WHEAT AND SILVER.

Scores of thousands of farmers have been misled into the silver craze because it seemed to have been demonstrated to them that wheat was depressed in price by the demonetization of silver.

Facts and figures conclusively refute wild political theories. Silver never was demonetized by the government until, for more than a generation, the people themselves, by their united action, had eliminated it from our circulating medium.

The price of wheat and the price of silver have nothing to do with each other. When either is produced in excess of the demand the price will be diminished.

Yesterday several gentlemen called at the Astorian office and protested against the article published Tuesday relative to the Seashore railroad, and written by someone over the initials "C. P." They gave as a reason for their objections that such statements would drive people away from Clatsop beach this coming summer.

Since election to office a year ago Fish and Game Protector McGuire has proved himself a competent and courteous official. Here in Astoria, where the greater part of his labors have naturally been accomplished, he has invariably exercised his authority in a most excellent and praiseworthy manner.

PRICES AND GOLD SINCE 1873.

Too much emphasis cannot be put upon the fact that the prices of wheat and silver are to be counted as vastly different things. Once stated, it seems as plain as a pike-staff. But it is one of the very commonest of all fallacies at this hour for people to suppose that lack of means, or wealth, is attributable to a lack of money.

And yet it was fully shown in these columns that the increase in the money which really affected its value and raised prices would affect both the goods bought by the producer as well as the goods he sells. And that he would really be no better off than before.

But yet it may be seriously believed that prices have already been depressed by the demonetization of silver. It is difficult to account for a cause which has increased the value of silver.

And it has been shown that the phenomenal production of gold since 1869 of \$4,400,000,000 has made it abundant; that it is difficult to account for a cause which has increased the value of silver.

silver, because there is more legal tender silver in circulation today than in 1873. In short, this talk of silver and prices is based on mere imagination. It is not true that prices have been depressed by a shrinkage of gold.

A LEAF FLUTTERED BY THE WIND.

Is not more tremulous than nerves debilitated or overstrained. Nights of unrest followed by days of discomfort are the common lot of the nervous. This class of invalids, too, usually troubled with indigestion and imperfect assimilation, should know it. During the summer months these twin ailments may be largely attributed to all nervous symptoms.

Children Cry for Pitcher's Castoria.

From a letter written by Rev. J. Gunderson, of Lincoln, Minn., we are permitted to make this extract: "I have no hesitation in recommending Dr. King's New Discovery, as the result was almost marvellous in the case of my wife. While I was pastor of the Baptist Church at River Junction, she was brought down with pneumonia, succeeding La Grippe. Terrible sufferings of coughing would last hours with little intermission and it seemed as if she could not survive them. A friend recommended Dr. King's New Discovery; it was quick in its work, and satisfactory in its results."

When Baby was sick, we gave her Castoria. When she was a child, she cried for Castoria. When she became Miss, she clung to Castoria. When she had Children, she gave them Castoria.

Doctor H. R. Fish, of Gray's Mills, Mo., a practicing physician of many years' standing, writes: DeWitt's Witch Hazel Salve has no equal for indolent sores, scalds and burns. It stops pain instantly, heals a burn quickly, and leaves no scar. Chas. Rogers.

Why Not

make the baby fat? For the thin baby is delicate, and is not half so cunning. Give the thin baby Scott's Emulsion of Cod-liver Oil with Hypophosphites.

Scott's Emulsion is as easy a food as milk. It is much more effective in making thin babies fat, and they like it. If all the babies that have been made fat and chubby and well by Scott's Emulsion could only tell their story to the mothers of other sickly babies! There wouldn't be enough to go round.

The World's Fair Tests showed no laking powder so pure or so great in leaving power as the Royal. CHIEF OF POLICE SALE.
