New York, Aug. 8.—Private cable advised received in New York report that a flotilla of German torpedo boats has attacked British warships in the Humber, the watering-horn on the east coast of England, sinking four of them.

A number of the attacking German torpedo boats were lost.

The report tallies with yesterday's declaration of the British Admiralty that the first news of the war might be unfavorable.

The date of this engagement is not given.

London, Aug. 8.—13.3 P.M.—A telegram from Rome to the Central News, says semaphores on the nearly coasts of Italy report the German cruisers Guevara and Breslau making for the Adriatic. A request to the Austrian fleet for aid was refused on the ground that there has been no declaration of war between Austria-Hungary and Great Britain.

Indications that both British and French troops are hurrying to the assistance of the Belgians are given in French official dispatches to-day. The extent of the support is kept secret as well as the route taken by the reinforcements.

French cavalry is said to have arrived on the scene at Liège where masses of German troops are reported forcing forward to support the strong advance guard which was checked by the Belgians at Tournai.

Belgium's public notice today that no German aid is forthcoming. The German War Office declares the German check a failure, but the result of an heroic effort on the part of small German forces to advance in face of superior numbers.

French and German troops are said to have come into contact in Luxembourg where several German army corps are supposed to have concentrated.
