"Yes; and those immediately following are the sons of veterans," he replied.

Sudden Deaths.

Heart disease is by far the most frequent cause of sudden death, which in three out of four cases is unexpected. The symptoms are not generally understood. These are: lying on the right side, short breath, pain in the chest in side, back or shoulder, irregular pulse, asthma, weak and hungry spells, wind in stomach, swelling of ankles or dropsy, oppression, dry cough and smothering. Dr. Miles' illustrated book on Heart Disease, free at C. H. Hagenbuch, who sell and guarantee Dr. Miles' unexcused New Heart Cure, and Restorative Nervine, which cures nervousness, headache, sleeplessness, effects of drinking, etc. It contains no opiates.

A Cure for Constipation and Headache.

Dr. Silas Lane, while in the Rocky Mountains, discovered a root that when combined with other herbs, makes an easy and certain cure for constipation. It is in the form of dry roots and leaves, and is known as Lane's Family Medicine. It will cure sick headache. For the blood, liver and kidneys, and for clearing up the complexion it does wonders. Druggists sell it at 50 cents a package.

Sunday schools will soon soon be talking about picnics.

Ask Your Friends About It.

Your distressing cough can be cured. We know it because Kemp's Balsam within the past few years has cured so many coughs and colds in this community. Its remarkable sale has been won entirely by its genuine merit. Ask some friend who has used it what he thinks of Kemp's Balsam. There is no medicine so pure, none so effective. ## YOUNG WAS POISONED.

Autopsy Showed that His Stomach Contained Arsenic.

PHILADELPHIA, June 2.—The many rumors about the suspicious death of J. Norris Young, a miller who died recently at Marshall, Pa., caused the county officials to have the body exhumed. An autopsy has been made, and the stomach was found to contain a large quantity of arsenic. The organs were turned over to the coroner for a microscopic examination.

At the time of Young's death it was stated that it was due to cholera morbus. Suspicion attaches to the wife of the dead man and an agent for a piano firm named David M. Link, who boarded with the Youngs.

The latter was subsequently taken to Bellevue Hospital, New York, violently insane. During his wanderings of mind he repeatedly muttered: "People accuse me of killing him."

Mrs. Young denies all connection with the death of her husband. She claims that their relations were pleasant, and she had no cause to desire to get rid of him.

She left on Saturday last for Westchester with the intention of making public a letter relating the stories about connecting her with the death of her husband but upon the advice of a lawyer, whom she consulted, she concluded to retract.

It is known that a member of the Young family purchased a quantity of "Hough on Rats."

Statute Pleads Not Guilty.

New York, June 2.—William W. M. Statute of the defunct firm of George R. Statute's sons, bookbinders, pleaded not guilty to the eight indictments charging him with larceny of a large sum of money from a broker named Hecksher of Philadelphia in a stock transaction.

DR. DUMOUILLIN'S LEBACRY.

The great Dumouillin, when dying, said: "I leave you two great pills—simple diet and soft water." Had lived in this world he would have added a third—Castor Blood Cure—for it is the only infallible cure for scrofula and specific disease yet discovered. Three hundred years' experience in Brazil, St. Salvador and no relapses at Kirlin's Drug Store, Ferguson House Block, Shenandoah.

THE FIRE A SEVERE BLOW TO THE TOWN.

Lynch, N. H., June 2.—The Parker & Young Manufacturing Company's saw mill, together with a large stock of manufactured lumber, was burned during the day. The fire spread to adjacent dwelling houses and a number of these were also destroyed. At one time it looked as if the entire village would be wiped out, but assistance from neighboring towns arriving the fire was gotten under control after two hours of hard work. The loss is estimated at \$100,000; partially insured. The destruction of the mill is a severe blow to the town, as it was leading the industry of the place and employed 100 men.

Killed Himself in a Gun Store.

Rochester, N. Y., June 2.—In an interview ex-Secretary of State Cook, who has spent the last several days in Albany, says, concerning the report that Governor Hill will be a candidate for Governor and will accept the nomination from the next Democratic State Convention: "While I do not presume to speak authoritatively for Governor Hill, I am free to say for myself, from my knowledge of the political situation in this State and of the Governor, that he will not under any circumstances be a candidate for or receive and accept the nomination."

Closing the Flint Glass Factories.

## OFF FOR BAR HARBOR.

Secretary Blaine Left Boston This Morning for the Seashore.

Boston, June 2.—Secretary of State Blaine left here for Bar Harbor this morning. He was accompanied by Mrs. Blaine and his daughter, Mrs. Walter Damrosch, in a special car which General Manager Furber of the Boston and Maine Railroad placed at his disposal. The appearance of Mr. Blaine was more that of a tired than a sick person. He looked rather pale, but walked briskly to his carriage.

Mrs. Damrosch, just before the train left, said that her father had entirely recovered from his illness. All that he needed, she added, was a little rest and plenty of fresh air. A few weeks at Bar Harbor, she thought, would completely restore the Secretary's health.

It is quite probable that the Secretary will remain at Bar Harbor until September, and perhaps October. Should affairs of state require his immediate attention he will attend to them as he did last summer while seeking recreation.

HIS END NEAR.

Sir John Macdonald Said to Be Rapidly Sinking.

OTTAWA, CAN., June 2.—Sir John Macdonald is sinking rapidly. Sir John's hours, apparently are numbered. Since 10 o'clock he has exhibited increasing weakness, and as a precautionary measure he is awakened by the attendants every two hours. The heart action is becoming feeble, indicating that life's fires are burning very low.

To-day saw no cessation of the rush toward Earncliffe. At the approaches on Sussex street a long line of vehicles blocked the roadway. A curious throng, including many ladies, pressed up to the very gates in their anxiety to learn the latest intelligence.

The question of the leadership of the Conservative party is being discussed. The general opinion is that Sir John Thompson will be the next Premier, although the majority of Western members favor Sir Charles Tupper. The French Conservatives are almost a unit for Thompson, and may insist upon his appointment.
