Strain Is Back.

C. P. Strain, county assessor, arrived home this morning from Boise and Caldwell where he has been for some weeks. While gone he underwent an operation for a rupture which resulted from a previous operation. He withstood the surgical treatment splendidly and the operation proved very successful.

Files Cross Complaint.

In the divorce suit of Gustave H. Schubert vs. Edith Schubert, the defendant today filed an answer and cross complaint asking that she be given the divorce, \$50 a month alimony for the support of herself and children and \$35 a month extra while the children are in school, \$250 attorney fees and \$75 court costs. James A. Fee is her attorney.

Julius Wegner Improving.

Julius Wegner, the pioneer Pilot Rock farmer, whose angle was crushed in an accident last week, is improving in a satisfactory manner, according to Dr. E. O. Parker, the attending physician, and hopes are entertained that his foot will be saved. The bones were so badly crushed, however, that it is too early yet to determine whether or not the amputation will be necessary.

Stock in Good Condition.

That there are no diseases prevalent among Umatilla county stock at this time and that the stock is in good condition is the statement of Dr. C. W. Lassen, county veterinarian. The recent livestock sanitary law takes away some of the duties of his office, he states and he is not as familiar with conditions as in the past but declares no reports of diseases have come to him.

The Suffragette Signature.

Now that women have acquired the ballot and the split skirt, the next step in the evolution toward the equality of sexes seems to be the "suffragette signature." Hotel clerks of Pendleton declare that many women are now signing their names when they register without the prefix "Mrs." and with only the initials of the given names, so that there is nothing about the signature which would betray the sex of the writer to the casual observer. Thus Mrs. Charles W. Brown, who in club circles is known as Sarah

Bard Brown, becomes just plain S. B. Brown when she executes her signature.

Insurance Companies Taboo Pasco.

Reports coming from Pasco are to the effect that fire insurance companies are withdrawing from that city because of the large number of disastrous fires there within the past few months. Already four companies have withdrawn. It is said, and others are expected to follow unless the city secures better fire-fighting apparatus. Pasco suffered two more fires last week, one during the early part burning down a Japanese laundry and the other Saturday destroying three houses in the tenement, one of which was insured for \$5000.

His Friend Here.

W. L. Thompson received a telegram last evening from his friend William Kettenbach announcing that an unconditional pardon has been granted by President Wilson to Messrs Kettenbach and Koster, Lewiston bankers who had been convicted of misuse of bank funds. It is a case in which the two men are said to have been the victims of perjured testimony and the outcome shows the present department of justice does not regard the conviction as tight. Mr. Kettenbach has visited here several times as the guest of Mr. Thompson.

Pasco to Hold Chautauqua.

Pasco is to be the scene of a chautauqua which will commence tomorrow and last through the 21st, according to Conductor Gus Bertholet of the N. P. train. Among the attractions to be offered are the White City Band of Chicago, the Georgia Jubilee Singers, the Winona Ladies of Indiana, the Thaviu Grand Opera Co., Harrell, the Boston musician, the Chicago Quartette, the Artist Trio, Ben Chapin, impersonator of Abraham Lincoln, Senator Burkett, Belle Kearney, Gable, La Dell and Andress, lecturers and entertainers, and Julius Caesar Nayphe, the Athenian.

NOT RESPONSIBLE FOR FUNDS

Supreme Court Holds County Clerk Cannot Be Held—Those Who Paid Fees Stand Loss.

SALEM, Ore., July 15.—The supreme court held that John Coffey, clerk of Multnomah county, is not liable or responsible for over \$15,000 in court fees which his predecessor Frank Fields, failed to turn over to him. The case was brought before the courts on a suit for mandamus. The court held those who paid the fees will have to stand the loss pending a possible settlement of the affairs of the bank in which Fields had the funds deposited when the institution failed.

SEAMAN SCALDED TO DEATH ON BATTLESHIP

BOSTON, July 15.—An ordinary seaman was scalded to death and the chief electrician of the battleship Nebraska was badly injured about the shoulders and arms by an explosion of a steam valve in the dynamo room. The seaman succumbed shortly after his removal to the marine hospital.

MISSING TACOMA MAN FOUND; GOES TO HOSPITAL

TACOMA, July 15.—After wandering about all night in the vicinity of Wright park, in a dazed condition, George H. Stevenson, a well known politician, who disappeared late Monday, walked into the home of a friend today, where after calling up an attorney he walked to a hospital where he is under the care of physicians. Stevenson left home giving his family the impression he intended to take his own life.

SECOND DEATH FROM HYDROPHOBIA IN PORTLAND

PORTLAND, Ore., July 15.—Peter McDonald, a railroad man, died today from hydrophobia. He was bitten June 1 by a stray dog and was brought to a hospital Saturday. He was in convulsions until the time of death. This is the second death from hydrophobia in five days.

The man who would reach success hasn't much time to sit under shade trees by the wayside.

APPRECIATED ELKS LIKE SMALL POX!

(From the New York Journal.) ROCHESTER, N. Y., July 15.—On the eve of the departure of thousands of Elks from Rochester after the forty-ninth convention, visiting Elks today criticized with unbridled tongues various phases of the Rochester con-

vention. At the same time dissimilar

On many sides were heard expressions of approval of Rochester as a city, of the Elks as hosts and of the general arrangements for the convention. At the same time dissimilar expressions severely censuring the local committee in charge of the convention and making charges against Rochester merchants were heard. In this particular the statement of a delegate from a Western city is especially to the point. This delegate remarked "that in his opinion the Rochester merchants were just as anxious to have the Elks in this city as they would be to have the small-pox."

It developed, too, that some of the larger cities did not appear at the convention because of the drastic and arbitrary actions of the Rochester union musicians. St. Louis, it was reported, was to send a large delegation to Rochester with its own band to participate in the doings of the convention.

HARVEST HAS BEGUN

Harvest is beginning in Umatilla county. With warm, dry weather prevailing, the barley and wheat is ripening fast and already several machines have pulled into the grain. From now until the first of August, other machines will be starting every day.

Mr. Shymway, a farmer of the Echo district, brings the news today that already a number of the farmers have commenced their harvest down his way. S. A. Edwards was one of the first to begin operations, he states.

having pulled into his grain early last week. Jake Rhode has also begun work and the hum of his combine is to be heard on the Wilzene ranch also.

E. L. Smith, the combine dealer, states that he will start a machine on the Fred Reese ranch on Despain Gulch tomorrow and that Dave Nelson will commence cutting his barley just north of the city within a day or two. Will Huff will pull into his grain east of the city on Friday and on Monday Lowell Rogers will begin on his Adams ranch.

In the Pilot Rock country there will be a number of farmers commence operations this week. However, it will be fully a week before the harvest is fully under way all over the country.

Having moved to my head office at Salt Lake City, any one wishing to write me can do so at address below.
