mercantile tax which they now pay, and not the brokers' tax.

The building and loan associations of the state will make a vigorous resistance against the passage of the new revenue bill formulated by the state tax conference, which levies a tax of one mill on the capital stock of such corporations. The local associations all over the state are organizing to oppose this feature of the proposed act and the indications are that they will succeed.

TALES OF TWO PITTSSTONS

News of Interest to Readers Up and Down the Valley.

SUBSCRIBING FOR OKLAHOMA

Aldermen and Justices of the Peace Organize in the Interest of Relief for the Higher Courts—Short Items of Interest.

Special to the Scranton Tribune. Pittston, Jan. 20.—At the morning session of the Methodist Episcopal church, on the West Side, Pastor Rev. O. H. McAnulty, in his preliminary remarks, reminded his congregation of the great amount of suffering and distress that is being inflicted upon the people of the Oklahoma Territory.

ANGELIQUE RAVEL DYING.

She is the Only Survivor of the Once Famous Family of Pantomimists.

New York, Jan. 20.—Mrs. Angelique Ravel, the only survivor of the famous Ravel family of pantomimists, is lying at the point of death at the home of her son-in-law, Manager M. W. Hanley, of Harrison's theater, at No. 454 West Thirty-fourth street.

Mrs. Ravel, who was 82 years old last Sunday, first came to this country nearly fifty years ago and appeared in pantomimes like "The Night Owl," "The Magic Trumpet," "Vol au Vent" and "The Green Monster" at Niblo's garden, with her four brothers—Gabriel, Gerome, Antoine and Francois. Her husband, M. Eugene Fontenay, was the musical director of the company, of which Blondin, the rope walker, was a member. Pantomime was a new form of dramatic entertainment in this country at that time, and the Ravels became great favorites. They paid several visits here afterward, and two of the brothers made a tour of America as late as 1868. The brothers all died in Toulouse, France, their native town.

DESANDO'S VICTIM DIES.

Richard Lloyd Expires from Stab Wounds—Griffiths is Dying.

Pottsville, Pa., Jan. 20.—Richard Lloyd, who was stabbed in the abdomen at Minersville on Wednesday night by Anthony Desando, died of his injuries last night, and David Griffiths, who was also stabbed by Desando, is in a dying condition. A post mortem examination was made of Lloyd's body and then it was taken to his home in Williamstown.

SOLD FOUR CHICKENS.

The Cause of the Murder of a Miser's Wife.

Chillicothe, O., Jan. 20.—Last evening James O'Brien, aged 60, a boiler maker, shot at his wife, fatally injuring her, and then shot and mortally wounded himself.

AVOCA.

The curling game between the Pittston, Avoca, Inkerman and Wilkes-Barre Curling clubs, which was arranged for Saturday, was postponed, owing to the quantity of frozen snow on the ice which could not be gotten off in time.

COMPULSORY EDUCATION PROSPECTS.

The house committee on education will take up consideration at its meeting on Tuesday, the two compulsory education bills. The general impression is that both will be brought out of committee in order that they may be printed for the information of the members and then re-committed.

charcoal furnace in the world, had the biggest month's output in its history during December. It produced 3,556 gross tons, in spite of the fact that one day's product was lost owing to an accident to the hoist.

The Wheeler-Steering Steel company, of Pittsburg, has received an order from the United States government for 13-inch projectiles, which will require six months steady running of the plant. The company will soon begin to erect a mill to cost \$150,000, to furnish the steel used in the projectiles.

The blast furnace owners of the country evidently expect 1895 to be a much better business year than was its immediate predecessor. Many furnaces that have not made a ton of pig iron for over a year are preparing to resume operations. This is particularly true of the South, in some sections of which pig iron can now be made cheaper than in any other part of our country.

The Bureau of anthracite coal statistics has completed its compilation of the production of coal in 1894. The total output was 41,391,199 tons, as against 43,536,536 tons the preceding year. In 1892 and 1893 the total production was 40,822,000 and 40,448,325 tons, the latter being the first year in which the forty million ton mark was passed. The December output materially exceeded the amount agreed upon, as will be seen by the following statement:

STOCKS AND BONDS.

New York, Jan. 19.—There was very little to the stock market today outside of Chicago Gas and Union Pacific. The ten-year bond of Chicago Gas started off strongly, rising to 75, but subsiding there was a recession to 74. Union Pacific was heavy and fell from 11 1/2 to 11. The lowest since August last. The selling was due to a belief that the assessment on the stock would be at least 30 and perhaps 35 per cent. The railway list and industrial anywhere from 1/4 to 1 per cent. Chicago and Union Pacific, 1/2 c. St. Paul, 1/4 c. Louisville and Nashville, Manhattan, Sugar and Jersey Central, 1/2 c. The greatest losers, speculation closed barely steady. Net changes show declines of 1/4 to 1 per cent. Union Pacific lost 1/2. Total sales were 55,000 shares.
