SIX OCEAN steamship lines have entered into an agreement to follow a uniform route in sailing between New York City and Liverpool and return. The tracks selected represent the safest course which combined wisdom of the navigators of the lines which have adopted them could suggest.

THE Ohio election showed that more Democrats bugled in the use of the new Australian ballot than there were Republicans who made similar mistakes. Of the 31,000 ballots marked only for Governor, 12,000 were Republicans and nearly 19,000 were Democrats. Ohio Republicans had the most intelligent understanding of the new law, notwithstanding the Cincinnati *Enquirer's* kindergarten to teach Democrats how to vote.

American Flour For Starving Russians. MINNEAPOLIS, Minn., Dec. 6.—A reply from the Russian Charge d'Affaires in New York has been received favorable to the gift of a cargo of flour by American millers to starving peasants of Russia, and thirteen cars of flour have already been subscribed in Minneapolis alone.

Launch of the Machias. BATH, Me., Dec. 8.—The next launch of the new naval fleet takes place this afternoon—that of the Machias. The new warship is a steel gunboat, and is the first of two steel gunboats built under the provisions of the act of Congress approved March 2, 1889.

Maverick Bank Dividends. BOSTON, Dec. 8.—It is announced at the Sub-Treasury that the deposits of the Receiver of the Maverick bank amount to nearly \$2,500,000. The first dividend will, it is believed, not exceed 20 per cent., and the total dividend 75 per cent.

"GOOD BYE, DAN."

He Promised to Go Straight to the Ship.

An aged Irishman took leave of his friends at Lost Creek this morning for a trip to the Emerald Isle. He was surrounded at the depot by a score of weeping women who were exceedingly anxious that his trip should be a safe one and between sobs they offered all sorts of suggestions. "Good bye, Dan; go straight to the ship when you get to Philadelphia," "I will." Then another anxious woman dropped her apron and said, "Don't stop any place, Dan, but go straight to the ship." The laconic answer was "I will." Then a third cried, beseechingly, "Dan!" "Phat?" asked the old man. "Go straight to the ship." "I will." Then a fourth woman grabbed his arm and said, "Go straight to the ship, Dan." The old man was becoming nervous and to the last appeal he answered, "Phat the devil is the matter wid yer, do yer think I'm goin' to wait 'till the ship comes to me?" Just before the arrival of the train a woman, carrying a tag that had been written by the station agent, put in her appearance. She pinned the tag to one of the old man's coat sleeves. It read: "Take this man to Philadelphia and see that he gets on board the ship for Ireland." Then followed more tears, good byes and blessings and it was with difficulty that the old man could get on the train. As the train pulled out from Lost Creek the old man wriggled in his seat. His hands were plunged nervously into his overcoat pockets, then his fingers went into the vest pockets, the hands went down into the pockets of the pants, came out again and wandered over the breast pockets of the overcoat. There was an anxious look on the old man's face as he turned to the other passengers and seemed to ask, "Have you got it?" They felt sure he had lost his pocketbook or some other valuable thing. The passengers were beginning to get as uneasy as the old man, when the latter leaned forward and looked under the seat. As he resumed an erect position a smile was beginning to build itself around his mouth. He had found it—a short-stemmed, well-seasoned clay pipe. Dan arrived safe in Shenandoah and when last seen was riding backwards towards the Pennsylvania depot, on his way to Philadelphia, via Pottsville. The tag of instructions was still upon his coat sleeve and Conductor Hendricks said he thought Dan would get on board the ship.

SOME LEFT YET.

All the Institute Seats Are Not Sold.

The announcement that all the reserved seats for the teachers' institute entertainments had been sold was premature. Over one hundred seats remain unsold and may be secured at Kiril's drug store. The course of entertainments will be on a scale of extraordinary merit and, consequently, the demand for seats is unusually brisk. People who wish to secure the seats now unsold should apply at once.

WATER WORKS!

A NEW QUESTION RAISED REGARDING THE PROJECT.

A QUESTION OF EXPENDITURE

Hinges on the Proposition as to Whether Council has the Right to Spend More than \$45,000 on the Project.

The question of whether or not Council has the right to spend more than \$45,000 on the project of a water works, under the authority obtained by the vote taken ten years ago, having been raised and discussed with some animation, we publish herewith the notice of the special election and the resolution and ordinance under which the vote was taken:

NOTICE OF SPECIAL ELECTION. Proceedings of a regular meeting of the Town Council of the borough of Shenandoah, held October 20 1881:

Resolved, By the Town Council of the borough of Shenandoah, that the said borough, with the concurrence of the qualified voters thereof, provide, erect and maintain all the works, machinery, engines and apparatus necessary for making, raising, conveying and introducing into the said borough an abundant supply of pure water, for the purpose of furnishing the inhabitants of the said borough with a sufficient supply thereof, for domestic use and to protect the property in said borough from destruction in the case of fire; and that Tuesday, Dec. 13, 1881, be fixed for holding a special election in said borough by the qualified citizens thereof, to determine whether or not the debt of said borough shall be increased for the purposes above stated.

And in accordance with the preceding resolution the Committee on Ordinances reported the following ordinance:

Be it ordained by the Town Council of the borough of Shenandoah, and it is hereby ordained by the authority of the same:

Section 1. That the borough of Shenandoah provide, erect and maintain all the works, machinery, engines and apparatus necessary for the making, raising, conveying and introducing into the said borough an abundant supply of pure water, for the purpose of furnishing the inhabitants of the said borough with a sufficient supply thereof for domestic use and to protect the property therein from destruction by fire.

Section 2. That Tuesday, December 13, 1881, be and is hereby fixed as the day for holding a special election by the qualified citizens of the said borough of Shenandoah for authority to increase the debt of said borough for the purposes above stated.

DANIEL J. WILLIAMS, Chief Burgess.

Attest:—JOHN CARDIN, Sec'y.

The preceding ordinance was laid over until the regular meeting of November 3, 1881, when it was finally adopted, and therefore the following notice is made:

An election will be held by the qualified voters of the borough of Shenandoah on Tuesday, December 13, 1881, at the place hereinafter designated for the purpose of determining whether the debt of the said borough shall or shall not be increased in procuring an abundant supply of pure water by the borough authorities.

It is hereby made known and notice given that the places for holding the aforesaid election in the several wards of this borough are as follows, to wit:

The electors of the First ward of the borough of Shenandoah will hold their election at the house of John Tobin, in the said ward.

The electors of the Second ward will hold their election at the house of J. K. P. Scheiffy, in the said ward.

The electors of the Third ward will hold their election at the house of D. C. Blyler, in the said ward.

The electors of the Fourth ward will hold their election at the house of Samuel Rushworth, in the said ward.

The electors of the Fifth ward will hold their election at the house of Henry Muldoon, in the said ward.

The last assessed valuation of the taxable property of the borough, as per duplicate of county tax is \$1,347,900.

The existing debt of the borough of Shenandoah is as follows at this date:

Bonded or Funded debt.....	\$7,999.00
Orders outstanding.....	355.00
Money unpaid for.....	635.00
Total.....	\$8,989.00

Account of moneys to be applied to liquidation when received:

Amount to be paid by Ed. Burke, tax collector, deducting exemptions and commissions.....	\$5,007.00
Claim against the Thomas Coal Company for hire.....	415.00
Cash in treasury.....	3,700.00
Total.....	\$9,122.00

Deduct the probable amount of resources that can be applied to the liquidation of total indebtedness leaving a balance of \$19,997.81.

A tax of a very small fraction of more than 14 mills on the dollar would liquidate the present net indebtedness of the borough.

A joint committee of citizens and Council

investigated the sources of a better water supply and the probable expense to be incurred in procuring the same, and reported as the result of their investigation:

Water, pure and abundant, can be obtained at the estimated cost of \$45,000.

This amount added to the present indebtedness of the borough would only make 5.8 per cent. on the last assessed valuation of the property in said borough.

By authority of the Town Council. PIERCE WALKER, President. JOHN CARDIN, Secretary. DANIEL J. WILLIAMS, Chief Burgess, November 12, 1881.

Frank Leslie's Illustrated Weekly.

This week's issue of *Frank Leslie's Illustrated Weekly* is replete with beautiful art pictures and illustrations of current events. The principal features are the double-page representation of Alaskan Eskimoes returning with supplies to their winter quarters; illustrations of the famous "Meininger" company, the great German exponents of Shakespeare; sketches of the Pennsylvania Industrial Reformatory at Huntingdon, together with an article descriptive of the operations of that institution; and illustrations of the recent terrible earthquake in Japan and the Brooklyn aqueduct disaster. This issue also contains the second article of the second series on the "Coming Crisis" by Lieutenant Totten. These articles have created great interest throughout the country, and this one will be found interesting to business men as well as to theologians.

Skin Diseases.

What spectacle is more disgusting than that of a man or woman with a skin disease which shows itself in pimples or blotches on hands, arms, face and neck? It is simply impure blood. See what Brandreth's Pills did for a chronic case: George Chapman, Pincenning, Mich., says: "For four years I was in the Mounted Infantry in the U. S. Army, residing during that time principally in Texas. Almost all of that time I had a chronic skin disease, characterized by an eruption over the entire surface of my legs and thighs, arms and chest. The doctors termed it eczema. I had given up all hopes of ever being cured, when Brandreth's Pills were recommended to me. I concluded to try them, and I have thanked God daily since then that I did so. I used them for about three months, and by that time, was completely cured and have never had any trouble since." 12-8-1w

MINE ACCIDENTS.

THREE SERIOUS CASES ADDED TO THE LIST.

MINER AND DRIVER INJURED.

A Driver Falls Under His Wagon and a Miner is Struck Upon the Head by a Piece of Coal.

Samuel Brocius, aged 22 years, and employed as a driver on the dirt bank of the Shenandoah City colliery, met with a serious accident yesterday afternoon. He slipped as he attempted to jump from the dumper and his left leg fell under the wheels. The flesh was torn from the bone, from the heel to the knee, inflicting an ugly and serious injury. The young man was taken to the home of friends on West Oak street, where he is now being cared for.

Holiday goods, cheap. Read Reese's advertisement.

Just Opened.

I. Robbins, the workmen's friend, has opened a new meat and provision market next door to the First National Bank. He will keep it supplied during the winter with the best dressed meats, poultry, butter, eggs, etc., selling at rock bottom prices, or almost one-half less than purchases can be made elsewhere. Mr. Robbins is a producer as well as seller and, dealing direct with the consumer, offers a chance for saving that is not given at any other market in town. The cattle and hogs are raised on corn at his farm in Iowa. They are killed on the farm and shipped direct to Shenandoah in refrigerator cars. John O'Hearn is in charge of the market and all customers receive prompt and polite attention.

Brumm's holiday stock of watches, jewelry and silverware is now the largest and finest in town. An invitation to inspect our goods is extended to all. 12-7-1f

Fall of Top Coal.

John Hitchings, of East Coal street, met with a serious accident at Ellengowan colliery this morning. He had hardly stepped off the cage at the bottom of the shaft when a piece of top coal fell and struck him on the head. Fortunately the coal fell on the side of the head and glanced off, but the man was knocked senseless and removed to his home in that condition. It was at first thought that his skull was fractured, but the attending physician says that no fracture is apparent at present. A gash in the scalp required seven stitches.

Hitchings is a son-in-law of William Brown, inside boss at the shaft of Ellengowan colliery.

Commendable.

All claims not consistent with the high character of Syrup of Figs are purposely avoided by the Cal. Fig Syrup Company. It acts gently on the kidneys, liver and bowels, cleansing the system effectually, but it is not a cure-all and makes no pretensions that every bottle will not substantiate.

SOCIETY NOTES.

Delogs of the Patriotic Order Sons of America.

The following new camps were instituted in this state during the past week: Camp No. 25 (re-chartered) instituted at Harrisburg, Dauphin county, last Friday evening, by District President Joseph W. Bricker, of Steelton; Camp No. 622, Martins' Creek, Northampton county, instituted last Thursday evening by District President W. S. Smith, of Stone Church; Camp No. 623, Parsons, Luzerne county, instituted last night by District President C. E. Strous, of Kingston.

Applications were also received for new camps to be located at Stormstown, Center county, and Hoytville, Tioga county.

Last Monday evening Camp No. 30, of Shamokin, Northumberland county, celebrated the twenty-second anniversary of the camp with a supper in the opera house. National President Clarence F. Huth was the orator of the evening. The camp numbers 325 members and has a financial valuation of \$7,000.

Camp 281, located at South Chester, has added forty-three members to its roll during the last five weeks.

SONS OF AMERICA.

Recorder General F. E. Stees, Commander General J. R. Mast, and Financial General O. B. Wetherhold, instituted a new commandery of the commandery general of Pennsylvania, at Sayre, Bradford Co., on Thanksgiving Day.

An application has been received for a new commandery to be located at Milton, Pa.

A general business meeting of the executive committee of the commandery general was held Dec. 2, at the office of the Recorder General in Philadelphia.

The State Convention meets in Mahanoy City February 22d, next.

The order in the state has started on an upward and prosperous career and will take a place in a short time among the ranks of the best beneficial orders in the state. The insurance feature commends itself to all as a good provision at a nominal cost. Upon the death of a member or a member's wife, an assessment of 10 cents is made on all members in the state, and a funeral benefit of \$250 is paid.

Now Try This.

It will cost you nothing and will surely do you good, if you have a Cough, Cold, or any trouble with Throat, Chest or Lungs.
