Lewisburg, Pa.

FRIDAY MORNING, NOV. 19, 1858.

ADVERTISE!—Manufacturers, Merchants, Mechanics, Public Officers in City and Country, Professional men who wish to buy or sell—would do well to employ the columns of the *Lewisburg Chronicle*, which has a large and increasing circulation in a community containing a large proportion of active, solvent producers, consumers and dealers, as any in the State.

☞ **See New Advertisements.**

☞ **Six more Numbers** will complete another year of LEWISBURG CHRONICLE—Vol. XI. of our connection with it. We are happy and thankful in saying that—notwithstanding the hard times—our list of patrons is the largest it has ever been. Under our low price, advance system, we ask a continuance and extension of patronage, and give this timely notice for all who desire to renew, or to commence with the New Year.

☞ We know of no book likely to prove as interesting during the long winter evenings now approaching, as that advertised in the first column on the first page. We will *give a copy of the book to every one* who will give us at one time $15 for a club of 15 subscribers to our paper. Court Week will be a favorable time to bring or send in from all parts of this and adjoining counties.

☞ Any subscribers or patrons wishing to pay us in articles of Produce of any kind, are urged to do so soon, as it is time to close the cellar doors. We always wish to oblige in this particular, but some may come too late.

☞ A very sudden death is recorded under our Obituary head, today. The aged deceased had been for some weeks in town and vicinity, peddling with a basket, and being very thinly clad, it is supposed caught cold, which caused an ulcer on her lungs; the ulcer broke, and [illegible] She entered Mr. D.'s house a [illegible] before been entertained, but [illegible] to speak, and died in a few moments. Her son was in the neighborhood, and her brother and sister came up from Wrightsville, and assisted at her decent burial. "In the midst of life, we are in death."

☞ A Harrisburg paper notices as a sign of the destitution threatening, that already shivering children are to be seen raking ash heaps for any pieces of unburned coal that might be found. "The poor ye have always with you," but the [illegible] during which even the industrious and economical have not had full employment and good wages, has exposed more than ever to bitter want. The charity of all will be fully tested if we have a hard winter.

☞ Two town boys were this week put in Jail for their profanity, indecent language, and rowdyism in general. Last Friday, a boy named Rogers, not 20 years old, was hung in New York city for murder. All these crimes were the natural fruit of street running at nights. There are boys in Lewisburg on this highway to ruin, night after night. Their careless parents may find their danger—too late!

☞ Yesterday, Daniel D. Guldin, Esq., vacated the big house on the hill, (Court House and Jail)—removed to the house on Market st., late of Dr. A. P. Meylert—and became *Ex* Sheriff. John Crossgrove took his place and his office, and is ready for any business pertaining to his new occupation.

☞ We are indebted to our young friend, Engineer Grier, for three newspapers, two from the Barbadoes, and one from the city of Georgetown, in Demarara county, English Guiana, South America. They are small, poorly printed affairs, but three or four times as expensive as similar papers in U. S.

☞ At the Election for Directors of the Lewisburg Bank, this week, no changes occurred except the substitution of John M. Huff for Robert M. Frick of Milton—Mr. Frick declining on account of his connection with the Milton Savings Bank, as Treasurer.

☞ "GODEY'S LADY'S BOOK" for Dec. is on our table—full of the printed and plate matter, which has given it so much favor with the American world. A new volume commences with January. We will club the "Book" with the "Chronicle" at $3,50 cash in advance.

☞ On Friday night last, the store of D. & F. Schoch, in Selinsgrove, was forced into by burglars, who took $15 00 in money, and blew open the safe with powder. The noise awoke one of the firm, who hastened to the room, and the burglars fled and escaped.

☞ Thanksgiving was observed in town, yesterday, by a sermon in the Lutheran House, from Rev. Mr. Bausman, in the morning—at the Christian house, from Eld. M'Daniel, in the afternoon—and business generally was suspended.

☞ We see a small house going up on the site of the old engine house, Market Square. Messrs. Isaac S. Sterner and Jacob Brown, we are told, want this comfortable place this winter, to sell their marketing in.

☞ *"Kingston Guardian"* is the title of a [illegible] just issued in the pleasant village opposite Wilkes-Barre, by [illegible] Butchen and J. M. Dunn. "Tall oaks from little acorns grow."

☞ The streets on which the gas pipes are being laid from the Gas Factory, in Lewisburg present an animated appearance this week.

☞ The Trial List of Snyder county is reduced to nineteen cases.

Dr. Wm. Elder is engaged to lecture before the Bellefonte Fencibles on the 23d inst.

THE PUZZLER.

FOR THE LEWISBURG CHRONICLE.

O, the Puzzler! the Puzzler!
Too long is your stay,
Warm summer is gone,
And our work is away;
Winter's approaching,
The evenings are long,
We need your assistance
In our circles at home.
So haste to our presence,
We'll unravel you now,
If even it cost us
The sweat of our brow.

East Buffalo, Nov. 3d. FELIX.

THE PUZZLER'S REPLY.

Kind friends! I am here,
I hope you will try
And not let me pass you
Unsatisfied by.
I am here with Enigmas,
Of Problems all kind,
Improving your knowledge,
And strengthening your mind.

☞ "A few words before we begin." We particularly urge all who shall send in communications or answers, to be very careful and see that they are *right* in every word and figure and also *fair*. We have a large number on hand that are incorrect or incomplete in some respect, and we have not time to correct them. There are also some that are not fair. Now both of these classes we shall try to exclude, for they worry investigations, and discredit both our paper and the object.

"Another word." We have heard some complaints that school children neglected their studies, and others their work, to hunt out Enigmas, &c. This will not do. Get all your work done, and your school tasks well performed, and then you can sit down with a light heart and a clear conscience to an agreeable and profitable recreation—Geographical, Arithmetical, Biblical, Historical, or otherwise—as may test your memory, stimulate to investigation, and occupy your minds to better purpose than by talking nonsense or scandal—reading foolish or wicked things—or yawning in indolence, and wasting the golden hours of life. Get your parents and all [illegible] to assist you, and thus keep the family circle unbroken. (By the way, a Dictionary is very often of use in this respect, as well as to assist in reading in general.)

"We have done." A pleasant winter to ye all—puzzlers and the puzzled!—EDS. CHRON.

ARITHMETICAL PROBLEM.

Opened school with eighteen pupils, which was one-third as much again as were present at the close of the month, lacking one-third. How much was the number of pupils increased during the month?

R., East Buffaloe.

☞ It is a most undoubted fact that Dr. SANFORD'S LIVER INVIGORATOR, or Liver Remedy, is one of the greatest discoveries made in medicine the past century. It has been a study of the Dr., during twenty years' practice, to find what particular organ, when diseased, caused the greatest number of ills or pains; and his conclusion is, that the liver is the greatest regulator of the system, and the most liable to disease, which if, kept free from concoction, is a preventative of Dyspepsia, Jaundice, general debility, &c., while, last but far from least, we mention consumption; for our experience is that more cases of consumption occur from diseased liver than from all other causes put together.

Taking this to be a correct hypothesis, we have but to find a remedy which, to correct the liver, and we have a cure of nearly all the diseases we are subject to by simply using a preventative. That the Invigorator is such a remedy, is beyond doubt to all who try it, for its virtues are such that for all complaints arising from liver derangements, it is an unfailing remedy, while as a family medicine, for all diseases of the stomach or bowels, when are caused in a greater or less degree by liver derangement, it is the safest, surest and most efficacious remedy known.

What they say in South Carolina.

ASHEVILLE, S. C., Aug. 21, 1858.

Messrs. FARREL, HERRING & CO., PHILADELPHIA.

Gentlemen—The close attention which our own affairs have required since the fire, has hitherto prevented us from writing you about the safe.

On account of the fire 19th July, by which we suffered a large loss, our store, with a number of other buildings, was consumed. The Safe, of your manufacture, which we had in the store, was exposed to a most intense heat, as is well attested by the efforts on its strong iron frame-work, from its flaked and scaly appearance, looks as though it had been heated for a long time in a furnace. The safe, with heaps of molten glass and kegs of nails, bound iron, &c., fell into the cellar, surrounded by burning materials, and there was suffered to remain until the materials had been removed before the fire reached us; until the 24 of August, 14 days afterwards.

The difficulty in cutting it open with the best tools that could be procured, convinced us of its power to resist the attempts of burglar, and when it was opened, such was the interior, to the astonishment of all, entirely uninjured by fire.

We feel that we fully convinced us of the capabilities of your safes, that we would not part with the one we have in use for a large sum, were we debarred the privilege of getting another. Respectfully yours,

Jan'58. R. H. WARDLAW & SON.

INSTALLATION.—Rev. J. W. E. Ker, late of Baltimore, will be installed as pastor of the Lewisburg Presbyterian church, on Wednesday evening of next week. Revs. Watson, Waller and Simonton are expected to conduct the exercises.

MISSIONARY INSTITUTE AND DISTRICT CONFERENCE.—The Professors, including the Superintendent of the Missionary Institute, will be installed into office in Selinsgrove, Pa., on Wednesday, the 24th of November, inst. After the delivery of the Inaugurals, Rev. Prof. Sprecher, D.D., of Wittenburg College, will deliver the charge to the Superintendent, and Rev. P. Ruth, of New Berlin, Pa., to the Assistant Professor. Rev. M. J. Alleman, of Hanover, Pa., will pronounce an address appertaining to the subject, in the evening.

Additional interest will be given to the occasion by the holding of two Conferences in Selinsgrove during the week of the Inauguration, viz., one of the East Pennsylvania, and the other of the Central Synod.

"A hearty reception and an honest German hospitality," is promised to all visiting brethren.—*Lutheran Observer.*

DR. WITMOR, of Lancaster,
will beat the RIVIERE HOUSE, Lewisburg, Thursday, 2nd inst., to examine and consult with patients on all diseases. Private parlor for Ladies. Consultations free of charge. See his full card in another column.

Dyspepsia is known as one of the most distressing complaints which afflict humanity; and, until the advent of the Oxygenated Bitters, had been considered incurable, or when curable requiring years to accomplish it. The Oxygenated Bitters effect cures in a few days which other medicines take years to alleviate.

Among the many medicines offered to the public, *DuVall's Galvanic Oil* is surpassing all in amount of sales. A greater number of dozens of this medicine have been sold than of any other preparation—and why? Because it is a good article, and is in demand. The sufferer will always have it.

RADWAY'S OINTMENT AND PILLS.—Physicians to the sick.—Each leaf of the pamphlets which envelop the genuine Pills and Ointment, is water marked with the words "Holloway, New York and London." If this trade-mark is not visible on holding the paper between the eye and the light, the article is spurious. We learn from authentic sources, that the ladies of Paris are fast abandoning the perilous cosmetics which choke and drive in eruptive diseases, and adopting this safe, penetrating disinfectant, which expels the principle of irritation from the blood, removes the superficial inflammation without danger, and imparts transparency and bloom to the skin.

The unanimous favor which has attended the introduction of Wheeler & Wilson's Family Sewing Machines, is sufficient evidence of its excellence. It is needless now to say, that this useful instrument is becoming a domestic institution, the fact is recognized by its ownership now in thousands of families in every rank in life. To those who have hitherto refrained from availing themselves of its advantages, it may not be unnecessary, and the object is to make a positive, useful, and a success already produced. The highest testimonials constantly offered, proving the fact, and which has given this instrument so wide and extensive a notoriety.

This Machine is constructed on a principle entirely different, being operative and admirably adapted to the most perfect work on every kind of material, and having been subjected to a three years' test of the most severe character by Families, and in various branches of Manufactures, with distinguished success, it is believed, that in all the great points requisite in a complete and practical Sewing Machine it is not to be approached in excellence.

Among the undoubted advantages it possesses over all others, may be named the following:

1. Its simplicity of construction, and consequent freedom from derangement and need of repairs.
2. Its unsurpassed rapidity and ease of operation.
3. Its firmness in operation.
4. The great variety of purposes to which it can be applied, which can be achieved by no other mechanical means. And,
5. The pre-eminent beauty and permanency of the work.

Persons ordering these celebrated Machines from the Central Agency, have only the freight to pay from Harrisburg, no charge for boxing. An operator will soon visit Lewisburg to show its great beauties and utility. Persons wishing Machines will please address
